Directing that a despatch be sent to the Secretary of State for India stating that S. Sangudayan has been selected for the — tenable in England by natives of India which has been placed this year at the disposal of the University of Madras.

READ—the following paper :—

Letter—from F. DEWSBURY, Esq., B.A., LL.B., Registrar, University of Madras.
To—the Secretary to Government, Home (Education) Department.
Dated—the 14th May 1917.
No.—3365.

I have the honour, by direction, to state for the information of His Excellency the Governor in Council that, on the report of the Syndicate, the Vice-Chancellor has selected Mr. S. Sangudayan for the Government of India scholarship placed this year at the disposal of this University.

2. Mr. Sangudayan is a non-Brahman Vellala and belongs to the Gownder community of Coimbatore which is said to be backward in respect of education. He is 23 years old. He was born in Nanjai Uttukuli, Erode taluk, Coimbatore district. His father Mr. A. Sangottaya Gownder is the village munsif of Kangayampalayam, Erode taluk. A certificate of nationality by Mr. R. Venkataraman, B.A., B.L., First-grade Pleader, is enclosed herewith.

3. Mr. Sangudayan, after completing his secondary school-leaving certificate course, was admitted into the Presidency College in July 1912 for a University course of study. He passed the Intermediate Examination in Arts, 1914, taking Optional Group I—Mathematics, Physics and Chemistry, and was placed in the first class, ranking tenth in the Presidency and obtaining distinction in all the subjects—English, Mathematics, Physics and Chemistry. After passing the Intermediate Examination, he continued in the same college for the B.A. (Honours) course in Branch (i)—Mathematics, and passed the examination held in March last in the first class securing the first place in the Presidency. He will be the recipient of the 'Stuart Prize,' the only University prize awardable to Honours students in Mathematics.

4. In his application for the scholarship Mr. Sangudayan states that he proposes to join the Cambridge University and study for the Mathematical Tripos.

5. His father being a village munsif, it is presumed that he is possessed of sufficient private means to enable him to supplement his son's scholarship in England if necessary and also to forward to the Secretary for Indian students in London the sum of £25 for Mr. Sangudayan's initial outfit expenses as required by the recent rulings of the Government of India. The scholar will, however, be requested to obtain and furnish a written statement to that effect from his father. The written consent of Mr. Sangudayan's father permitting him to proceed to England for the prosecution of his further studies is enclosed.

6. A descriptive roll of the scholar in the form prescribed in G.O. No. 535, Educational, dated 11th August 1906, is enclosed.

7. The scholar has produced a medical certificate signed by a registered medical practitioner that he is in sound physical health and is fit to go to England. The Surgeon-General will, however, be requested to arrange for a further examination of the scholar by a Medical Board at an early date in accordance with G.O. No. 288, Educational, dated 14th May 1909.

8. The attention of the scholar will be directed to the general and special rules for the Government of India scholars in the United Kingdom attached to the resolution of the Government of India, No. 399, dated 1st May 1916; and he will be requested to furnish a written statement of his willingness to abide by the rules.

9. If the Government approves of Mr. Sangudayan's selection, I have to request that arrangements may be made with the Accountant-General to provide the scholar with a second-class passage to England.
