A circular ink stamp from the Government of Madras, Electrical Department. The outer ring contains the text "GOVERNMENT OF MADRAS" at the top and "ELECTRICAL DEPARTMENT." at the bottom, separated by small stars. In the center of the stamp, the date "7 JUL 1918" is stamped.

[Enclosure]

A sketch of Mannargudy Town with reference for the present site under correspondence.

The humble petition of Agrabaram Mirasdars and others most respectfully sheweth:--

1. That the petitioners are proprietors of land situated in block No.65. Town Survey No.4551 in the Asesham Vattam.

2. That the petitioners have received a notice from the Firka Revenue Inspector stating that the said lands are required for the Findlay College Playground.

3. That the above lands had been in their possession for the last so many years and have now passed to the barbers as --
Maniyam from them.

4. If the said lands are acquired for the Missionaries several difficulties of a religious nature will arise. The barbers say they will not serve them. They have on previous occasions declined to do their work on occasions of marriage etc. whenever the Mirasdars attempted to oust them from their enjoyment, thus causing much inconvenience to them.

5. By acquiring the land for the College, the College may gain but the public will be put to much inconvenience and the mirasdars (proprietary) to great hardship. Besides the present dwelling places are overcrowded and unfit for habitation for want of pure air and good water. They have therefore arranged with the full consent of the Mirasdars and the barbers to use them as House Sites by exchanging with them common lands elsewhere.

7. That good house sites are not available in the town

The humble petition of S. Rajagopala Aiyangar, most respectfully sheweth:--

1. That he is the owner of the lands in Block No. 65, Town Survey No. 4551 in the Asesham vattam.
2. That he has received a notice from the firka Revenue Inspector stating that the lands are acquired for the Findlay College playground.
3. That he has purchased these lands bit by bit from small-holders after great difficulty with the main object of using them as Building sites. *for charitable purposes.*
4. That he will sustain great loss on account of the cultivation done in them if acquired.
5. That he is managing a Vedic Patasala and that he means using the lands for constructing a Vedic School with quarters for the teachers and the Cook.--a charitable institution.
6. Besides his present dwelling place is overcrowded and unfit for habitation for want of pure air and good drinking water. The soil is here damp and Doctors say that it is a source of -- disease.
7. That in the lands under reference there is everywhere pure water, the soil is sandy and dry and the site open and airy.
8. That considering these advantages several mirasdars have bought lands to the south of these and are arranging to build houses on them.
9. That having got the Municipal sanction, he has secured the materials for constructing a Bungalow and a school on them and has even raised it to the basement.
10. That he has planted several useful trees, cocoanuts, --- mangoes etc., to give the necessary background to the buildings.
11. That there are many vacant sites much cheaper than these a little towards the south.

13. That no other suitable building sites are available to the petitioner, in the vicinity

and not to acquire them for the College. S. H. Osburn

1. We have received a notice from you stating that the above Survey field measuring about $1\frac{1}{2}$ acres is required for the formation of a play-ground for the Christian school at Mannargudi.

2. The site we now occupy is over-crowded and contains only saltish water and is not quite healthy. Hence we bought the site in question with a view to build about 10 houses thereon and have gathered the necessary materials also.

3. Other house-sites^s with fresh water^{are} ~~is~~ not procurable near the town. House sites in the Agraharam would cost Rs.30/- per running foot and even then we could get^{only} sites with salt water. We could not get anywhere near the town sites so convenient and healthy as the one under reference.

4. The Government are bound to procure house sites for us and it is not therefore kind on their part to take away our house sites compulsorily from us and use them in other ways.

5. The proposal to buy the lands in question for a play ground for the Local Hindu Secondary school was given up by its Secretaries as they understood the difficulties that were on the way of procuring suitable sites for the extension of the town.

6. There are other sites equally convenient, much cheaper and not prejudicial to the interests of the public, and to the town Extension scheme which may be acquired for the play-ground in question. The sites which the students now use as

The Tahsildar of

The petition of the owners of Town Survey No. 4551 of -
Asesham vattam in the Mannargudi Taluk,

1. We have received a notice from you that the above -
land is required for a play-ground for the Mission College.

2. The land in question has been in our possession for a
long time and has been left by us as a maniam to the barbers.

3. If the land is compulsorily taken up, we will be put
into many inconveniences, besides the barbers, we are afraid, -
will strike work. They have done so on similar occasions when
the mirasdars tried to disturb their possession of the lands.

4. No doubt, the missionaries will be benefitted by the
acquisition, but the acquisition will, in many ways, be preju-
dicial to the interests of the villagers.

5. The house-sites we now occupy, are over-crowded and
are void of good water and fresh air. Hence we are arranging
with the barbers to give ^{them} as maniams other lands belonging to us
and to remove our houses to the lands referred to supra which
are now in the enjoyment of the barbers.

6. As there is much difficulty in securing good house-
sites as stated above, some others have recently bought the
cocoanut tope to the North of Vennankulam tank and to the
south of the site in question and arrangements are being made
to build some 20 houses thereon.

7. There are many other sites to the south of the one
now proposed which are suitable for the playground for the -
Mission college. These sites are procurable at cheaper rates
and will not have any of the objections stated above.

8. It is not legal on the part of Government to concern
themselves with the provision of a play-ground for the Findlay
College and to compulsorily acquire the land under the Land

17 Coll Dept

Land Acquisition Act.

9. Provision of a play-ground for the College cannot be preferred to the public convenience.

10. We therefore request that, in consideration of the facts that the land is barber maniam, that its acquisition is likely to cause religious disputes, (c) that the land is better suited for town extension purposes, (d) that the Land Acquisition Act does not provide for the acquisition in question, and (e) that the site is best suited for house-site purposes, the site may not be acquired from us compulsorily.

Sir,

1023ante

With reference to Government Memorandum No. 2475-1 Educational, dated 31st July 1916, I have the honour to state that, out of the three survey numbers, viz. 4532, 4551 and 4556 originally proposed for the play ground and for which draft declaration was already submitted, the acquisition of T.S.Nos. 4532 and 4551 alone is objected to and that there is no objection to the acquisition of T.S.No. 4556. It is therefore proposed to take up another site consisting of T.S.Nos. 4556 and the survey numbers lying west of it, viz. 4548, 4547, 4546, 4543 and 454. As there is no access to this block from the public road the Municipality will be requested to hand over the shallow pond in T.S.No. 4552, which adjoins the road, to

6MP

25
the College authorities to be filled up by them gradually. The small portion of T.S.No. 4551 lying between T.S.Nos. 4552 and 4556 will also be required. Fifty of the Brahmin owners of - T.S.No. 4551 and eleven of the barbers interested in the land who set up the objection to the acquisition of this survey number were examined and they are willing to part with this portion of T.S.No. 4551. - It is also proposed to take up T.S.No. 4553/1 so as to make the block a compact one.

2. The site thus formed measures an extent of 9.83 acres and will make an excellent play ground. Without losing any of the advantages of the block originally proposed it gives a more compact block. The College authorities have approved of this site.

3. A sketch showing the site originally proposed and the one now selected with the particulars required in the Government Memorandum is enclosed. *p26 infra*

4. I am asking the Divisional Officer, Mannargudi, to submit the necessary acquisition statements in respect of the survey numbers now selected and I shall submit them for approval and publication in the Fort Saint George Gazette as soon as they are received from the Divisional Officer.

SUBJECT. Acquisition of land required for a ground for the Hindlay college, Mannargur.

From the Collr of Sanjore no 740, dated the 2 June 1916.

Register No. 2475 Coll.

For the principles governing the application of the Land Acquisition Act to obtain lands for private educational institutions please see G. O. no 599 Coll, dated the 27th June 1913. In the present case all the owners of the land which it is proposed to acquire are unwilling to part with the land. Their chief objections are (1) that the land is required for house building purposes, (2) that it is repugnant to religious feelings to leave in the hands of Christian Missionaries a piece of land adjoining a Mutt, and (3) that a portion of the land is to be used for charitable purposes. These objections do not seem to have been adequately met by the Collr. The Collr has not

objection on the part of the owners is available. Submitted that the Colls may first be asked to report on this point. From sketch submitted by the Colls it is not clear whether the site in question is the suitable one. The Colls may be asked to submit a revised sketch drawn to show showing the college premises, the land which it is proposed to acquire and the properties adjoining it.

2. With reference to the Secretary's remarks about rule 4553/2, it is submitted that there are no general orders prohibiting the acquisition of lands belonging to local bodies under the Land Acquisition Act. There appear, however, to have been a few ^(individual) cases in which the Govt. declined to put the Land Acq. Act into operation and directed the local body concerned to transfer the land to the party requiring it. The papers are not easily traceable here.

3. For cases in which lands belonging to local bodies were definitely decided to be acquired under the Land Acquisition Act, please

- (E) see G.O. No. 80 Mdy the 18-1-07 and G.O. No.
- (P) 2223 Mdy the 16.12-11. It is for consideration whether following these orders the title now under reference may be acquired, especially with a view to give the college authorities an indefeasible title to the property and to avoid all future complications.

It has first to be decided whether the land in question should be acquired under the Act before the draft can issue as it will have to be altered if the price claimed is to be excluded from acquisition. There seems to be no uniform course with regard

The original records of them are in Madras

to the acquisition of lands ~~by~~ of local bodies. In the case at (E) a distinction is made between land vesting in the local body under the Act & land acquired by the local body at its own cost. It is chief in respect of latter cases, the Acquisition Act is applied.

To Secy.

Please see this Dept. note on pp. 10-11 ante and the Tanjore Collr's letter on p. 34 c.f. In the circumstances now explained by the Collr., viz., that the price of land in question was originally acquired at the cost of the Mannargudi Municipality, ~~there seems to be no objection to acquiring the land under the Land Acq. Act and paying compensation to the Municipality for the land~~ ^{the Municipality must be paid}

2. The question now raised by Home (Edm.) is whether it is necessary to put

the Land acquisition Act into operation for acquiring land vesting in the Municipal Council.

In the two cases quoted in the Home (Edn.) Dept. note — E.P. G.O. No. 80 M D 18.1.07 and M 2223 M. D 16.12.1911 — the Act was applied both for lands which were the absolute property of the Municipality (i.e. lands acquired from municipal funds) and for lands granted by Govt. to the Municipality free of charge for purposes of town improvement. The compensation in the latter case consisting only of the cost of any improvement of, or building on, the land subsequent to the alienation. This course was stated to be necessary in order to secure an indefeasible title. It has also been recently decided to acquire under the Act a building and its site now in the occupation of the Cuddalore Municipality and used as quarters for its sub-station Surgeon which is required for a Branch of the

File under separate
disposal.

Bank of Madras. As in the present case the municipal land is but one small item among the several plots to be acquired, as acquisition under the Act will save some delay and trouble to the College and as there is precedent, acquisition under the Act may, it is subd., be commended.

3. The question as to whether the Act should be applied for acquiring lands from ~~a public body~~ ~~association~~ municipality or local fund board has cropped up in some recent cases; and it seems desirable to examine it as a general question. This examination will be made separately.

21.5.17. As in this case the land in question was acquired for the Mun. & had never belonged to Govt. I think the acquisition may proceed. - The whole question of the application of the L. A. Act to land in the occupation of local boards will be taken up separately in Revue. No. 23 577
