The Hon'ble Mr. A. Suryanarayana Rao Pantulu.

75 Q.—(a) Is it not a fact that market price of cement has considerably risen since ~~for~~ the commencement of the war? Starting of the cement industry at Vizagapatam and Berwada.

(b) Will the Government be pleased to state whether the Industrial Department has, either at their own initiative or at the initiative of private parties, started any enquiries to investigate into the possibilities of developing cement industry in this Presidency?

(c) Is it ~~not~~ a fact that the construction of a harbour has been sanctioned at Vizagapatam and large quantities of cement would be required for the construction of that harbour?

(d) Will the Government be pleased to take steps to enquire into the possibilities and encourage the starting of cement industries at Vizagapatam and Berwada?

[Meeting of the 22nd May 1917]

Home (Education) Department.

Clause (a) of the question.

Please see the 'memorandum on cement' prepared by the Government of India and Madras Chamber of Commerce's 'Price Current and Market Report' of the 27th April 1917 (placed below). It will be seen therefrom that the price of cement in Madras has considerably risen ^{since the outbreak of} ~~after~~ the war.

2. Clauses (b) and (d) of the question. - Please see Mr. Innes' note dated the 31st March 1917. The P.W. D. have just furnished a copy of the correspondence with one Mr. H.W. Anderson on the subject of the manufacture of cement required for the Kistna Reservoir Project and this has to be forwarded to Mr. Innes. On receipt of ^{the} ~~this~~ report, he will probably begin to ^{make} ~~regular~~ enquiry.

3. The following draft answer is submitted:-

(a) Yes.

(b) and (d). The question is engaging the attention of the Department of Industries.

4. ^{Public} ~~Ministry~~ (Marine) may be asked to furnish ^{an} ~~an~~ answer to clause (c).

Dr.

In reply to (C) I would suggest:

The construction of a harbour at Vijayapattinam is to be undertaken when circumstances permit. This point has at present no information as to the form which the harbour will assume. It is probable that large quantities of cement will be required for the purpose.
