Sir,

In their order No. 344 Educational dated 29th March

1916 Government sanctioned the employment with effect from 1st April 1916 of the two additional teachers one on Rs.75/ per mensem and the other on Rs.20 per mensem plus a local compensatory allowance of Rs.4, per mensem, in the Government Training School, Bellary, in view to imparting instruction both in Canarese and in Telugu in almost all the important subjects besides separate model and criticism -- lessons.

From the report of the Inspector of European and Training Schools on the last inspection of the school I noticed that notwithstanding the employment of the above additional staff the Canarese and Telugu students had been taken together in Botany, Science, Geography and

on

on enquiry I have been informed by the Inspector of European and Training Schools that it has not been found possible with the two additional teachers to divide the classes in all the subjects with reference to the languages of the students and that the want of accommodation has added to the difficulty. On receipt of the above information I asked the circle Inspector to visit the school and to report as to its requirements and he concurs with the Inspector of European and Training Schools in the view that the present staff is Training Section.

inadequate to work the Telugu and Canarese sections separately which are respectively 86 and 38 strong, and that to train teachers in both the languages it is necessary that every subject should be taught in the two languages except, Drawing, Black Board Work and observation.

Both The Inspector of European and Training Schools and the Inspector of Schools, III Circle, therefore recommend the employment of another Canarese L.T., and a secondary/Canarese teacher.

In the circumstances set forth above I consider the further addition to the staff proposed by the inspecting officers to be necessary in view to improving the efficiency of the training -- given in the institution and I have the honour accordingly to request that Government will be pleased to sanction for a period of one year from the 2nd July 1917 the employment of two more teachers one on Rs.60/- per mensem so as to secure the services of a Canarese L.T., and another on Rs.39/- per mensem to secure the services of a secondary trained teacher, the question of their permanent retention being decided on the experience gained for a year under the revised arrangements.

2. The extra charge during the current year will amount to Rs.720 and I beg to suggest that it may be met from savings in the allotment under "Training Schools for master Salaries" in the current years budget.

3. I beg further to add that the Public Works Department being addressed in regard to the provision of the additional -- accommodation required.

SUBJECT.

Employment of two additional teachers on R, 60 + 30 in the Govt Training School, Bellary.

In the circumstances explained by the D.P.I. the proposal to employ two more teachers in the Govt Training School, Bellary, may, it is submitted, be accepted.

2. Last year the D.P.I. stated that for an d.T. teacher, a pay of Rs 75 should be given. For the temporary d.T. teacher he now proposes a pay of Rs 60 per mensem. This may be approved. As regards the other teachers, ^(The Director) proposes a pay of Rs 30 per mensem. It appears that both the new teachers are for the training section. As the lowest pay in this section is Rs 30 the scale proposed for the secondary trained teacher may also be accepted. A draft order

Please see Chief Secretary's (Hon. Mr. B. K. K. K.) note on p. 2 of the notes to the L.O. 344 Edl D 29.3.16 in which he expressed doubts as to whether the 2 additional teachers asked for by the D. P. I in 1916 in order to enable the Bellary Training School to be split up into 2 separate sections for Kannare and Telugu students would suffice; and he thought that this might be a prelude for the D. P. I asking for a complete staff of Kannare men. With reference to the assurance given by the D. P. I that the proposed additions would enable all classes to be conducted, that they would be utilized to the best

APG's note on p. 3 of this note to the 8 of 1917

best advantage, the additional teachers were sanctioned by Govt.

2. The present letter of the D.P.I. shows that either the D.P.I.'s note of 29.2.16 was a clear underestimate of the actual requirement or, ~~that~~ ^{he} is attempting to use the sanction accorded by Govt. last year as a basis for the further expenditure that is now proposed. Home Dept. consider that the expenditure is imperative. There is nothing, however, in the D.P.I.'s letter to show that the proposed expenditure is a matter of immediate necessity. It is for orders whether the D.P.I. may not be referred to the opinions expressed by him last year in his note of 29.2.16 and asked to explain why he has so soon found it necessary to modify the opinions on which the proposals of last year were based.

3. Please see portion underlined with blue chalk ^{CF} on p. 2, and para 3 of the D.P.I.'s letter. Additional accommodation has first to be provided before classes can be split up; and it is doubtful whether the P.H.D. will be able to put up

put up the necessary additional buildings by the 1st July. It is therefore for orders whether information should also be obtained as to how the D. P. I. proposes to meet by the 2nd July the accommodation difficulty which is stated by him to partly stand in the way of all the classes mentioned in para 1. (except Drawing, Black board work and observation) being divided into two sections.

Experience has evidently shown that the requirements of the case were understated last year, and I don't think I need dwell on. As regards the question of whether it is a matter of immediate and imperative necessity I think additional teachers must be sanctioned if the staff is inadequate. It would be false economy to have a training school and then to under staff it. I would therefore accept the proposal.

I would not doubt about this. As the school is at least 1000 ft. from the position.

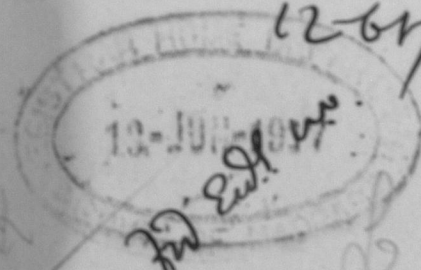

I agree there is no doubt that the early provision of large numbers of trained teachers is urgently necessary.
