ated by the Taluk Board towards the charges, the annual qualification. As it will be very difficult to provide services of an L.T. for the Headmaster's place on the proposed by the Taluk Board, a scale of Rs.80-4/2-100 seems necessary and it is also desirable to put the pay of the First and Fourth Assistants and of the Gymnastic Instructor and Drawing Master combined on incremental scales. The following therefore is suggested for adoption:-

	Rs.	80	-	4	-	100	Average cost	Rs.
Headmaster		80	-	4	-	100		92
I Assistant	40	-	2	-	50			46
II "	30	-	1	-	35			33
III "	25	-	1	-	30			28
IV "	25	-	1	-	30			28
Gymnastic Instructor								
& Drawing Master combined	20	-	1	-	25			23
Peon	6							6
Total average cost								256

(A clerk on Rs.20 does not appear necessary for an Incomplete Secondary School)

The charges under 'salaries and establishment' therefore to Rs. 3072 per annum; while the annual expenditure on apparatus and appliances and contingencies

the appointment of a menial on Rs.3 as proposed by the Board is Rs.196. The total annual recurring cost will, therefore amount to Rs.3268 resulting in a deficit of Rs.1738. The portion that will have to be borne by Government will be Rs.1738 or Rs.869 a year.

4. I should think that Forms I and Classes III and IV may alone be opened during the current year but having regard to the fact that the Taluk Board is anxious to have a full Incomplete Secondary School with Form III as the highest from the beginning of the next school year and that, otherwise, the present Higher Elementary School will have to be continued a few more years. I recommend that the Board may be permitted to open the school in July and employ the full staff as detailed in paragraph 3 of my letter. The budget estimate the Taluk Board for 1917-18 includes on account of the proposed Secondary School, Rs.1200 under receipts and Rs.2110 under charges. (Please vide statement iv of the Budget estimate of the Salem District Board for 1917-18). The estimate under charges would have to be modified as follows:-

	Rs.
Salaries (for 8 months) 8 x Rs.226	1808
Contingencies etc.	40
	1848

Since the Mosur public are reported to have agreed to subscribe Rs.800 towards the cost of the initial equipment of the School, the Board will require from Government during the current year a contribution of Rs. (Rs.1848-Rs.1200) or Rs.324 towards the maintenance of the school and Rs.2000 on account of repairs and improvements to the existing buildings. It may be noted, however, in this connection that no reference has been made to the capital expenditure on buildings in the letter of the President, District Board. The above cost of Rs.2324 may be met from the savings in the current year's allotment under "subsidies- Board Secondary Schools" and for next and successive years, the

necessary

	Headmaster	Assistant	II	III	IV	Gymnastic Instructor & Drawing Master combined	Peon
Rs.80	40	30	25	25	25	25	8
Average cost	40	30	25	25	25	25	8
Total average cost	160	120	100	100	100	100	64

(A clerk on Rs.20 does not appear necessary for an Incomplete Secondary School.)
The charges under 'salaries and establishment' therefore to Rs.3072 per annum; while the annual rate on apparatus and appliances and contingencies

necessary provision will be made in the budget towards meeting half the ^{net} cost of the School.

5. As regards the elementary school I would suggest that Standards III and IV as proposed by the Board appear unnecessary since the Secondary School is to contain Classes III and IV and that therefore Standards Infant to II alone be retained with a staff of three teachers. The annual cost of the School may be estimated at:-

Salaries	Rs.
(3 teachers: Rs. 15, 12, 12)	408 per annum
Contingencies	60
Capitation allowance	75
	603

8000
2000

the appointment of a teacher on Rs. 15 as proposed by the Board. The total annual recurring cost will, therefore, amount to Rs. 524 consisting in a deficit of Rs. 178. The portion that will have to be borne by Government will be Rs. 178 or Rs. 359 a year.

4. I should think that Forms I and Classes III and IV alone be opened during the current year but having regard to the fact that the main board is anxious to have a full complete secondary school with Form III as the highest form the beginning of the next school year and that, accordingly, the present higher elementary school will have to be continued a few more years. I recommend that the staff may be per- to open the school in July and employ the full staff as detailed in paragraph 5 of my letter. The budget estimates the main board for 1917-18 includes an amount of Rs. 178 for secondary school, Rs. 1200 under Form III and Rs. 210 under Form II. (Please vide statement IV of the Budget estimates the main board for 1917-18). The estimate under charges would have to be modified as follows:-

Rs.	
1808	Salaries (for 8 months) 8 x Rs. 225
40	Contingencies etc.
1848	

Since the main board is reported to have agreed to appropriate Rs. 800 towards the cost of the initial equipment of the school, the board will receive from Government during the current year a contribution of Rs. 1848 (Rs. 1200 + Rs. 648) towards the maintenance of the school and Rs. 200 towards the repairs and improvements to the existing building. It may be noted, however, in this connection that no reference has been made to the capital expenditure on buildings in the letter of the President, District Board. The above cost of Rs. 1848 may be met from the savings in the current year's allocation under "subsidies" and the next year's allocation under "subsidies" and the next year's allocation under "subsidies".

Please see para. 4 of the Director's letter. The total amount of subsidy required in the current year is Rs. 2,324 - Rs. 324 for the main and Rs. 2,000 for repairs and improvements to the building. The former will be included in the general distribution of the subsidies in due course.

page 342 of budget notes

The latter which may be immediately required may be met from the ^{lump} provision of Rs. 5,000 for buildings for municipal secondary schools under "22 E - Education Govt. Schools, General". The Director may be asked to state whether there is any objection to this procedure. It may be noted that of this provision of Rs. 5,000 a sum of Rs. 2,450 has already been sanctioned towards the additional cost of the Hindu elementary school at Palni - page 22 of papers in fo. no 601, dated the 2nd May 1917.
