Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 27th March 1917.

No.—Ref. on C. 365.

I have the honour to submit herewith the plans bearing Nos. 205-A and 205-B with estimates amounting to Rs. 70,000 for the construction of a building for the Raja's high school, Rāmnād, and to recommend that a grant not exceeding one-half of the estimated cost may be sanctioned, to be paid when funds become available.

2. The necessity for the proposed building is explained in page 5 of the enclosed application.

ENCLOSURE.

Application for aid towards the cost of constructing a school-house for the Raja's high school, Rāmnād.

Character of and necessity for the proposed work in detail.—The present building, a rented one, is hardly sufficient for the school purposes. Successive annual inspection reports have been reviewing this as a serious drawback. To obviate this advantage, it is now proposed to construct this building. Owing to the dearth of materials, it was found impracticable to have the estimate framed on a lower scale. The foundation stone for the proposed building was laid by His Excellency Lord Pentland, the Governor of Madras, on 25th February 1914.

Note by the Chief Engineer, Public Works Department, No. 297-D, dated 7th July 1917.

2. (a) The plans and estimates have been scrutinized in the Chief Engineer's office and the following alterations given effect to :—

(2) Altering, where necessary, the sizes of girders and floor and roof timbers.

(3) Re-arranging the stairs as shown on the flap attached to D.P.I. No. 205-B as there would not be sufficient headway if the proposal as submitted be adopted.

To obviate this advantage it is now proposed to construct this building. Owing to the dearth of materials, it was found impracticable to have the estimate framed on a lower scale. The foundation stone for the proposed building was laid by His Excellency, Lord Pentland, the Governor of Madras on 25th February 1914.

Particulars for five years to be furnished.

Inspecting officer's remarks about accommodation from his inspection reports for the two previous years.

1915-1916. The accommodation was never suited to the requirements of a modern education of any kind, but since the school became a complete High School, the provision of a new accommodation becomes a crying necessity. The Manager has set apart a site for the new building, and I trust that a start will be made on the work of construction before next inspection.

1916-1917. Accommodation as at last inspection. But the Inspector of Schools has made the following remarks on the general impression of the School.

" The School continues to improve. It is terribly hampered by existing accommodation. The building of the new school is being delayed, I understand, on account of the cessation of Government Grants "

Director's review of such remarks.

DECLARATION with regard to encumbrance, alienation and the conditions of recognition and aid.—“ On behalf of the management of the school, I hereby declare that the property is unencumbered and that it will not be alienated or encumbered without the consent of Government within ^{forty} ~~twenty~~ years and that the conditions of recognition and aid laid down in the Madras Educational Rules and in the Grant-in-aid Code are being, and will continue to be, fully observed, excepting those rules from which the institution has been specially exempted by the Director's Proceedings, No. , dated , and that I am prepared to subject the institution together with its current, endowment and trust accounts, its establishment, time-table and registers to inspection and to furnish such returns as may be required by the department; and that I shall abide by the provisions of rule 55 of the Grant-in-aid Code in the event of the building being diverted, prior to the lapse of ^{forty} ~~twenty~~ years after the date of payment of grant, to other than educational purposes approved by Government.”
