Mrs. G. S. Raman requests in his letter read above, that he may be ^{presumably} ~~permanently~~ ^{evidently} exempted from the lower subordinate test of the College of Engineering. His qualifications are that he has undergone a two years' training in the lower subordinate class of the Mysore Engineering School and that he has passed certain Govt. Technical Examinations noted in the letter. In G.O. No. 416 Edl. D. 11.4.14, Govt. have declined to recognize the sub-overs' test of the Mysore Engineering School as equivalent to the ^{Memo} lower subordinate test. ~~Attention is drawn~~

The Principal, College of Engineering ^{has also stated - vide his note} on pages 3-4 of Memo. No. 1013C & 8.2.17 - ~~the Principal~~ ^{has stated} that, taking the examination standard "as the criterion, the holder of Technical" "certificates cannot by a long way be" "regarded as the equal of the passed L.S. student" and

for some time past and the policy ~~now~~ followed is to refuse permanent exemptions from the lower-subordinate test to men, who ^{have} passed the technical tests. It seems, therefore, that the request of the applicant should be negative.

The application is addressed to the Secy to Govt, P.W.D. As orders of Govt. have to be passed in the case, the file may be transferred to the Home (Edh) dept. rd for issue of orders.

The put up papers have to be removed before the file is passed into the Dept.

For the past six months or more all similar application for exemption have been refused because Mr. James, the Principal of the College, pointed out that the technical examinations that most of the men pass are not equivalent to the L.S. test & also that men who had passed the L.S. test were finding difficulty in getting employment owing possibly to a number of empanelled men being exemplified. The present applicant appears to have passed

Some of the most difficult Technical examination & has also undergone a training in the Mysore Engineering College & it is quite likely he would be able to carry out the duties of a man of this class quite satisfactorily. But at the same time the objections to granting ~~him~~ exemption referred to ~~apply~~ above, apply to his case as much as to others who have recently been refused exemption & there does not appear to be sufficient grounds for making an exception.
