No. Rec 643

Station M a d r a s., Dated the 6th August 1917

From (Name) C.A. Innes, Esqr., I.C.S.,

(Designation) Director of Industries, Madras.

To The Secretary to the Government of Madras,

HOME (E d u c a t i o n) Department.

Sir,

I have the honour to submit herewith an application for
building grant received from the Correspondent, St. Mary's
Industrial School, Kumbaconam.

2. This is one of the industrial schools that have been
newly recognized during the current year. The Correspondent
applies for a building grant amounting to two-thirds of the
estimated cost of the work, and states that, as the income of
the school from Mission Funds has been curtailed by the war, he
is quite unable to contribute one half of the cost as is laid
down in Chapter VIII of the Grant-in-Aid Code.

3. The school was inspected by Mr. Pyfe, who is of opinion
that 'it is an excellent and well directed attempt at Industr-
'ial education, but hampered greatly on account of lack of

✓
'space'. He states that it is under the management of a well educated European Superintendent and supports the application.

4. The estimate amounts to Rs. 11,770, and I recommend that, as a special case, a building grant of Rs. 7,847/- may be sanctioned.

5. As there are a number of building schemes in progress it is not possible to say at present whether the expenditure can be met from the allotment sanctioned for building grants in the current year's budget. It is doubtful also whether the building, if sanctioned, will be completed before the close of the current official year. If however the grant becomes payable during the current year the expenditure could, if necessary, be met from the probable savings under the head "Imperial Grants" sanctioned in the current year's budget.

I have the honour to be,

Sir,

Your most obedient servant,

L. P. Cullen
For Director of Industries.

APPENDIX M.

CHAPTER VIII, RULE 52.

Application for aid towards the cost of a new school Building

for St. Mary's Industrial School, Kumbakonam
School _____ at Kumbakonam in the District
College _____ of Tanjore

Number and date of the Proceedings or memorandum recognizing the school under the Madras Educational Rules.

D. No. 24, dated 14th April 1917

Brief history of the institution from the date of its establishment to the date of application tracing its growth and development and furnishing among other things an accurate account of its financial condition.

The St. Mary's Industrial School Kumbakonam was started at the end of 1914. The ground was purchased in August 1914 and the erection of the buildings began at once, with funds partly supplied by the Kumbakonam R.C. Mission, partly by private charity from Belgium and northern France. The total cost of the ground amounted to about R' 8000/0/0. R' 14600/0/0 were spent in the acquisition of Machinery, tools, and the erection of the present buildings.

History of the Institution—cont:

The strength of the school:

NOTE.—If there be any striking variations in the strength as shown above such variations should be accounted for.

Character of and necessity for the proposed work in detail.

The old accommodation was quite (unsafe and) insufficient, even for the actual strength of the school, as stated in the Inspector's last report, and it is impossible to admit more pupils on that account.

Moreover a drawing class had to be started.

The polishing and finishing of furniture and retan work is done in the show room.

(1) The roofing being of coconut leaves, which catch fire very easily.

R. Bickel
Correspondent

(i) Is a sketch plan of the proposed site and building attached?

(ii) Does it show

(a) The relation of the proposed building or extension to the existing buildings?

(b) Any alteration in existing buildings necessitated by it?

(c) The purpose to which the existing buildings are now put?

(d) The purpose to which they will be put when the new building or extension is complete?

NOTE.—Any notes that cannot be conveniently inserted in the plan may be given under each of the above headings.

(a) Probable cost of the proposed work.

R^o 11770/0/0

(b) Whether the management has the necessary funds to complete the work in the event of the application being favourably considered.

Yes, provided that two thirds of the total cost be granted by Government.

(c) Whether the managing body has been registered under the Indian Companies Act of 1882 and if so, whether attested copies of the Memorandum of Association and the Articles of Association are submitted.

(d) If the aid sought for is towards the cost of site, declaration that it is the cheapest suitable site.

(e) Declaration that the management is prepared to execute the prescribed deed if required by the Director to do so.

The Management is prepared to execute the prescribed deed if required by the Director to do so.

(f) If the property is not owned by the correspondent, declaration that the owner or his or her legal representative will execute the deed or will be made a party to the deed.

(g) In the case of mission institutions the name and address in full of the person who holds a power-of-attorney on behalf of the mission to execute the prescribed deed.

The Right Rev A. Chapuis, D.D. Bishop of Kumbakonam

(h) Name, designation and qualification of the person by whom detailed plans and estimates and specifications will be prepared.

M. C. K. Ramachandra Iyer Esq.
Retired Gen Engineer of Madras

(i) Whether the title to the property is clear and in order and by whom the title deeds were examined.

Yes. It was examined by M. C. R. Sathyanarayana Iyengar High Court Vakil, in 1914.

(j) The latest date on which the management wishes to (i) begin the work and (ii) complete the work.

(i) 1st September 1917 (ii) 25th February 1918.

(k) Is the declaration with regard to encumbrance, alienation and the conditions of recognition and aid attached?

Yes.

- (l) Amount of building grants drawn by the institution in previous years with the number and date of the sanction and the purposes for which given. (Particulars should be given for 20 years.)

N.C.

- (m) If the aid sought is towards the construction of a hostel, declaration that the hostel will be managed according to rules approved by the Director of Public Instruction

- (n) The treasury at which the grant if sanctioned is to be payable.

The Kumbakonam Treasury.

- (o) The annual expenditure incurred in the upkeep of the institution and how much of it is met from—

15
10
Copy of letter from the Manager, St. Mary's Industrial School,
Kumbakonam dated 7th September 1917 to the Director of Industries, Madras.

I have the honour to submit for your approval a new plan in duplicate showing the place of the intended new building for St. Mary's Industrial School, Kumbakonam.

In the first plan sent to your office, the new building had to be erected partly on the ground on which stands the actual thatched shed. In the new plan it is proposed to erect the building in continuation of the old shed, 1st to prevent the closing of the school during the construction and 2nd to maintain the existing foundations and pillars which though not sufficiently strong to support the intended new superstructure will be found useful afterwards, for a godown covered with corrugated iron, or for some other purpose.

G.H.

8014 c 2 19.12.17

The Director of Industries submits 3 plans and a detailed estimate amounting to Rs.11,770 for a grant-in-aid towards the cost of constructing a building for the St. Mary's Industrial School at Kumbakonam.

II. The plans and the estimate have been scrutinized in the Chief Engineer's office and the sizes of the roof timbers altered where necessary. The masonry pillars supporting the truss have been enlarged from 1'-0" x 1'-6" to 2'-0" x 2'-7". It is observed that the area of 4 doors (each 5'-0" x 7'-6") as contained in the estimate is 250 Sft. which has been altered to 150 Sft, the latter being the correct figure.

By these alterations the estimate is reduced from Rs.11,770 to Rs.11,500.

III. The details of the queen post truss should be as shown on flap ~~III~~ dated 25-9-1917 prepared in the Chief Engineer's office.

~~IV. A hall 120' 0" x 40' 0" appears to be too large for the number of students to be accommodated.~~

IV. The nature and the positions of the machinery are not shown on the plan. The thickness of walls will have to be increased from 1'-1 1/2" to 1'-6" if brackets and shafting have to be fixed.

17

VE. In the report accompanying the estimate it is stated that the existing School building consists of a detached shed and no information is given about the nature of other buildings. It is however recommended that a consolidation of improvement in a general account and situated in the Ministry's shed may be removed from its present position and constructed at about the same eastern boundary. The space between the existing School shed and the proposed building should be increased from 5'-0" to 20'-0".

VI. The depth of foundations as provided in the plan and estimate is 8'-6". From the information contained in the report accompanying the estimate it is considered that this depth can be reduced by about 2 feet. The Superintending Engineer should however satisfy himself as to the suitability of the foundations.

VIII. With these remarks, the plans and estimates as altered in the Chief Engineer's office, the latter amounting to Rs.11,500 are recommended for approval.

Hon'ble Secy, Dep't

The estimate is altered by the Chief Engineer amounts to Rs 11,500. Under article 54 of the Grant-in-aid Code it is usual to pay only a grant not exceeding half the sum. But in the circumstances explained in paras 2-4 of page 1-2 C.F. the Officer-in-Charge of the Dept of Industries recommends that, as a special case, a grant of Rs 7,847 ($= \frac{2}{3}$ of Rs 11,770 the estimate as prepared by the Correspondent) may be paid to the School authorities. If this ^{grant concession is to be given} ~~concession is to be given~~ the grant may be fixed at $\frac{2}{3}$ of Rs 11,500 or ~~Rs 7,667~~ Rs 7,667. For cases where building grants in excess of the usual half grant were sanctioned please see G.O. No. 395 of 14.4.15, 805 of 5.7.17 and 1236 of 28.9.17.

Subject to orders a draft is submitted. If approved, it may be sent to Finance for acceptance.
