[Despatch Abstract.]

Building grant.

Recording papers connected with the question whether
----- is admissible for hostels not attached to any school or college
raised by Mr. P. Parthasarathi Nayudu who is interested in a hostel for
members of the Kamma caste in Madras.

M. P. Parthasaradur Naidu told me yesterday that a Hostel for members of the ^{in Madras} Kamma caste ⁱⁿ which he is interested has had no grant in aid because it is not attached to any School or College & he said that Hostels not attached to some School or College get no grant. I sh^d be glad to know whether the last statement is correct.

Submitted that the statement at A is correct.

Under art. 4 (1) (2) of the Grant-in-aid Code hostels or boarding houses for which a grant is asked for ^(for students) should be attached to educational institutions.

This rule was strictly followed in the cases disposed

(E) of the 24.6.09. No later G.O.'s in which the question was raised and discussed ^{are} traceable.

(C), (F) 845 Ed of 23.12.08 and G.O. No. 1046 Ed of 7.9.14. The first three G.O.'s quoted here relate to the Y. W. C. A. hostels.

hostels about which Sir George Forbes remarked that they could not be cited as precedents as they were quite exceptional and strictly in violation

of the rules, as he read them. The last G.O. relate to the Boddam Muslim hostel, Georgetown, in whose case the question that it was not attached to any particular educational institution was not specifically considered apparently because the Govt of India desired the maintenance of hostels for Muhammadans under private management. Please also compare G.O. No. 448 Ed 8, 15.5.13.

Grant, under the grant in aid Code to hostels ~~under~~ unattached to institutions are not strictly admissible. Still Provincial grants may be given outside the Code to such institution with special sanction, e.g. the Victoria Student's Hostel at Chepauk, the Y.W.C.A. hostel & the Boddam muslim hostel. We do not know whether a formal application was made on behalf of the Kaumma hostel. None was received by Govt. We may ask the D.P.I. whether

he received & disposed of any. It is unlikely that the D.P.I. would have declined consideration of any such application. Under existing conditions the provision of hostel accommodation is being largely encouraged; and the D.P.I. is in favour of assisting well managed private hostels for students of educational institutions. He has recently recommended the grant of a half grant towards the construction of a new building for the Rama Krishna Students' Home, Mysapore, the plans & estimates relating to which are under scrutiny in the P.W.D.

he may first ask the D.P.I. to note on the matter referred to by H.M.

Payment of grants to such private hostels is a means of bringing them under the control and inspection of educational officers, without which there will be no guarantee that the work is proceeding on right lines. It is desirable ^{therefore} that such hostels should

(D) + (E)

be brought under control.

In view of the present policy as regards hostels, the original decision to discourage separate hostels for special classes or castes would seem to need alteration. In allowing the Koddam muslim hostel, this has been practically done, though it was not specifically declared so. Even in the case of Colleges & schools, there are separate hostels for various classes. If private hostels are to be encouraged the fact that they are intended for particular classes need not, it is sub^d, operate against their being aided. Provided the Ed. Departt is satisfied of their ^{improved} management, private hostels for bonafide students of ~~Colleges~~ recognised Colleges & schools may be encouraged especially in view of the paucity of hostel accommodation & of the policy of Govt. in the matter.

The general rule is as stated above viz that the hostel should be attached to an educational institution.

NOTES.

There have been exceptions but there have been ruled that these should not be same as precedents.

2 However in a city like Madras with its numerous and various institutions each application may be considered on merits. The chief criterion would be whether we can get a proper governing body which can be trusted to supervise properly.

3 I do not agree with the Registrar in his remarks on sectarian institutions. If a hostel consists of one sect only, especially when not attached to an educational institution, the members do not in the first place secure all the liberalising influences of cosmopolitan instruction but are also in very great danger of having their minds poisoned by wrong view of any one wielding special influence over the caste. One great precaution would be the mingling of castes & creeds except at prayers and meals.

Dear Sir,

When you called upon me at the beginning of this month you mentioned that you were interested in a Hostel for members of the Kamma class and you said that you had been unable to obtain any grant in aid because that Hostel was not connected with any particular institution. I have made some inquiries on the subject and shall be glad if you can inform me whether any application for aid to the Hostel was in fact made to the Director of Public Instruction and if so when and also whether the application was for a building or a grant for maintenance.

Yours truly,

M.R.N. P. Parthasarathi Nayudu Maru,

Pernambore, 25th January 1917.

Sir,

Your kind letter of the 21st instant was duly received and I feel extremely thankful to you for the kind interest you are evincing on our behalf. I beg to state that no application was made to the Director of Public Instruction in the matter but the information I had that no grant will be given for hostels not attached to schools was only from private source.

On the receipt of your letter I went and enquired in the Office of the Director of the Public Instruction and the Deputy Director informed me that only building and rental grants would be given and not maintenance grant and he also said that he would send me the necessary application forms for applying for the grant. As a rental grant for which only we are eligible at present would not go a far way to help us, I request that the Government would kindly see their way to help us in other ways in consideration of the backward nature of our class.

After applying for the grant I shall see you in person and explain to you matters further.

Yours truly,
