Letter No. Pol.532/Enc.2 dated 10th December 1917 from
24th
the Secretary to Government, Departments of Education
and Agriculture to the First Assistant to the Hon'ble the
Resident in Mysore.

In inviting reference to correspondence ending with
your letter No.6764 dated the 18th September 1914 conveying
sanction of the Government of India to the continuance of
Mr. Chatterton's services in the Mysore State till the 1st
January 1918 and to the subsequent correspondence ending with
your letter No. 669 dated 26th January 1917 regarding the
arrangements, placing him in charge of the Sandalwood Oil
Factories in the State, while employed under the Government
of India in connection with Indian Industries' Commission
and the Munitions' Board, I am directed to state as follows:-

The Government of His Highness the Maharaja have recently
sanctioned the starting of a factory at Mysore for the dis-
tillation of sandalwood oil and have decided to distil oil
from the entire output of sandalwood in the State in future.
They are therefore desirous of having the benefit of Mr.
Chatterton's services for a further period of five years so as
to be able to deal with all the problems that may arise and
place the industry on a firm basis, as Mr. Chatterton possesses
considerable technical knowledge and experience both as regards
the manufacture of the oil and the commercial arrangements to be
made for its sale.

2. Mr. Chatterton has intimated that he will be able to
retire from British service from the 26th July 1918 and has
expressed his willingness to serve thereafter as a wholetime
servant of the Mysore Government. After preliminary negotia-
tions with Mr. Chatterton, the Durbar have decided to employ
him on the terms embodied in the accompanying draft agreement.

I am to request that the Hon'ble the Resident may be kind enough to obtain the sanction of the Government of India for the employment of Mr. Chatterton in the State on the terms in the agreement.

3. The Government of His Highness the Maharaja would be greatly obliged if the terms of Mr. Chatterton's reengagement as per agreement could be given effect to from the date on which his present engagement terminates, i.e., from the 2nd January 1918. It is understood that Mr. Chatterton's services are likely to be required for the Industrial Commission till about 31st March next and that he cannot retire from the British service till the 26th July 1918.

4. So long as Mr. Chatterton's services are required on the Industrial Commission the Government of India may continue to pay him Rs.3000/- the Durbar contributing Rs.1500/- as at present together with whatever additional sums Mr. Chatterton may be entitled to under the terms of the agreement from the 2nd January 1918.

Should any other reasonable arrangement be suggested by the Government of India for the period intervening between the 2nd January and the date of retirement of Mr. Chatterton from the British service, the Durbar will have no objection to accept the same.

5. As Mr. Chatterton's terms expires on the 2nd January 1918 I am to request that pending final decision regarding the terms of Mr. Chatterton's further employment he may be permitted to continue his connection with the existing sandalwood oil factories under the arrangements already in force.

6. The Government of His Highness the Maharaja need hardly add that as the sandalwood oil industry, which before the war was mostly in the hands of the Germans has been newly -----

See G.O. no. 1132 of 2.10.14 Mr Chatterjee's deputation to the Mysore State was with the approval of the Govt of India extended up to 2nd Jan. 1918. Further extensions of the period of deputation do not require the sanction of the Govt of India provided no change is made in the conditions of his employment which would otherwise require their sanction - Vide (6) para 2 on page 3 of G.O. 556 Political of 20.10.14. It is not known whether any such changes are contemplated by the Durbar. In any case this Govt need not object to the ^{further} retention of Mr Chatterjee's services pending receipt of formal application therefor.

Home (Education) Department.

(C. No 75 A) From the Hon'ble the Resident in Mysore,
No. 197, dated the 9th January 1918.

The Mysore Darbar desire to retain the services of Mr. Chatterton for a further period of five years as Director of the Sandalwood oil factories in the State. The terms mutually agreed upon are set out in the draft agreement on pages 6 to 12 of c.f.

The existing and the revised terms now proposed are shown below:-

Existing terms. (50 882 V)
27-7-14

Revised terms

Pay-

Rs 2,500 per mensem plus exchange compensation allowance subject to a maximum of Rs.138 -14- 3.

Easement-

A State motor car to be placed at Mr. Chatterton's disposal.

Travelling allowance-

As per articles 999 (1) (h), 1011, 1034 and 1063, Civil Service Regulations.

Contribution towards pension & leave.

The Darbar to meet the usual contribution.

(Period of Engagement. Five years from 1st January 1918. Mr. Chatterton should arrange with the Govt. of India to retire from the British service on and from the 26th July 1918.

(Salary- A fixed monthly salary of Rs.2,500 per mensem. In addition a further remuneration of 3 per cent per annum on the net profits earned in the distillation of sandalwood oil.

(Travelling allowance- A consolidated allowance of Rs 200 a month in lieu of travelling allowance for all journeys within the State. For journeys outside the State, double first class railway fare and a daily allowance of Rs 10.

3. Attention is solicited to notes to G.O.No. 882-883, Educational, dated the 27th July 1914, which set out the various facts connected with the loan of Mr. Chatterton's services in the Mysore Darbar. It will be seen from the notes to G.O No. 2295, Revenue dated the 7th October 1916, that this Government do not expect or desire Mr Chatterton's reversion to British

service and are prepared to make other arrangements for the charge of the Department of Industries. Mr. Innes is now successfully managing the department and the Govt. of India are about to be addressed in regard to the temporary creation in the I.C.S cadre of a post of Collector, third grade, to be held by the officer in charge of the Department of Industries. No objection need therefore be taken to the proposal of the Mysore Darbar to retain Mr. Chatterton's services for a further period.

4 As regards the proposal of the Mysore Darbar that Mr. Chatterton should arrange with the Govt. of India to retire from the British service with effect from the 26th July 1918, attention is solicited to the Accountant-General's letter No. 53, dated the 7th September 1916, printed in G.O. No. 2295, Revenue, dated the 7th October 1916. Mr. Chatterton attains the age of 55 years ^{only} in 1921, but he will be eligible for a retiring pension on the 7th August 1918, and not on the 26th July 1918 as ~~stated~~ ^{assumed} by the Darbar. The A.G. has pointed out that Mr. Chatterton's retirement voluntarily from the British service on pension, while remaining in the service of the Native State, is not permissible under article 759 of the C.S.R. The circumstances of the present case are however special and it appears desirable that Mr. Chatterton should be allowed to retire from the service as soon as he completes thirty years' service, as his retirement would facilitate ^{the} making of other permanent arrangements for the charge of the Department of Industries. The Government of India may therefore be requested to permit Mr. Chatterton, as a special case, to retire from the British service with effect from the 7th August 1918 and ^{also} to continue in the employ of the Mysore Darbar.

5 The sanction of the Government of India is ~~necess~~

22

necessary to the grant of the other concessions proposed in the draft agreement. A draft letter to that Govt. is submitted for approval.

The contrib. pension & leave contribution have to be continued to be paid till Mr. Chelluram returns & should this not be stipulated for?

23.1.18

For the A.S. Subd that pension & leave contribution should continue to be paid. As the Mysore Durbar are prepared to abide by any reasonable arrangement for the period intervening between the 2nd January 1918

Para 4 on p 44

and the date on which Mr Chatterton may be allowed to retire from the British Service, it was presumed that the existing arrangement regarding contribution towards leave allowances and pension would continue during this period there being no reason why this should be discontinued. Submitted that the attention of Home (Education) may be drawn to this so that this point may be specifically stated in the draft.

The revised terms ~~from~~ under the agreement. Take effect from the 1st January 1918, that is prior to Mr. Chatterton's retirement. ~~He should I think~~ ~~pending retirement~~. His pay, pension contribution etc should I think continue to be regulated by the Foreign Service rules till he actually retires, and the Service rules should then apply. Home Dept may be requested to consider this point.

C. 25.1.18

Yes, please. I think also that the passage marked A in para 3 of the draft had better be made more general in terms pending settlement of the exact terms of the recommendation to be made about the pay of the Secy of Industries, a matter now under examination in Fin^l with reference

C.I.E.

Mr. A. Chatterton to the Mysore Darbar

2. In the letter quoted above the Govt. of India sanctioned the ~~continuation~~^{employment} of Mr. Chatterton under the Mysore Darbar for a further period of three years with effect from the 2nd January 1915. This sanction^{ultimus} expired on the 2nd instant. The Mysore Darbar now desire to retain Mr. Chatterton's services for a further period of five years as Director of Sandalwood oil factories in the State on the terms set out in the enclosed draft agreement. Briefly the terms ~~are~~^{are:-}

Period of engagement.— Five years from 1st January 1918. Mr. Chatterton should arrange with the Govt. of India to retire from the British service on and from the 26th July 1918.

Salary.— A fixed monthly salary of Rs 2,500 per mensem. In addition a remuneration of 3 per cent per annum on the net profits earned in the distillation of sandalwood oil.

Travelling allowance.— A consolidated allowance of Rs 200 a month in lieu of travelling allowances for all journeys within the State. For journeys outside the State, double first class railway fare and a daily allowance of Rs.10/-

The Mysore Darbar ~~also~~ agree to continue the present contribution of Rs. 1,500 per mensem ^{for the period} so long as Mr. Chatterton's services are required on the Industrial Commission. The Darbar also state that

they are prepared to abide by any other reasonable arrangement that may be suggested by the Govt. of India for the period intervening between the 2nd January 1918 and the date on which Mr. Chatterton may be allowed to retire from the British service.

3. The Governor in Council has no objection to the retention by the Mysore Darbar of Mr. Chatterton's services for a further period. The Department of Industries in this Presidency is now in charge of an officer of the I C S. The arrangement has ^{so far} worked satisfactorily, and the Govt of India in the Department of Education are being separately addressed in regard to the creation in the Indian Civil Service cadre of a temporary post of Collector, third grade, to be held by the officer in charge of the Department of Industries.

4. Mr. Chatterton will complete thirty years' service on the 7th August next and he will be eligible for a full retiring pension on that date. He however attains the age of 55 years only in October 1921. Article 759 of the C S R. provides that an officer lent on foreign service conditions to a Native State will not be allowed to retire voluntarily from the British service on pension while remaining in that of the Native State. The circumstances of the present case are however special and the Governor in

Council

the spirit of the rule will not be violated by according permission
Council considers that ~~permission may be~~
~~accorded~~ to Mr. Chatterton to retire from
British service ~~and~~ ^{in August next} continue in the employ
of the Mysore Darbar ~~without violating the~~
~~spirit of the rule.~~ The other terms ~~may~~

set out in the draft agreement ~~also~~ appear to be
suitable and may in the opinion of this Govt.

be sanctioned. *It may be expressly stipulated that
the Mysore Darbar should continue to contribute towards Mr Chatterton's
pension and leave allowances till he retires from the British service*
5. I am accordingly to solicit the sanction

of the Government of India to the continued
employment of Mr. A. Chatterton under the
Mysore Darbar till the 7th August 1918 on the terms proposed or on any other terms
that may be found suitable and
to the grant of permission to him to retire
from the British service with effect from that
date.

6. A copy of the letter addressed
to this Government by the Hon'ble the Resi-
dent in Mysore and its enclosures ~~is~~ enclosed.
