(J) Clause (a). — The Subsidiary tables appended to the annual reports on public instruction contain information as to the various kinds of secondary schools ^{in the several dists} ~~and~~ in these years. The Additional Member may be referred to them and left to collect ^{therefrom} the information required by him.

(G) Clause (b). — The Govt. did not address the local bodies. Apparently the D.P.D. with reference to the instructions in para. of Do no 265 B-2 of 20.8.17 (p. 14 of notes to go no 1210 of 19.9.17) has issued a circular to Inspectors of Schools to submit proposals in consultation with local bodies - para I - p. 2 of go no 43 B 15-1-18.

(P) Clause (c). It is not known whether the Director is in possession of the replies of each local body or whether he has received only ^{consolidated} reports from the Inspectors of Schools after consultation with local bodies. Even if the reports of each local body and the local Educational officers are available with him, it does not seem ^{desirable} to publish them as they are likely to contain ~~or~~ remarks on the various localities proposed and their publication lead to ^{unwarranted} criticisms from the public. Proposals have not yet come up to Govt.

Clause (d). The Govt. have not taken any steps as suggested. It is presumed

both the local bodies and the local Educational authorities have examined this point. It is not likely that new schools under the management of local bodies will be opened in centres where private effort may be expected to supply the need.

2. It is submitted that the file may be sent to the D.D. 2 for remarks. He may be requested to suggest a suitable answer to the question.
