R.C. No. 1949/854/17

Station Madras , Dated the 11/1 January 1918

From (Name) P.L. Moore, Esquire, C.I.E., I.C.S.,

(Designation) Inspector-General of Police.

To The Secretary to the Government of Madras,
Home (Judicial) Department.

Sir,

I have the honour to forward herewith a copy of letter R.O.C.No. 2042/Govt./17, dated the 18th November 1917, from the Superintendent of Police, Kurnool, and to request that Government will be pleased to sanction a grant of Rs.25/- per mensem for a period of 2 years to the 4 oldest boys in the Donga Woddar School at Siddhapuram to enable them to get industrial training at the Normal and Training Institute, Kolar Town of which the Reverend W.H. Hollister is the Principal.

2. These boys have been taught all that could be taught in the Siddhapuram School and it is necessary that they should be put through a course of industrial training as soon as possible. Reverend Hollister is willing to

take them as boarders provided a monthly fee of Rs.4/- is paid. The grant asked for will cover the fee and incidental charges. The period of training will be for about 2 years. The boys have given their consent in writing and their guardians have no objection. The Deputy Inspector-General of Police, Railways, and C.I.D. agrees to the proposal.

3. The expenditure during the current year if any can be met from savings in the allotment under "20. H - Police - Miscellaneous - Settlement at Siddhapuram, Kurnool district." I request that necessary provision may be made in the Budget estimate for 1918-1919 under the head.

I have the honour to be,
Sir,
Your most obedient servant,

J. S. W. Hillman
for Insp.-Genl. of Police.

Copy of letter R.O.C. No. 2042/Genl. of 17, dated the 18th November 1917, from F.S.S. George Esquire, Superintendent of Police, Kurnool district, to the Inspector-General of Police, Madras, through the Deputy Inspector-General of Police, Railways and C.I.D., Madras, and the Deputy Inspector-General of Police, Central Range, Vellore, and the District Magistrate, Kurnool.

In forwarding herewith copy of Mr. Hollister's letter of the 9th ultimo with the statements in original of the four oldest boys in the school at the Siddapur settlement, I have the honour to request sanction to send them out.

2. As I have said before we have practically taught these lads all we can from a scholastic point of view and it is necessary now that they should be moved from their surroundings and given some industrial training such as it is apparent Mr. Hollister can.

3. I have already suggested an increase in the recurring charges of the settlement to meet the boys' expenses, but there is no need to wait till this is sanctioned as I may probably be able to find what is needed by some adjustment.

4. The parents and guardians have no objection and in the interest of the boys themselves it is most necessary that they should be moved at once.

5. Requesting the favour of early orders.

(ii)

Copy of letter dated the 9th October 1917, from Rev. W.H. Hollister, Principal, Normal & Training Institute,

Kolar Town, South India, to F.S.S. George Esquire, Superintendent of Police, Kurnool district.

On return after a ten days' absence from Kolar I find your favour No. 2042/Gl. of 17, dated 17th September 1917, awaiting me.

It will afford me pleasure to co-operate with you in any way I can in educating the boys of your settlement. Experience, covering nearly 30 years in India, enables me to understand fully the desirability and even necessity of a pledge to not seek their conversion. This I would give and hold most sacred. We have however no hostel for Hindu boys and no facilities for boarding boys except with our Christian boys. I do not think it would be good for such boys to make plans that would differentiate them in any way from the rest. This would make it desirable, and to me seemingly necessary, for them to go with the rest of the boys to Church and Sunday School and to respectfully be quiet while grace is said before meals.

In the Industrial School it is our custom to have a teacher read a few verses of Scripture and offer a short prayer while all who wish to join in repeating the Lords Prayer. Hindu and Muhammadan students have never made any objection to this. It is a part of the hours of employment paid for. If the boys come in as boarders we will charge a monthly fee of Rs. 4/- each. Each boy should be supplied with a wool blanket or kambli and suitable clothing.

If you care to make arrangements for the boys to board outside with people of their own caste and send them as day scholars I will pay them Rs. 2/- to 3/- monthly according to their skill and willingness to work.

Should you wish to send any one here to see our arrangements for boarding the boys and the Industrial School we will afford every facility for so doing.

The total cost involved in the proposal is Rs 600 for the period of two years. The rate per boy comes to Rs 6-4-0 per annum of which Rs 4 will be paid as boarding fees & the balance will meet other incidental charges. The monthly fee of Rs 4 proposed for boarding is the same as is sanctioned to the Salwahi boys for the boarding of each child in the Perambur School (now at Bangalore) - vide G.O. no. 865 dated 26th April 1914. The boys as well as their parents have consented to the arrangement.

If the proposal is sanctioned, the draft below may, if approved, issue with the concurrence of financial.

[We need not object to the proposals at p. 4
21-1-18 C.F. which are disciplinary in character and need not be regarded as any attempt to proselytize. In all missionary schools the Hindu boys listen to the morning prayers before work is started.]

5.

The Rev. Mr. Horvath wants the boys to go to church Sunday school. Church may be a purely devotional exercise but Sunday school is certainly instructional in nature. The boys are not object (not in principle to them) but I'm not so sure about others.

His alternative is for the boys to be boarded out - paid 2/6 to 3/6 a day at the school. But the boys are doing well & it will be easy to get people to put them up.

Mr. Horvath is evidently quite aware of the difficulty & we may trust him to meet it as sanely as possible. This is a pity that the boys should be deprived of the advantages of living in because of the cost of their clothes as are out to make mouths.

The proposal may be accepted.

Pp 1-4 of C.F. set out the provision in this file which is to sanction expenditure of Rs 25 p.m. for a period of 2 years in order to enable in the Criminal Settlement School at Suddajuram to get industrial training at the Normal and Technical Institute, Kolar Town, under the supervision of Theodore W.H. Hollister. Attention is drawn to Gov. No. 1001 Home (Edn) dated 1 August 1917 where, in the case of a boy who wished to complete his education in the Secondary School at Harpanah, the Govt. sanctioned, as a special measure, the grant of a scholarship of Rs 25 for the period of one year; and expenditure was treated as pertaining to criminal settlement but as educational charge and debited to 22-H. Education. Sch.

The present case is submitted, for similar treatment, as the expenditure was proposed for ordinary education, but account of "industrial training".

(* after consulting the
D.F.I.)

it is for order whether the Home (edu) dept should not first be asked to consider, in consultation with the dept of Industries, the propriety of awarding to the four students now in question some scholarships out of the allotment placed at the disposal of the dept of Industries for such expenditure in Industrial schols. If the ordinary ^{Industrial} scholarships cannot be made available for the 4 students now in question, Special scholarships such as that sanctioned in the G.O. of 1st August 1917 will apparently have to be given, the charge being debited to 26. B.w. Scientific & his depts. - Mis. allancas - Scholarships etc in Industrial & Technical schols. The remarks of the Home Edu dept may, it is submitted, be invited w.o. on this suggestion.

Home Dept, Sept 10

The Financial Dept suggests that the Officer in Charge of the Dept of Industries may be consulted ^{as to} whether the four students in question ^{can be} awarded some of the Scholarships available for pupils in industrial schools. There are now 199 Scholarships of the monthly value of Rupees ranging from Rs 1.8.0 to Rs 9 awarded to pupils in recognised industrial schools. It is not known whether the Normal Training Institute, Kolar, where it is proposed to send the pupils, ^{for industrial training} is a recognised industrial school. It is also doubtful whether the pupils will be able to satisfy the conditions of award enumerated on pages 43-44 of Part I B of the Fort St. George Gazette of 22.1.18. Mr. Sures may therefore be requested a.o. to state whether he would award to the four boys, if necessary, as a special case, Scholarships of the aggregate value of Rs 25 p.m. for two years and debiting the charges to 26 B.M. Scientific & mechanical dept.

Mr. Sures (u.s.)

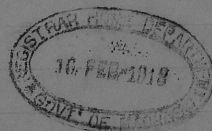

I have not the
 logical idea what
 sort of "industrial
 training" (which phrase
 may mean anything) is
 proposed to give the
 boys. In this case I doubt
 whether I can grant them
 scholarships as a special
 case. But since I am
 satisfied that this proposal
 is all right, I have no
 objection to this extreme scheme
 involved being charged to
 my scholarship fund

Mr. Jones is not in favour of
 granting scholarships (as a special case) to the boys in

 perhaps

perhaps reconsider their decision in the light of Mr James' remarks on p. 6 ante. If however it is considered that the ^{proposal} ~~proposal~~ ~~proposal~~ may be accepted a para may be added to the draft already in the file to the effect "that the charges will be ~~and~~ debited to 26 B.
