ABSTRACT.—Sanctioning the distribution among certain district boards and municipal councils of a subsidy of Rs. 82,787 towards the construction of elementary school buildings.

G.O. No. 843, Home (Education), dated 23rd June 1917.

ABSTRACT.—Sanctioning the distribution among the Coimbatore District Board and certain municipal councils of a subsidy of Rs. 17,085 towards the construction, etc., of elementary school buildings.

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 13th February 1918.

No.—Ref. on Cur. 1362/17.

In the current year's budget provision under "22-G. Education—Grant-in-Aid" savings to the extent of Rs. 68,867 as shown in the accompanying reappropriation statement are anticipated. There is also a small balance of Rs. 128 in the allotment of building for elementary schools under the management of local bodies making up a total of Rs. 68,995. I propose to utilize this unspent balance on the extension of existing buildings and construction of new buildings for elementary schools under local boards and municipal councils. As will be seen from my letter to Government R.C. No. 1362, dated 22nd March 1917, read in G.O. No. 709, Home (Education), dated 29th May 1917, against a total of Rs. 3,09,762 applied for by local bodies as subsidies for the above purpose, subventions to the extent of only Rs. 99,872 have been sanctioned—vide also G.O. No. 843, Home (Education), dated 23rd June 1917, as with the limited funds at the disposal of Government the demands could not be complied with in full. Since then, fresh applications have been received; but for the reason stated above they have been held over. Thus the demand for new buildings and extension of existing buildings is increasing with the expansion of education and in view of the fact that the allotment of Re. 1 lakh provided under this head for the ensuing year will not be at all sufficient to meet the entire demand, I beg to propose to Government the distribution of the savings amounting to Rs. 68,995 in the manner indicated in the appended statement. In distributing the available balance I have taken care to see that such of the local bodies as have worked out building programmes or have buildings standing in need of extensions receive a reasonable share of the funds.

2. I have, in these circumstances, the honour to request that Government will be pleased to sanction my proposals and instruct the Accountant-General to place the amounts shown in column 6 of the statement at the disposal of the local boards and municipal councils concerned before the close of the current official year.

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 6th March 1918.

No.—Ref. on Cur. 1382/17.

In the Director's letter to Government, R.C. No. 1362/17, dated 13th February 1918, an additional subsidy of Rs. 8,000 was recommended to the Ongole municipality towards the cost of acquisition of sites and construction of buildings for two elementary schools. As the Chairman now states that Rs. 7,500 only is required for the purpose, I have the honour to propose that the latter amount may be sanctioned as subsidy to the Ongole municipality and that the amount of Rs. 500 thus left over may be paid to the Coimbatore District Board over and above Rs. 3,878 recommended for it in my communication quoted above. It may be observed therefrom that the board require further help to the extent of Rs. 8,265 and that against this only Rs. 3,875 could be proposed owing to financial limitations.

Order—No. 332, Home (Education), dated 12th March 1918.

The Government sanction the distribution among the local bodies specified in the annexure to these proceedings of a subsidy of Rs. 68,995 towards the construction and extension of elementary school buildings.

2. The Accountant-General is requested to place the amounts at the disposal of the local bodies at a very early date.

3. Rupees 128 of the total expenditure will be met from the lump provision of Rs. 1,00,000 made in the current year's budget estimate under "22-E, EDUCATION—Government schools—General—Payment in support of local board and municipal schools—For contribution to local bodies for the construction of elementary school buildings" and the balance from the provision under "22-G, GRANTS-IN-AID" as shown in the reappropriation statement submitted by the Director of Public Instruction.

From the Director of Public Instruction, No. 1362, dated 13th February 1918.

From the distribution list appended to G.O. No. 709, dated 29th May 1917, and No. 843, dated 23rd June 1917, it is observed that only a few local bodies in the north got a share of the lump provision of one lakh made in the current year's budget for payment of subsidy to local bodies towards elementary school buildings. In paragraph 2 of his letter No. 1362 of the 22nd March 1917 (page 1 of G.O. No. 709, dated 29th May 1917), the Director himself first suggested that a portion of the above lump provision should be reserved for some district boards in the north. Later on in his letter of the 15th May 1917 (page 2 of G.O. No. 843, dated 23rd June 1917), he suggested that no applications need be called for from the north but that the balance reserved might be utilized in meeting the applications already on hand. This was approved by Government in G.O. No. 843, dated 23rd June 1917. At the meeting of the Legislative Council held on the 20th November 1917, the Hon'ble Mr. A. Suryanarayana Rao (from the north) enquired on what grounds the above subsidy was granted only to some local bodies and not granted to others (G.O. No. 1595, dated 15th December 1917). He was merely told that the distribution was fixed with reference to the applications for aid received from local bodies. The present distribution also contains very few local bodies in the north. It appears therefore desirable to allot an appreciable amount to these local bodies, if possible. It is for consideration whether the Director of Public Instruction may be requested u.o. to state whether there are no other pending applications from the local bodies in the north which could be considered at present. If there are any, they could be substituted for some of the items relating to the southern districts.

S.A.—16-2-18.

We have been dealing with applications on hand in distributing subsidies for buildings. In both the previous cases of distribution in the current year, the subsidies were granted with reference to the requests actually received from local bodies and no applications were 'invited' from those that did not apply. The fact that grants are being distributed is known to all local bodies and such of those as have not applied need not be urged to do so, especially when we are not in a position to meet the demands of those that have applied. We have already committed ourselves to this position and have announced it in the Council (G.O. No. 1595, Home (Education), dated 15th December 1917). The present proposal is based on a similar principle. If the Director of Public Instruction had received applications from the local bodies of the Northern Circars, he would surely have included those cases in the present distribution, the more so because it was he who discovered that those districts had not their full share. Kistna and Godavari, etc., had proportionately

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.), by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b') For rules regarding printing of notes, see rule 815 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Referencer concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right-hand side, only the first time when they appear on the left side, the initials alone being printed later.
