G.O. No. 1660, Home (Education), dated 27th December 1917.

II

Letter—from the Hon'ble Mr. J. H. Stone, M.A., F.R.E.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 30th January 1918.

No.—R.C. 54.

With reference to paragraph 2 of G.O. No. 1660, Home (Education), dated 27th ultimo, I have the honour to submit a statement containing my proposals for the distribution among local bodies in the current year of Rs. 11,367 out of the discretionary grant of Rs. 41,000 in the Imperial recurring allotment of Rs. 4 lakhs.

2. I would premise that I propose to utilize fully the available money towards the equipment of board and municipal secondary schools, any recurring expenditure that may have to be incurred on their account during the current year being met from the balance in the provision made under "22-E. Education—Government Schools, General—Payment in support of Local Board and Municipal Schools."

3. The proposals embodied in the statement mentioned in paragraph 1 have been made in consultation with inspectors of schools who were asked to recommend the cases of only such of the board and municipal complete secondary schools as stand in immediate need of equipment, regard being had to the relative urgency and to the funds available.

It will, however, be observed that the estimated cost of the proposals comes to Rs. 37,500 against the available allotment of Rs. 11,367 and as I am convinced that the proper development of the schools appearing in the statement is considerably handicapped owing to lack of adequate equipment, I beg to request that Government will be pleased to sanction my scheme in its entirety and instruct the Accountant-General to place, at an early date, the amount shown in the last column of the statement at the disposal of the local board or municipality concerned.

4. As regards the extra expenditure of Rs. 26,133 involved by the proposal, I suggest that it may be met from the anticipated savings amounting to about Rs. 35,000 out of the additional allotment of Rs. 80,000 sanctioned in G.O. No. 1657, Home (Education), dated 22nd December 1917, for payment of teaching grants to elementary schools, as it has since been found that the inspectors' final estimate under this head has fallen short of the rough forecast on which my application for additional funds was based. I beg to add in this connexion that the savings in question form a portion of the Imperial recurring grant of 4 lakhs—vide the reappropriation statement submitted with my letter to Government R.C. No. 8951, dated 13th December 1917, read in Government Order number quoted supra.

I solicit the favour of early orders on this communication lest the allotment should lapse.

Order—No. 333, Home (Education), dated 12th March 1918.

The Government sanction the distribution in the current year of a subsidy of Rs. 37,500 among the local bodies mentioned in the annexure to these proceedings towards the equipment of the secondary schools maintained by them. The Accountant-General is requested to place the amounts at the disposal of the local bodies at a very early date.

2. The amount will be met from the sources indicated by the Director in his letter read above.

Draft order to Financial u.o. for acceptance.

C. RAMANUJA ACHARIYAR—8-2-18.

R. RAMACHANDRA RAO—9-2-18.

FINANCIAL DEPARTMENT.

It is proposed to sanction the payment in 1917-18 to certain district boards and municipalities of subsidies amounting to Rs. 37,500 for expenditure in local board and municipal high schools on (1) furniture (Rs. 17,380), (2) science apparatus and appliances (Rs. 13,700) and (3) books and maps (Rs. 6,420). It is stated that these high schools stand in immediate need of equipment. The Director of Public Instruction has pointed out the source from which the charge can be met.

2. Before accepting the draft order, it is respectfully submitted that Home (Education) may be requested to note on the question whether the local bodies concerned cannot meet the charge or a portion of the charge from their own funds.

V.G.K.—11-2-18.

Will Home kindly consider. I take it that such subsidies are not sanctioned as a matter of course.

L. E. KERSHAW—12-2-18.

HOME (EDUCATION) DEPARTMENT.

Submitted that the Local and Municipal Department may be asked to note on the question raised in Financial. The subsidies recommended by the Director of Public Instruction are apparently intended to supplement the amount usually spent by the local bodies on the equipment of their schools. It may also be noted that primary education has the first call on the resources of a local body and that the Government of India have recently expressed the view that local bodies should, when circumstances permit, be relieved of expenditure on secondary education.
