HOME (EDUCATION) DEPARTMENT.

In submitting proposals for the utilization of the Imperial grant of four lakhs the Director of Public Instruction suggested that the minimum pay of trained teachers in boys' schools might be raised to Rs. 11 per mensem and that of women teachers in girls' schools to Rs. 12 per mensem irrespective of the question of the payment of grain compensation allowance and that subsidies might be sanctioned to local bodies for this purpose—pages 2 and 3 of G.O. No. 1433, Home (Education), dated the 15th November 1917. The Government, however, while approving the proposal to raise the minimum pay to Rs. 11 and Rs. 12, respectively, decided that the grain compensation allowance drawn by the teachers should be abolished at the same time—G.O. No. 170, dated the 12th February 1918. The Director of Public Instruction has separately represented that many teachers will not be practically benefited by the above orders and that he could not submit a distribution statement according to the orders without further reference to local bodies. He has also requested a re-consideration of the above Government Order. This file has been submitted to His Excellency and the Honourable Member.

2. As regards the payment of subsidies for the current year the office has noted in that connexion as follows :—

"From the Director's current letter it is clear that, if the orders of Government in G.O. No. 170, Home (Education), dated the 12th February 1918, are adhered to, it may not be possible to calculate the amount of subsidy payable to each local body without a further reference to them and fresh calculations. All these may not be finished before the close of the current year. To prevent the lapse of the grant, it is submitted for consideration whether subsidies according to the Director's original proposal may not be disbursed *at once*, in advance of the actual distribution in accordance with the orders in the above Government Order. If on actual calculation any amount is found to have been paid in excess of the actual requirements to any local body, that amount may be taken into account in the payment of subsidies payable to local bodies in 1918-19. Presumably the Director of Public Instruction has in his office figures ready for distribution according to his original proposals."

Thereupon the Secretary (Mr. Ramachandra Rao) has observed as follows :—

"Re the immediate drawing of the subsidies I have issued instructions to the office. Financial will be consulted."

3. It is submitted that Financial may be requested u.o. to state whether they agree to the suggestion referred to in paragraph 2 above so far as the current year is concerned.

C. RAMANUJA ACHARIYAR—14-3-18.

L. D. SWAMIKANNU—14-3-18.

with reference to the final order that may issue on the Director's representation and the special requirements determined that may be determined in accordance therewith.

3. The A.G. will be requested to take immediate steps to place the amounts at the disposal of the local bodies concerned before the close of the current official year.

4. The expenditure will be met from the lump sum of Rs. 4 lakhs made in the current year's budget under 22 Education for the improvement of the pay and training of teachers.

" 170 " " 12th Feb. 1918

HOME (EDUCATION) DEPARTMENT.

In submitting proposals for the utilization of the Imperial grant of four lakhs the Director of Public Instruction suggested that the minimum pay of trained teachers in boys' schools might be raised to Rs. 11 per mensem and that of women teachers in girls' schools to Rs. 12 per mensem irrespective of the question of the payment of grain compensation allowance and that subsidies might be sanctioned to local bodies for this purpose—pages 2 and 3 of G.O. No. 1433, Home (Education), dated the 15th November 1917. The Government, however, while approving the proposal to raise the minimum pay to Rs. 11 and Rs. 12, respectively, decided that the grain compensation allowance drawn by the teachers should be abolished at the same time—G.O. No. 170, dated the 12th February 1918. The Director of Public Instruction has separately represented that many teachers will not be practically benefited by the above orders and that he could not submit a distribution statement according to the orders without further reference to local bodies. He has also requested a re-consideration of the above Government Order. This file has been submitted to His Excellency and the Honourable Member.

2. As regards the payment of subsidies for the current year the office has noted in that connexion as follows :—

" From the Director's current letter it is clear that, if the orders of Government in G.O. No. 170, Home (Education), dated the 12th February 1918, are adhered to, it may not be possible to calculate the amount of subsidy payable to each local body without a further reference to them and fresh calculations. All these may not be finished before the close of the current year. To prevent the lapse of the grant, it is submitted for consideration whether subsidies according to the Director's original proposal may not be disbursed at once, in advance of the actual distribution in accordance with the orders in the above Government Order. If on actual calculation any amount is found to have been paid in excess of the actual requirements to any local body, that amount may be taken into account in the payment of subsidies payable to local bodies in 1918-19. Presumably the Director of Public Instruction has in his office figures ready for distribution according to his original proposals."

Thereupon the Secretary (Mr. Ramachandra Rao) has observed as follows :—

" Re the immediate drawing of the subsidies I have issued instructions to the office. Financial will be consulted."

3. It is submitted that Financial may be requested u.o. to state whether they agree to the suggestion referred to in paragraph 2 above so far as the current year is concerned.
