Regarding Revised Financial Statement.
RESOLUTION ON MATTERS OF GENERAL PUBLIC INTEREST.

The Hon'ble Rao Bahadur N. Ramachandra Rao Pantulu, Minister,

the last viz., the taking over of the four secondary schools under Financial Department, relates to the

modification of the Home (Education) Department of model high schools. This scheme requires the sanction of the

Secretary VIII. This Council recommends to the

corresponding Governor in Council that the lump allot-

ments in the Budget Estimate for 1918-19

to be sanctioned under the head XXII - Education:

(a) for opening new Board high -

schools and new middle schools,

(b) for improving of Muhammadan educa-

tion, and

(c) for the improvement of female

education, and

(d) provision for taking over the

management of the four second-

ary schools should be expended

after previous publication of

detailed proposals in regard

to them, relating to the scheme

for the expansion of secondary education before

finally approving the same. The general nature of the

proposals were explained in the reply given to him, but

as it was thought unnecessary to publish the names

of places where the schools might be opened his sugges-

tion that the proposals should be published before

final approval by the Government was not accepted. In

the Resolution now brought forward the Additional Mem-

ber makes the same suggestion. As already decided

the Government may release the proposals.

Home (Education) Department.

Of the four items specified in the Resolution, the last viz., the taking over of the four secondary schools under Government management, relates to the modified scheme for the establishment of model high schools. This scheme requires the sanction of the Secretary of State. The matter is at present under correspondence with the Government of India and, as such, it is not possible to publish the scheme prior to sanction. In reply to a question asked at the meeting of the Legislative Council held in April last the Government gave information as to the particular institutions which were to be taken over under Govt. management. It is not possible to publish further details relating to the scheme before the sanction of the Secretary of State is received.

2. The Additional Member refers to the allotment for opening new board high and middle schools. At the meeting of the Council held in February last the same Additional Member asked that the Government should publish the proposals relating to the scheme for the expansion of secondary education before finally approving the same. The general nature of the proposals were explained in the reply given to him. But as it was thought unnecessary to publish the names of places where the schools might be opened his suggestion that the proposals should be published before final approval by the Government was not accepted. In the Resolution now brought forward the Additional Member makes the same suggestion. As already decided the Government may refuse to publish the proposals.

3. The next item relates to the lump provision for the improvement of Muhammadan education. The

Resolution of the Council of the Home Department
passed on 12th February 1918

The Hon'ble Mr. Secretary of State for Education

Home (Education) Department
Ministerial Department

under the head XXXI - Education
in the Budget Estimate for 1918-19
in Council that the lump sum of

(a) for opening new board high -

(b) for improving of Muhammadan education

(c) for the improvement of female education

(d) provision for taking over the management of the four secondary schools should be expended after previous publication of detailed proposals in regard to them.

Government have in a Press Communique issued in January last published a Brief outline of the various schemes in connection with Muhammadan education for which provision would be made in the next year's budget estimate. The lump provision made in the budget is intended for expenditure on the following:-

	Recurring Rs.	Non-recurring Rs.
1. Grant to Oosmania College	9,000	25,000
2. Opening of 2 secondary schools	10,000	1,400
3. Additional Scholarships in secondary schools.....	2,600	...
4. Fee remissions in -Do.....	3,900	...
5. Duplication of lower classes in two selected secondary schools.....	5,280	20,000
Total.....	30,780	46,400

Perhaps the above information may be given to the Additional Member in the course of the discussion on the resolution (c.f. answer given to a question asked at the meeting of the Legislative Council held on the 21st November 1916 in regard to the utilization of the annual recurring grant of Rs. 30,000 for Muhammadan education (G.O. No. 1338, Educational, dated the 11th December 1916). Further details, such as, the establishments required for the schools, the places where particular schools should be located, are for consideration and settlement by the officers of the Department in consultation, if necessary, with representatives of the Muhammadan community. Their previous publication would serve no useful purpose and will entail unnecessary criticism and delay in giving effect to the scheme.

is that relating to female education. The main object on which the lump allotment provided for this purpose will be utilised are mentioned in para. 73 of the Amended Draft Financial Statement which are in the hands of the members of the Legislative Council. The details of the expenditure involved are as follow:-

	<u>Recurring.</u> Rs.
1. Strengthening of the staff of Govt. Secondary and Training Schools for Mistresses.....	15,500
2. Opening of three secondary schools for girls.....	22,500
3. Strengthening of the staff of Govt. elementary schools for girls.....	23,000
4. Raising the pay of peons in Govt. Girls' Schools.....	2,200
Total.....	63,200
Deduct probable amount available for utilization on account of the Imperial recurring grant of 4 lakhs.....	10,000
Net amount required.....	53,200

The D.P.I. will in due course submit detailed proposals relating to each object. It does not appear that such detailed proposals should be published before they are sanctioned.

5. In these circumstances the resolution may, it is submitted, be opposed. Orders are solicited as to who should be in charge of it and whether it should be discussed in Council.
