ber 1917, from P. F. Money Require, Executive Engi-
neer, Madura Special Division, Madura, to the Superin-
tending Engineer, VI Circle, Trichinopoly.

Subject:-- Extra allowance to apprentice upper subor-
dinates posted to Rameswaram. Regarding the

I have the honour to invite a reference to rule 59
of the rules relating to the constitution and working
of the College of Engineering and to request to be in-
formed if apprentice upper subordinates posted for
training at Rameswaram are entitled to the enhanced al-
lowance referred to therein.

2. The two apprentices who were lately in this
Division were posted to that place and they represent
that they are entitled to the increased allowance owing
to the costliness of living and the fact that the Sub-
Registrar and his staff are allowed local allowances.

3. I consider the request of the students rea-
sonable but as there is no definite order, I am unable
to admit the claim. The Principal, College of Engi-
neering, who was consulted on the subject has merely
informed me that the scale of allowances is laid down
in the College rules.

4. I request the favour of your orders if the
extra allowance may be paid.

No. 1439^{cs} dated 19th November 1917.

Forwarded to the Chief Engineer, Public Works De-
partment for favour of orders.

The suggestion was only of the office. It had not been endorsed by the officer Mr. Moleworth. The latter has 'accepted'

the draft put up by Stone (Sol). This as usual has been taken to override the suggestion of the office. 12

Before sub^d the file to the Secretary we satisfied ourselves that the suggestion was not also of much importance, especially as it is preferable to dis-
tinguish the local allowance as such and as the ~~apprentices~~ apprentices concerned are not regular Govt. servants. The Financial office was also consulted.
