CHIEF ENGINEER

To The Secretary to the Government of Madras,

PUBLIC WORKS Department.

Sir,

In forwarding herewith an application from W. Renganatha Mudaliar, Sub Overseer, requesting to exempt him for further promotion, I have the honour to state that the Sub Overseer has passed the Draftsman test of the College of Engineering, Madras and that he entered the Department as a Superintendent on Rs. 20/- in the North Arcot Division in the Irrigation Conservancy Establishment. When that establishment was reorganised in 1905, W. Renganatha Mudaliar was brought on the lower subordinate establishment as a Sub Overseer, III Grade, on Rs. 25--5--35 and was exempted for that grade only in G.O. No. --- 426-Educational dated 15th December 1906. In the re-organisation

re-organisation of the Lower Subordinate establishment sanctioned in G.O., No. 246-W., dated 31st January 1913, the Sub Overseer (9) was promoted to Rs. 35/- with effect from 31st January 1913 and he still continues to draw that pay. In your Memo No. 633 R-3., dated 11th September 1913, recommendations were called for on behalf of members of the old Conservancy establishment who were brought on to the Lower Subordinate Establishment and were granted exemption for particular grades only but who were considered deserving of further promotion. In the list of Sub Overseers submitted with this office No. 694-W dated 30-10-1913, the name of this Sub Overseer was included with the remark that "if good reports are received, his promotion can be considered". The Sub Overseer was not granted any further exemption to admit of his promotion to higher pay, evidently because he was not strongly recommended. He twice appealed to me for promotion but his request could not be recommended, because the reports on him were not satisfactory. The Sub Overseer's personal registers are herewith forwarded for reference. It will be seen therefrom that except those made by Mr. F.W. Cornwell, the reports are all generally satisfactory. As the Sub Overseer has put in a service of nearly 20 years and as the present Executive Engineer recommends him for promotion, I request that you will be so good as to move Government to exempt the Sub Overseer for promotion up to Rs. 50/-.

I have the honour to be,

Sir,

Your most obedient servant,

Honoured Sir,

I humbly beg to bring to your honour's kind notice the following few lines for favourable consideration with a sanguine hope that my request will meet with success.

I was entertained in this Department in the year 1898 and exempted for a Sub Overseer's place in 1905. I was drawing Rs. 35/- when the new scheme of reorganization was introduced in 1912. According to my seniority in that grade, I think, I was promoted to Rs. 40/- but to my misfortune after a period of 8 months I was again reverted to Rs. 35/- stating that my previous exemption holds good only up to Rs. 35/- and therefore to refund the salary already drawn.

Subsequently in 1914, I submitted an application for further exemption to higher grades with a request, that my promotions should not be overlooked for the simple reason - stated above, which I was not aware till then. I would have applied for such an exemption in time before the new scheme was brought into force had I known this previously.

In the year 1916, when several of my juniors and new comers, having no higher qualification and experience, were given promotions superseding my claims, I again applied for an exemption, but my case was not favourably considered

then by your honour; the consequence of which all my prospects are being hampered till now.

In this connection, I beg to bring to your kind notice -- that I am a passed Draftsman of 2nd Class of the College of -- Engineering, Madras, and also passed several Government Technical Examinations. I possess both theoretical and practical knowledge of surveying and levelling and have acquired thorough experience of Irrigation and Building works. I was in charge of Cheyyar Anicut Sub Section independently for about 5 years of which 4 -- years in your honour's time, where I discharged my duties to -- the entire satisfaction of my superiors.

I therefore humbly request that your honour will graciously be pleased to recommend me to the Government to exempt me from the Examination Rules, so that I may get promotions in the higher -- grades as an encouragement for my hard work in the Department. If not there is no other course for the betterment of my prospects in the face of new entrainers in the Circle who supersede my -- claims.

For which act of kindness, I shall as in duty bound ever -- pray for your long life and bright prosperity.

I beg to remain,

Honoured Sir,

Your most obedient servant,

brought on to the sub-overseer's cadre in
the reorganization of the establishment in

reorganization no educational qualifica-
tions were prescribed for appointments
in the Irrigation Conservancy establishment.
Owing to the reorganization, however,
before these men were drafted on to the
sub-overseer's cadre, they were specially
exempted from the technical qualifications
prescribed for sub-overseers. W. Rangan-

(L) exempted in G.O. No. 426 Edl & 15.12.1906 for

No. 633 R-5 & 11.9.13 the S.E.s were asked to report the names of deserving members of the old Irrigation Conservancy establishment, who were brought on to the lower subordinate cadre under ljo. No. 1272 W & 10.7.1905 but who were exempted for appointments only to particular grades of sub-overseers with a view to obtain their permanent exemption for promotion to all grades of sub-overseers in the revised scale. The S.E. VII Catele in submitting his reply did not recommend the name of the sub-overseer under consideration for further exemption. He stated that, if good reports ^{were} received the suboverseer's promotion might be considered. ~~He~~ He now requests that as the suboverseer has put in a service of nearly 20 years, and as the present Ex.
