Station Madras, Dated the 1st February 1918.

From (Name) The Hon. Mr. J.H.Stone, M.A.F.R.H.S.C.I.E.

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

With reference to para 3 of G.O.No. 1305 Home (Education) dated 20th October 1917, I have the honour to state that I propose to continue the collegiate training class attached to the St. Joseph's College, Trichinopoly, during the next year, the Principal, St. Joseph's College, Trichinopoly, having agreed to do so.

2. The class is reported to be working satisfactorily during the current year. 200 students were admitted into the class of whom one withdrew during the course of the long term. Of the

19 remaining students, 15 are graduates, 3 are B.A. (Honours) men and one is an M.A. They are all History men. The Principal is willing to admit 20 more students next year, of whom 8 would be science graduates and 12 Mathematics graduates. He says that the necessary accommodation for these additional sections can be found. The cost of working the class for next year is estimated to be as follows:-

C1/ Cost of existing staff for three vacation months from April to June 1918 at Rs.558 per mensem	Rs.1,674
C2/ Cost of staff for next year for 9 months from July 1918 to March 1919 at Rs.708 per mensem (Rs.558 + 50 + 20 + 50)	Rs.6,372
C3/ Stipends for 40 pupils for 9 months	Rs.5,760
Contingencies	Rs. 300
Cost of furniture, books, apparatus etc.	Rs.1,000
(for new furniture and apparatus)	
Total	Rs.15,106 or Rs.15,100 in round figures

The Principal considers that on account of the opening of two new sections for science and Mathematics, two additional allowances of Rs.50 per mensem have to be given for instruction in these subjects, that the allowance of Rs.250 per mensem now paid for general supervision should be raised to Rs.300 per mensem on account of the increase in the work involved by the opening of the two additional sections, that the allotment for contingencies may be raised to Rs.300 and that a sum of not less than Rs.1,000 will be required for the purchase of furniture, books, apparatus etc., for the new sections as well as for the better equipment of the History section. The Principal requests that all the allowances may be sanctioned with effect from 1st April 1918; but I consider that the increased allowance for supervision and the two additional allowances for Science and Mathematics need be given effect to only from July 1918 when the new additional sections will begin work. I accept the Principal's proposals in other respects. Some of the students to be admitted for training next year are likely to be M.A.'s or graduates in Honours for whom a stipend of Rs.20 per mensem is admissible and this has been taken into account in fixing the amount required for ends.

3. The main reason for continuing and extending this training work is the prospect of raising in grade to middle and high schools of about 50 and 20 elementary and middle schools respectively, which will clearly necessitate the employment of a larger number of L.T. teachers. The reason for increasing the number of subjects is the considerable unsatisfied demand for L.T.'s with Mathematics and Science qualifications.

4. A sum of Rs.9,600 only has been provided in the budget estimate for 1918-19 for payment of subsidy to colleges for training. This will suffice to meet the total expenditure for next year excepting stipends. The amount required for stipends may perhaps be met from the provision for stipendiary grants to Training schools made in the next year's budget or from savings under some other head. A reappropriation statement will, if found necessary, be submitted to Government next year.

5. I may, in conclusion, point out that this way of increasing the number of L.T. trained teachers is cheaper than opening classes for L.T. training under departmental management. It cost in 1916-17 Rs.577 to train a student in the Teachers' College while the estimated cost per head of the present proposal is only Rs.378.

I have the honour to be,

Sir,

Your most obedient servant,

B. K. Sharma

for Director of Public Instruction.

CNo. 300A from the D.P.D. no. 4403 of 1.2.18.

[Subject. - Proposals for the continuance of the L.T. training class in the St. Joseph's College, Trichinopoly.]

The Director's proposals seem generally acceptable.

2. The only doubtful point is the payment of the allowances and salaries for the full year instead of for nine months as originally sanctioned in f.D. no. 1305 of 20.10.17 (page 12 of f.D. no. 1433 of 15.11.17). This, however, observed that in the case of secondary training sections attached to aided schools the Govt. are paying the salaries and allowances for twelve months. The teachers may also have to make some preparatory work during the vacations. It is therefore for consideration whether the Director's proposals may be sanctioned in this entirety with the concurrence of Financial. A draft order is submitted.

While starting a class we may begin in July & thus save three months' charges in the year; but when the class is continued to another year, we may have to maintain the establishment during the vacation also. This appears accounts for the D.P.D. proposal.

para. 2 of f.D. no. 1105 of 27.8.17
mp. 11 of f.D. no. 1433 of 15.11.17

to pay for the existing staff during the vacation months - vide item (1) in the estimate on page 2 of C.F. The other days are based on nine months' requirements. The proposals may be approved & sent to Finl.

For the Asst Secy

The extra cost involved in the proposal of the Director of Public Instruction for the continuance during 1918-1919 of the L.T. training class attached to the St. Joseph's College, Trichinopoly, comes to about Rs 15,100. The details of the proposal call for the following remarks:-

(a) Grant of Allowances and Salaries during the vacation months. The precedent of the payment for 12 months made in Secondary Training Schools, referred to in the ante does not, it is felt, seem to cover the present

It will be seen from the correspondence in G.O. No. 1433 Home (Edu) of 15.11.1917 (Vij. para 2. B. (II) of W.P.I's letter on p. 4 of the G.O. and para. 2 of his letter dated 16th July 1917 on p. 9 of the G.O.) that, while proposing payment for 12 months in respect of the Secondary training schools, the W.P.I. in the same breath raised the question of the necessity for paying for a similar period to the staff in the St. Joseph's College. Evidently he did not consider the two cases then as being of a parallel nature. In suggesting that a payment for 9 months would suffice for the staff in St. Joseph's college (as against 12 months asked for by the Principal), the W.P.I. seems also to have not been aware that the training would in probability have to be extended for a further period of one year - vide para 3 of the W.P.I's note on p. 17 of notes to the G.O. Payments for April to June do not, it is submitted, appear to be really necessary, in order to a staff for 9 months from Jan.

para 2, p. 9 of G.O. end.

end

p2CF

p22074y W.

(don't think so;
this will probably
be more already
in the case
but he may not
object.

3. Two extra allowances of Rs 50 pm
for the two additional lecturers in
Mathematics and Science to be given.
The present five allowances of Rs 50 pm
are for instruction in English, Psychology,
Physiology, History and Geography.
Evidently two additional men will
have to be brought in for coaching
up the Science and Mathematics
graduates in those subjects; &
it does not appear that this item
of charge can be objected to.

4. The proposals do not otherwise
call for remarks. The draft may
be submitted, be accepted, subject
to orders on the above points.

A.S.

4.2.18

3. He need not draw for the small increase
in annual supervision charges, but unless work is
actually in progress during the vacation months
April to June I certainly think a 9-month
scale for the allowances is adequate.

Final no 1558-1.

CNo. 300A from the D.P.D. no. 4403 & 1.2.18
Subject - Continuance of the L.T. training
 section in the St. Joseph's College, Trichinopoly.

The necessity for the payment of the
 allowances during the vacation has not been
 made out by the D.P.D. Unless work is actually
 in progress during the vacation months April
 to June ~~is~~ a 9 months' scale for the allowances
 would seem adequate. Submitted that the Director
 may be requested to state whether the
 allowances ~~for the~~ may be stopped during the vacation
~~and if not, how much~~ If he is not in
 favour of this suggestion, he may be asked to
 explain clearly the necessity for their payments
 during that period.

 To D.P.D. (no) 18310

No. 116 & 25.3.18

The reasons for having these people during
 vacation are exactly the same as for paying
 all teachers during vacations. In my letter
 printed in fo. 1433 Home (82) I contemplated
 the necessity of doing so if the classes were continued
 for a second year. The ^{opening of the} training section has necessitated

Page 9 of

(W)

12
 adjustments in the pay and personnel of the
 college staff particularly the appointment
 of Mr P. D. Duvvuri Aiyer to teach and
 supervise the classes, which constitute in
 effect a small teachers college in themselves.
 It is now proposed to place it on a permanent footing. It is
 not the case that people engaged in these work
 have nothing to do in vacations, Mr P. D.

in particular ought to have a lot of work to
 do in connection with admissions and
 the others would have preparation work
 lectures. The Principal asks that the
 new men should also be paid for the vacation
 in 1918 not recommended, nearly on grounds of
 economy, though a saving for can be made
 for it.

It is practically certain that if the old
 salaries are not continued through the vacation
 the college will decline to continue the
 classes.
