PRIVATE SECRETARY'S OFFICE, MADRAS.

Memo. No. 742-P.

Transferred to the Secretary to Government, Home (Educational)
Department, for favour of disposal.

ENCLOSURES :

6

(By order of His Excellency the Governor.)

Cumdy.

The 28th March 1918.

Private Secretary.

Gooty
12th March 18

To His Excellency
The Governor of
Fort St. George
Madras.

3

May it please your Excellency,

I am submitting this application once more for your Excellency's favourable consideration. It has been returned to me by the Government of India to whom I had presented it respectfully for consideration and who have directed me to submit it to the Government of Madras.

I have had an interview with Director of Public Instruction Madras. He has practically given me no hopes of any appointment in the Imperial Education Service. Further he has asked me to engage myself in Research work at Bangalore.

Sire, it is not as easy a matter to procure money as some officials think. My father is an ordinary abkari contractor of Gooty, with an income of not more than Rs 500 or 600 Per annum.

During my stay in Edinburgh my expenses were met by my community people who each subscribed according to their ability.

Therefore, Sire, I request you to appoint me in the I. E. S. or to grant me a Scholarship assisted by which I will be able to enter research work.

I am
Your most obedient Servant
May it please Your Excellency
P.N. Goud.

Educational Appointments in India.

1. Name in full:—

Pānyam Nārāyana Goud

2. Address:—

P.N. Goud MA, B. Sc.
Gooty, Anantapur (Dist.) South India.

3. Age last birthday, with date and place of birth:—

24 years. Born on the 15th July 1893

4. Married or Single (Number and ages of children, if any):—

Dates of joining and leaving.	Position and character of work done, also salary received.

18. References:—

1. Name,
Address,
Occupation or position.
2. Name,
Address,
Occupation or position.

Professor E. T. Whittaker, Sc.D., F.R.S.
Edinburgh,
Professor of Mathematics.
Professor James Walker D.Sc., F.R.S.
Edinburgh,
Professor of Chemistry.

(These should be persons resident in the United Kingdom, who have known the applicant intimately, and are in a position to answer any enquiries that may be made of them. They should not be relations and should be holders of responsible positions who are acquainted with the applicant's character and work in recent years. The names of Officers of the Board of Education should not be given.)

19.* Copies of testimonials from:—

I Professor E. T. Whittaker
II Professor J. Walker.

*Original testimonials may be required, should the applicant be selected for interview. Copies of testimonials should be submitted in duplicate.

20. Observations:—

[Subjects the applicant is prepared to teach and any special qualifications or experience (e.g., in music and singing, commercial subjects, languages, literary work, organization or inspection) not mentioned under heads 13-17 above should be given here].

Chemistry and Physics.

Chemistry Department,
University of Edinburgh,
6th December 1917.

Mr. P. N. Goud was a student in this Department for three years, taking both lecture and laboratory classes. His work during the last year of his attendance was specially satisfactory, and he graduated as Bachelor of Science with Chemistry on the higher standard. This is equivalent to an Honours Degree in Chemistry in an English University. I can recommend Mr. Goud as one likely to prove successful in an academic teaching position.

Sd/ James Walker,
Professor.

University of Edinburgh,
Mathematical Department,
1917 December 6th.

Mr. P. Narayana Goud obtained this year the degree of B.Sc. of the University of Edinburgh, taking Chemistry as his main subject (passed on an Advanced Honours standard) and Mathematics as one of his subsidiary subjects (passed on an Intermediate Honours standard). His Mathematical work was done in my classes during the academic years 1914-1915 and 1915-1916, and I may say that he made a most favourable impression on me. He showed himself very capable, and I should most willingly have accepted him as a member of the Advanced Honours class in Mathematics if he had decided to continue his studies further in the subject. His record in the Mathematical Department was in every way satisfactory.

Mr. Goud also obtained the degree of M.A. of the University.

In regard to personal qualities, he stood high in the opinion of myself and his other teachers, and I have every reason to believe that he was liked and respected by his fellow-students. I understand that he held the Office of President of the Indian Students' association an honour which testifies to his capacity, good sense, and public spirit.

I wish him every success in his life-work in his own country.

Sd/ E. T. Whittaker
Sc. D., F.R.S.
Professor of Mathematics
in the University of Edinburgh.
