From (Name) M. R. KHAREGAT ESQUIRE., A. M. I. C. E.,

(Designation) Superintending Engineer, First Circle.

CHIEF ENGINEER

To The Secretary to the Government of Madras,

PUBLIC WORKS Department.

Sir,

With reference to official memo. No. 210-C., dated 11th January 1918, I have the honour to bring to your notice the case of one Abdul Gafurkhan, a temporary Tracer in this office and to request that he may be permanently exempted from the examination rules to hold a Tracer's post in the Public Works Department. His case is an exceptional one.

2. In 1891 Gafurkhan entered office of the Chief Engineer of the late E. C. Railway as an apprentice tracer and ferro-typer. After one year's satisfactory apprenticeship he was given a post of a tracer and ferro-typer in that office and eventually drew Rs. 40 per mensem in the same office. He worked there in the same capacity till 1901, when his services were transferred to the Madras Railway. In the latter -

He holds a quasi-permanent post in the S. E. I. Circle office.

He holds G.O. 12 13 Sd. 13.10.14

Name, age and educational qualifications of the unpassed candidates, for whose exemption sanction is sought.	The post in which it is proposed to employ him and the nature of the appointment, i.e., whether acting or substantive, or temporary.	The sanctioned pay of the post and the pay proposed to be given to the unpassed candidate.	The examination from which exemption is sought.	The period for which the appointment is expected to last.	The period for which sanction is now sought (with dates of commencement and of termination).	Is this a first application or one for a renewal of a previous sanction? If for renewal, quote the previous order granting sanction and state for how long the candidate has a ready been exempted.	What steps have been taken to procure the services of a passed candidate and with what result?	Recommendation of the head of the department.	Remarks.

OFFICE OF THE *Superintending Engineer, Circle*
 To
 The

latter administration he was drawing Rs. 35/- per mensem till 1908 when his services were terminated owing to the reduction of establishment. In 1910, the services of tracers were required in this office and applications were invited from competent tracers. A competitive examination was held for about 20 candidates who applied for the posts and Abdul Gafurkhan was selected. Ever since then, he has been working satisfactorily in this office as a temporary tracer and ferrotyper and he has also acted as a Draftsman for short periods. He has been discharging his duties very well and is expert in the ferro-gallic and blue print processes of taking copies of plans.

3. From the accompanying copies of testimonials which he obtained while in the Railway and in the Public Works Department, it will be seen that Gafurkhan is a tracer of proved merit and that he has been serving under the Railway Administrations and Government for nearly 27 years. He is now 41 years of age and it will be hard upon him if he is asked at this age to qualify himself for a tracer's post by passing the technical examinations recently prescribed for the post. He is a thoroughly practical man and he has proved his competence for the post by an actual service of nearly 27 years. His general educational qualifications are somewhat above the average of those employed in similar posts, as he appeared for the late Middle School Examination.

4. He is the only Mahomedan in superior service in this Circle which is another reason for special consideration of this case.

I have the honour to be,
 Sir,
 Your most obedient servant

M. K. Khan

I have much pleasure in certifying that Abdul Gafurkhan was a student of the Hindu College for about a year. He was reading in the Upper Fourth Class and appeared for the Middle School Examination but was unfortunately plucked on account of some difficulties just before the Examinations. He was hard working and punctual. He is honest and gentle. He has my good wishes.
