No. 237-4

Station Madras, Dated the 16 March 1918

From (Name) J.A.Lacey, Esq., A.M.I.C.E.,
(Designation) Superintending Engineer,
Sanitary Engineer to Government.

To The CHIEF ENGINEER,
PUBLIC WORKS DEPARTMENT, MADRAS.

Sir,

I have the honour to forward letter No.114-S.E., dated 27th February 1918 from the Deputy Sanitary Engineer, Northern and Central Circles forwarding an application from M.R.Ry V.Chockalinga Mudaliar, Draftsman on Rs.40/- in his office for his permanent exemption from the Lower Subordinate Test of the College of Engineering.

2. The Draftsman has passed the Minor Irrigation Sub-Overseer's Test and also the Government Technical Examinations in (1) Surveying and Levelling (2) Building Drawing and Estimating (3) Building Materials and Construction

(4) Bridge work (5) Earthwork and Road-making (6) Hydraulics and Irrigation Works (7) Applied Mechanics (8) Mensuration (9) Freehand and outline Drawing; but although he has -- passed the technical examinations he is not entitled to a draftsman's group certificate in Mechanical Drawing as required by the Educational rules as he has not passed the following two examinations:-- (1) Geometrical Drawing and (2) Machine Drawing. * (3) Building Drawing & Estimating. Advanced grade.

3. He has put in 4½ years service and --- during this period his work has been well reported of by the Officers under whom he worked. It is reported that he has gained experience in designing schemes as he has prepared plans and estimates for water supply and drainage schemes for Vizagapatam, Guntur, Adoni, Ellore and Berhampore. The Deputy Sanitary Engineer, Northern and Central circles, in recommending the exemption of the draftsman, states that "the applicant is of the best draftsman and his case is an exceptional one and deserves special treatment". The Deputy Sanitary Engineer adds that the applicant "is the only draftsman in his office at present who is able to prepare plans and estimates for drainage schemes as others are under training" and that it will be a great hardship for him and his Technical Superintendent if the draftsman is forced to leave the office at a time when plans and estimates for 8 Drainage schemes have to be prepared in his circle".

4. Temporary exemption of the applicant for his employment as a draftsman has been extended in G.O.No.130-Homé - flag (Education) dated 11th June 1917 up to 31st March 1918. During 1916 and 1917 permanent exemption was granted to the following persons:-

- (1) Mr.M.Padmanabhan, - vide 41200 & 16-6-16
- (2) " Venkatrama Aiyer, vide 10160 & 5-2-16
- (3) " Janardhan vide 3330 & 1-1-16
- (4) " K.V.Narasimha Aiyengar vide 8790 & 6-12-16
- (5) " P.A.Ramakrishna Naidu. vide 4450 & 7-7-17

Mr.V.Chockalinga Mudaliar possesses knowledge and experience in drainage and water works and in consideration of the above facts and in view of the scarcity of qualified and experienced

experienced Lower Subordinates, I request that Government may be moved to exempt Mr.V.Chockalinga Mudaliar permanently from passing the Lower Subordinate Test.

I have the honour to be,

Sir,

Your most obedient servant,

Superintending Engineer

PUBLIC WORKS DEPARTMENT

Application from Draftsman V.Chokkalinga Mudaliar for
for permanent exemption.

I have the honour to forward the enclosed application from one of the best draftsmen in my office for your favourable consideration. The applicant's case is an exceptional one and deserves a special treatment. He was specially trained by myself as an Assistant Sanitary Engineer and the two previous Deputy Sanitary Engineers Messrs., F.W.Ireland and F.A.Adlard. The good opinions of these officers about the applicant will be found in the certificates enclosed. He is the only draftsman in my office at present who is able to prepare plans and estimates for drainage schemes, as others are under training. It will be a great hardship for me and for the Technical Superintendent of my Drawing Office if he is obliged to leave my office when I am required to prepare plans and estimates for the eight drainage schemes in the Northern and Central circles.

Under these circumstances I request that you will be good enough to strongly recommend him for permanent exemption from the Examination Rules for appointment as a Lower Subordinate in the Public Works Department.

Application for exemption from the Examination rules of an unpassed candidate for employment in the office of

V. Chockalinga Mudaliar Age 28.
 Minor Irrigation Sub-Overseer's Test.
 Intermediate Grade

Name, age and educational qualifications of the unpassed candidates, for whose exemption sanction is sought.	The post in which it is proposed to employ him and nature of the appointment, i.e., whether acting or sub. pro tem. or temporary.	The sanctioned pay of the post and the pay proposed to be given to the unpassed candidate.	The examination from which exemption is sought.	The period for which the appointment is expected to last.	The period for which sanction is now sought (with dates of commencement and of termination).	Is this a first application or one for a renewal of a previous sanction? If for renewal, quote the previous order granting sanction and state for how long the candidate has already been exempted.	What steps have been taken to procure the services of a passed candidate and with what result?	Recommendation of the head of the department.	Remarks.

Subject: Permanent exemption of temporary draftsman, V. Chokkalinga Mudaliar

The Sany Engr recommends that V. Chokkalinga Mudaliar, a temporary draftsman on Rs 40 p.m. employed in the office of the Dy. Sany Engineer, Northern Central Circle, may be permanently exempted from the Lower Subordinate Test as his services are indispensable. The man has been working as a tempy draftsman in the Dy. Sany Engr's office for the past about $4\frac{1}{2}$ years — Exemption from the L.S. Test being obtained annually to his continued employment. The man's qualifications are given in col 1 of the apply on p. 507 2.

In Decr 16, this draftsman applied for being permanently exempted from the L.S. Test. But the request was refused as the granting of such exemptions will be prejudicial to the interests of passed lower subordinates.

man for the current official ^{year} the question of granting such exemptions was fully considered & the San'y. Infr. was told to replace the man by a passed Candidate. The Sanitary Infr. then represented that as the man ^{was useful in the office &} had only to pass in a few subjects to secure 'the draftsman's former certificate in mechanical drawing', his retention to the end of the current official year (ie) to end of March 1918, may be allowed, to enable him to qualify in those subjects. This was permitted & the San'y Infr. was told to dispense with the man's series if he failed to qualify. Evidently the man has failed & the San'y Infr. has now come up ^{again} with a request for the man's permanent exemption.

3//. In para 4 of his letter, the Sanitary Infr. refers to certain cases in which permanent exemptions from the L.S. Test were granted. All these exemptions - except the one of no (5) - were granted in 1916 as passed men were not available. Since then, permanent exemptions have as a rule been refused, as many passed candidates were reported to be available for employment. The exemption granted to no (5) ~~was~~ in 1917 ~~it~~ was to enable him

him to hold a surveyor's post as ~~his~~ trained surveyors are difficult to get. See W's note of 8.6.17 on pp 1-2 of memo no 4381_A C of 9.7.17. In accordance with the policy adopted since 1917, the permanent exemption now applied for by the Sanj. Engineer will have to be refused. Further as the post the draftsman holds is only a temporary one there is no necessity for permanent exemption.

4 The question for consideration is whether in modification of the orders issued in memo no 5583C of 4.9.17, the Sanitary Engineer may be allowed to retain the services of this unpassed man without replacing him by a ^{passed man:} ~~draftsman~~ Sanj. Eng. This may perhaps be allowed in view of the special ^{training the man is said} ~~recommendation made by the~~ Sanj. Eng. to have received in preparing plans & estimates for drainage schemes. If this view is agreed to, Home (EdC) may be requested to sanction the temporary exemption of this man for a further period of one year from the 1st April 1918 & the Sanitary Engineer may be told to direct the man to qualify ~~in~~ within the period by passing the tests required to secure the Group Certificate in mechanical
