Sir,

Thru The Accountant General,
Madras.

(I) With reference to G.O. No. 1439 Home (Education)
dated 15-11-1917, I have the honour to report that a
training section was opened in the St. Joseph's Industrial
School Tindivanam on the 15th February 1918 with 6 pupils on
the rolls. The scholastic year for the next and subsequent
years will however commence on the 15th January and close
on the 15th December (Vide prospectus enclosed). As no
separate provision has been made in the budget for next year
for meeting the expenditure on account of the training
section I request that an amount of Rs. 4,375/- as detailed
in the appended statement may be sanctioned for this
purpose from the allotment under "Imperial grants" for

Total 4,375

2. As regards the non-recurring expenditure of Rs.
1,930/- I have to explain that at the time of writing my letter
No.R.O.C.810/28-8-17 (printed in G.O. No.1439 Home (Education) (I)
dated 15-11-17 I was under the impression that the equipment
of the training section would cost only Rs.480/- and hence
this amount was shown therein under "non-recurring expenditure"
The Correspondent afterwards informed me that the amount of
Rs.480/- was an item of recurring expenditure being the cost
of (1) teak-wood for practice exercises and (2) several
articles of drawing and that for the present he proposed to
lend to the training section the furniture and tools required
but that Government should be prepared to replace them whenever
he required them for the industrial school. I accordingly
called on the Correspondent to submit an estimate of the cost
of equipping the training section and the estimate now sub-
mitted is ^{the one} ~~those~~ received from him.

I have the honour to be,

Sir,

Your most obedient servant,

Chunnes

Director of Industries.

5. The applications for admission, in the year 1918, must reach the Manager before the 1st February (and in subsequent years before the 1st January). The exact date of opening will be intimated, in 1918, before the 15th February (and in subsequent years before the 15th January).

6. At the end of the course, an examination will be held and certificates will be awarded to successful candidates. These certificates will be granted partly on the daily marks, partly on the term examinations and partly on the final examinations, one-third of the aggregate number of marks being allotted to each of these sections.

7. A stipend of Rs. 15 per mensem will be awarded to each student for his maintenance. He will have neither school fees to pay nor articles of furniture to buy.

8. Six students only will be admitted in a year. Applications for admission should be submitted in duplicate in the form prescribed in appendix S to the Madras Educational Rules and should be submitted, through the head of the Industrial School where the applicant is employed (in cases where an applicant is employed in one of these schools) to the correspondent of the St. Joseph's Industrial School at Tindivanam so as to reach him not later than February 1st. A qualifying examination will be held at Tindivanam on a date which will be announced by the correspondent, and, if necessary, vacancies will be allotted in accordance with the marks obtained in this examination.

9. Students who do not live with either relatives or guardians shall be required to live in a hostel or rooms approved by the Manager.

10. The cases that justify removal of a student on the part of the school authorities are:—

- (a) Offences against honesty and morality.
- (b) Grave and habitual insubordination.
- (c) Any defect in the student, either physical or moral, which, in their opinion, is prejudicial to the welfare of the school.
