Station Madras, Dated the 13th February 1918

From (Name) the Hon'ble Mr. J.H. Stone, M.A., F.R.H.S.,
C.I.E.,

(Designation) Director of Public Instruction,
MADRAS.

To The Secretary to the Government of Madras,

HOME (EDUCATION)

Department.

Sir, /Through the Accountant-General, Madras./

I have the honour to request that you will be so good
as to obtain the sanction of Government for the creation
of five posts in the Subordinate Educational Service,
Collegiate Branch, with effect from 1st March 1918, the
appointments being distributed among the several grades of
the service as follows, as stated in my letter No. C.
No. 10281/1917 dated 15th December 1917:- One on Rs. 150,

10281/1917
15.12.17

SA

two on Rs.125 each and two on Rs.100 each. Three of them will be needed for the Science Departments in the Government Arts Colleges at Kumbakonam, Rajahmundry and Mangalore and the remaining two for the History sections in the first two institutions.

2. The need for these additional Assistant Lecturerships has been alluded to in paragraph 1 (b) of my letter referred to above. I may add here that the Principal, Government College, Kumbakonam, says that the minimum number of lectures a week required to finish the course in History is 17 in the B.A. Classes and 12 in the intermediate Classes and that arrangements have also to be made for delivering three lectures a week on the History of the Tamil country and of Ancient India for the benefit of the students taking language under Group VI of the B.A. Degree course, in which Group the College has been affiliated. The Principal remarks that all this work combined with the supervision of the study classes which are seven for the B.A. and four for the intermediate classes is too heavy for the present History staff consisting of a lecturer and an Assistant and accordingly proposes the employment of an additional Assistant.

3. As regards the need for a Chemistry Assistant in the Kumbakonam College it is stated that the Lecturer in that subject is at present doing seven hours' lecturing work and twelve hours practical work a week besides attending to correction of students' note-books, supervision of stores, preparation of reagents, etc., and that each lecturing period means work for an additional period in connection with the preparation of experiments. The work, it is reported, is too much for one individual

and hence an Assistant is proposed. In case an Assistant is appointed the practical classes can, it is stated, be worked in smaller batches and better supervision exercised over the work of the students. The Demonstrator is said to have enough work to do in connection with the maintenance of a record of practical work, the supervision of stores, the preparation of reagents and the maintenance of the Chemical Library and Museum in order and with helping the Lecturer in Chemistry in experimental work for the lectures.

4. The state of affairs in the Government Arts College at Rajahmundry is said to be similar to that at the Kumbakonam College which is on a par with it so far as affiliation and numerical strength of the History and Chemistry staff are concerned. The Principal, Rajahmundry College, states that the students of Group VI attend at present the lectures given to regular History students in Indian History which is a very unsatisfactory arrangement, that the lecture and supervision work is too heavy for two men to cope with, as they have to look after 118 History students out of a total strength of 276 in the college and that an additional Assistant is indispensable. In connection with the inadequacy of the Chemistry staff, Mr. Couldrey observes - "It stands to reason that a teacher who has to deliver lectures or superintend practical work for four hours a day (which means much more than four hours' work in the Laboratory), to spend thirteen hours weekly in the correction of exercise books and to manage a large laboratory and department of study with only the help of a Demonstrator, even if he be able literally to do the work demanded of him, has no leisure at all to keep himself abreast of his study nor to give to the general plan of his work a proper circumspection. It is working on lines in which no College Lecturer should be asked to work".

As stated in my letter C. No.10281/1917 dated 18th December 1917 an additional Assistant for Science is required for the Mangalore College which has at present one teacher for both Physics and Chemistry and the proposal is in accordance with the recommendation of the University Commission and for which provision has been made in the Model School Scheme. The post may now be added to the staff pending the introduction of that scheme.

b. Statements showing (1) the sanctioned scale of the Subordinate Educational Service, Collegiate Branch, (2) the strength of the Science sections in the Colleges at Kumbakonam, Rajahmundry and Mangalore and the History sections in the first two institutions and (3) the distribution of work among the lecturers concerned are submitted herewith.

I have the honour to be,

Sir,

Your most obedient Servant,

G. V. S. Srinivasan

for Director of Public Instruction

11/13-2-18.

Demonstrator

Demonstrator carries on the practical work of Junior and Intermediate classes in batches of 25 working	8	Junior Inter	4	4, Practical Physics
		Senior Inter	4	---do---

He keeps the record of Practical work and the Laboratory notes of the 100 students

He keeps the record of stores, preparation of stores, keeping the library and preparation of indent stores. These require a lot of time for efficient management.

The Demonstrator assists the Assistant Lecturer in the practical work of the intermediate classes (8 hours) and corrects the exercise books of the senior intermediate students (both observation and record books) under the supervision of the Assistant Lecturer

For three months every year from January to March one extra hour (out of the hours allotted for Practical Physics) is devoted to Practical Chemistry in the 3rd year class

Also this year the Demonstrator has 3 periods a week Elementary Science in the 3rd year and being a South Kanara man he takes Vernacular Translation in the 1st year one period a week.

OFFICE OF THE ACCOUNTANT-GENERAL, MADRAS,

Fort St. George, the 2nd of March 1918.

No. Spl. 15. Edn.

ENCLOSURES:

Two in
supplicat?

Forwarded.

2. There is no audit objection to the proposal of the Director of Public Instruction being sanctioned by Government.

3. The sanctioned scale of the Subordinate Educational Service, (Collegiate branch) given in the statement I has been compared with the audit registers of this office and is found correct.

4. Attention is also invited to Madras Government Confidential Memorandum No. 8349-1, Financial, dated the 28th December 1915.

5. A lump provision of Rs. 4,800/- has been entered in the Budget Estimate for 1918-19 on account of the five additional assistants for eight months. A full year's provision will be made in the estimate, if orders to that effect are passed by Government, in the Financial Department.

Deputy Accountant-General.

R.V. 2.3.1918.

To

The Secretary to the Government of Madras,

Home (Education) Department.

Home (Est^y) Department

CR-623 A - from the D.P.I., R.C. No. 5005 - dated the 13. 2. 18

Subject. Employment of Assistant lecturers in History + Chemistry in certain Govt. Colleges.

The D.P.I. requests sanction for the employment of ~~two~~ assistant lecturers in History + Chemistry ^(each) in the Govt. Colleges at Kumbakonam + Rajahmundry and of an assistant lecturer in Chemistry in the Govt. College, Mangalore.

2. Assistant lecturers in History.

There is at present a lecturer ^(in History) and an assistant ^(each) in the Colleges at Kumbakonam and Rajahmundry. The ~~need~~ necessity for the appointment of an additional assistant is clearly explained in the D.P.I. letter + ~~the~~ the proposal may be approved.

3. Assistant lecturers in Chemistry.

The Govt. Colleges at Kumbakonam + Rajahmundry are affiliated in Branch (II-A) Physics, for the B.A. Pass Course. Students taking up this branch have also to go through a course

pages 244, page 243 of.

study in chemistry. Further, in the intermediate course the colleges are affiliated in group (i) - Mathematics, Physics, and chemistry. For science subjects in the two colleges the staff consists of ~~three~~ ^{three} lecturers and assistant lecturers and there are also two demonstrators to help the lecturers in practical work. Of the three lecturers two are for Physics and there is therefore only one lecturer for chemistry. The Principals (para 3 + 4, page 2 + 3 cf.) of the two colleges have proposed the appointment of an assistant lecturer for this subject and the D.P.S. recommends the proposal. The statement of distribution of work on page 6 of the current file shows that there is too much work for the present staff of the chemistry department. ~~The D.P.S. recommends~~ The demonstrator in chemistry will not be in a position to ~~afford~~ ^{relieve} the lectures of any portion of his ^{lecturing} work. The proposal of the

to appoint an assistant lecturer for each of the D.T. I may therefore ~~be~~ approved.

4. Assistant lecturer in Chemistry in the Govt College, Mangalore

The Govt College, Mangalore, is affiliated in group (i) - Mathematics, Physics and Chemistry, in the Intermediate Course. There is at present only one lecturer for both Physics & Chemistry. The University Commission of 1910 suggested that a separate lecturer in Chemistry should be appointed for the college; provision has been made for this purpose in the model high school scheme which includes also the scheme for the reorganization of the staffs of the Mangalore College. This scheme has been submitted to the Govt of India for obtaining the sanction of the Secretary of State. It is now proposed to employ the assistant for Chemistry in the Mangalore College.

Sub para (iv), p. 29 of 8th 536
16-5-16

Letter No 537 of 16.5.16 (R)
+ Letter No 129 of 4.2.18 (L)

p. 4 of cf.

in advance of the introduction
(of the new)
of the general reorganization
includes in the model high
school scheme. There is ~~no~~
~~to be~~ no objection to this & the proposal
may be sanctioned.

5. There is at present a tem-
porary demonstrator on Rs 50
in the Rangabali College. In
asking for sanction to the
retention of his services
recently, the D.P.S. stated that
the post might be abolished
if a separate assistant
lecturer for chemistry was
employed. As it is now proposed
to sanction the latter appoint-
ment the ~~other~~ ^(demonstrator) post may be abolished.

6. The D.P.S. proposes to distri-
bute the new appointments
as follows in the grade of the
Subordinate Ed. Service, Collegiate Branch.

- 1 on Rs 150.
- 2 on Rs 125.
- 2 on Rs 100.

The distribution seems to be
suitable & may be accepted.

6. The D.P.S. requests sanction
for

Please see the D.P.S.
letter in file 311

para 1, page 1 & 2 Ref.

for the employment of the additional assistant with effect from the 1st March 1918. The colleges will shortly close for the summer vacation and it seems sufficient to employ the staff with effect from the date of reopening of the colleges in July next. Provision has already been made in the budget estimate for 1918-19 for the pay of these lecturers for ~~the~~ 8 months beginning from July next.

7. A draft order is submitted for approval. It may be sent to the Finl. Dept. for acceptance.

me

The Govt ~~are~~ sanction
the proposal of the D.P. I
to employ additional
assistant lecturers
in History in the Govt
Colleges at Kumbakonam
and Rajahmundry and
assistant lecturers
in Chemistry in those
two colleges and in
the Govt College, Mangalore.
The five additional
appointments will be
distributed among the
several grades of the

Subordinate Educational
Service, Collegiate branch,
as shown below:—

- 1 in the third grade on Rs. 150,
- 2 in the fourth, on Rs. 125,
- + 2 in the fifth, on Rs. 100.

2. This sanction is
registered as No. 52 of
1918-19.

3. The additional
assistants will be
employed with effect
from the date of reopening
of the College after
the summer vacation
of 1918. The temporary
post of demonstrator
in the Govt College, Mangalore,
will be abolished when
the assistant lecturer
in Chemistry is appointed
in that College.
