With regard to sugarcane
crushing, the work connected
with this was transferred
the Agricultural Department
in 1916. The administration
report of that Dept. for 1912
gives an account of the experi-
ments conducted.

All these administration reports
are placed on E.T. and as such
copies of them are supplied
by the Press to the non-official
Additional members of the
Legislative Council. As far
as clause (a) of the question
concerns the Addl. members may
be referred to the annual
reports of the Departments
of Fisheries, Fisheries & Agri-
culture.

2. Clause (b) of the question

(1) Mechanical engineering school
at Bocanada -

The scheme for opening the
school was lying over pending
decision

for a decision of the question
the Trustees of the Mada-
Sathyalingam Naicker Trusts
could open such a school
under the terms of the
of ^{the Trust} Sathyalingam Naicker.
Court has recently ruled
that the school could ^{not}
be opened from the fund.
The Govt have therefore to
proceed with their scheme
for the opening of the school.
Mr. Sinner has recently stated
that he would submit pro-
posals in this respect after
the Govt have approved his
general scheme for the
development of industrial
education in this Presidency.
This is separately under exam-
ination.

(2) The Madras Trade School

The Madras Trade School was
opened in 1916. The report
its working in 1916-17 was
recorded in G.O. No. 728 Home
dated the 2nd June 1917, and the
G.O. was placed on E.T. The ^W

The file has been

 S. Private industrial schools
at Vizagapatam, Tanjore and
Bombatore -

Orders in regard to the develop-
 ment of the St. Aloysius' Industrial
 school at Vizagapatam were issued
 (I) in G.O. No. 1584 Home (Estt.), dated
 the 15th December 1917. This G.O. was
 placed on E.T.

As regards the school at Tanjore
 it is submitted that in G.O. No. 740
 (F) Estt., dated the 12th August 1913,
 the Govt. decided that a parti-
 cular site should be acquired
 for the construction of a building
 for an industrial school at
 Tanjore and that a building
 should be erected thereon and
 that the site + building should
 be lent to the Salesian Mission
 or other agency for the purpose
 of the school so long as it was
 managed on lines approved by
 the Deptt. The site was acquired
 but it was not handed over to
 the Mission pending decision
 of a scheme for the development

of the school. As the Mission requires the land urgently for extensions to the school building, and as it appeared that the general principles in regard to industrial education would not be settled soon, the Govt.

(I) in G.O. No. 1217, dated the 20th November 1916, and in G.O. No.

(D) 510, dated the 23rd April 1917, sanctioned the lease of the land to the Mission for the purposes of an industrial and a secondary school.

With regard to the school at Coimbatore attention is solicited to the answer given to a question asked by the Honble Mr. Srinivasaraya Rao Pantulu at the meeting of the Council held in November last. As stated therein the scheme for developing the St. Joseph's Industrial School, Coimbatore which was once under consideration was subsequently dropped.

(4.) The Technical Education Code

Paper

Question No. 137 on p. 27 of the Agenda (E)

Papers relating to the draft code which was submitted by Mr. Dunsen were recorded in Lys. No. 164 Home (29) dated the 13th February 1917 as both Mr. Bouchman and Mr. Dunes considered that it was unwelcome. They however proposed that Mr. Lyne should inspect the industrial schools in the Presidency and submit proposals for their development. These have been received and are separately under consideration. Mr. Dunes has stated therein that there is no necessity for having a separate code for industrial schools at present.

3. The file may perhaps be sent to Mr. Dunes no. for remarks ~~on the subject of the draft code~~ ~~the code is not yet prepared~~. The following draft answer is submitted:—

(a) The Hon'ble Member is referred ~~unreferred~~ to the annual reports of the Department of Industries, Fisheries and Agriculture which

for 9.14 of 2017

which contain the particular
required and which have been
placed on E.T.

(b) (i) Details for the opening of a
mechanical engineering school
at Coacanada are being worked
out by the Department of Industries.

(2) The Hon'ble Member is referred
to G.O. No. 728 Home (Estt), dated the 2nd
June 1917, and ⁴/₁ para 33 of the annual
report of the Dept. of Industries for 1916-17
which have been placed on E.T.

(3) Orders in regard to the development
of the St.loysius' Industrial School,
Kizagapatam, have been issued
in G.O. No. 1584 Home (Estt), dated the 10th
December 1917. ~~which has been~~
placed on E.T.

Certain sites have been acquired
by Govt and leased to the authori-
ties of the St. Francis Xavier's
Industrial School, Tanjore,
to enable them to construct
new buildings for the school.

The proposal to develop the
St. Joseph's Industrial School,
Coimbatore with Special
State aid has been dropped.

It is not for an Under Secretary to Government to suggest that we should protest against voluminous questions. That is a function which he may well leave to those above him.

2. Proceeding to the draft answers proposed, I would point out in regard to (a) that the reports of the Industries Department giving information on the subject do not appear to be all annual reports. Please see M at page 3. The answer to (a) should be revised by stating the several Government Orders in which the information asked by the Additional Member is forthcoming and it should also be said that these have been placed on the Editors' Table.

3. Proceeding to (b), please state in regard to (1) why there has been delay in starting the mechanical engineering school at Cocanada. Also in regard to (2) please make the answer in regard to the Madras Trades School fuller. In regard to (3) I must also ask ~~the~~ that the information about Vizagapatam, Tanjore and Coimbatore should be amplified. In regard to (4) please make it clear that the proposal to issue the Code has been dropped for the time being.
