The Council has in its resolution No. 27 dated 19-11-17 approved of the plans and estimates as modified by the Superintending Engineer, but I regret that the amount quoted in the resolution, viz Rs. 66,700/-, is an error for Rs. 66,000/-. This will be got rectified at the next meeting of the Council.

In conclusion, I request that you will kindly move Government on the subject and obtain their orders for a half grant from provincial funds which the Government was gracious enough to promise in the above quoted order.

(A) Attention is solicited to the notes

the Adoni Municipal Council was called upon
to renew its application for a half grant
for the Construction of a new building

therefor. The Chairman now submits
the plans and estimates amounting to Rs
66000 as revised by the Superintending

It is observed that the cost of the building has gone up from Rs. 40,000 to Rs. 66,000. The school is at present only an incomplete secondary school and teaches up to the third Form. The following statement compares the cost in Adoni ^{with} to the estimated cost of constructing new buildings for some other secondary schools, applications for subsidy in respect of which are separately under consideration.-

NOTES.

Place in which the school is situated.	No. of forms in the school	No. of classes in the school	Total strength on 31-3-17.	Estimated cost of new bldg. Rs.	Remarks
Walajapet	6	2	385	56,000	The orig estimate Rs.78,800 has been reduced to Rs.56,000 at the suggestion of Govt.
Lalgudi	6	2	409	25,160	
Pattukottai	3	5	201	29550	The S.E. considers the Bd's design costly and is revising the plans and estimates.
Adoni	3	5	213	66,000	

The estimate ^{for} of the school at Adoni seems thus susceptible of reduction. It is for consideration whether the D.P.I. may be asked u.o. to suggest any ~~reduction or~~ alterations ^{in the design} so as to bring down the cost from the high figure of Rs. 66,000.

2. As regards the provision of funds, it is submitted that the original intention in asking the Council in November last to renew its application after obtaining the sanction of the competent authority for the plans and estimates was to see whether the savings in certain items for which the provision of 1.50 lakhs for secondary school buildings in the current year had been ear-marked, could not be utilized in complying with the Adoni Council's request. It has, however, been found that the major portion of these savings is required for meeting the excesses in respect of other items. has accordingly been suggested separately amount of 1.50 lakhs.

at Adoni. This case may be considered in the distribution of the lump grant of 1.87 lakhs made in the budget estimated for 1918-19 under "22 E. Education - Payment in support of local board and municipal schools - Grants to local bodies for secondary school buildings."

3. It is ^{submitted that} ~~for consideration whether~~ the file may now be sent u.o. to D.P.I. with reference to para 1 on page 3 ante.

For orders whether the Director's proposal not to return the plans and estimates for revision may be accepted. It may be noted that recently the plans and estimates for the Municipal High School, Walajpet were revised and the cost reduced from Rs. 78,800 to Rs. 56,000.

2. The Municipal Council applies for a half grant of Rs. 33,000. A subsidy of Rs. 15,000 has already been sanctioned in pursuance of 206 Rule of 19.3.18. The D.P.D. may perhaps be requested to state if the balance of Rs. 18,000/- maybe sanctioned from the provision of 1.87 lakhs in the current year's budget.
