The Hon'ble Sri Sobha Chandra Singh Deo.

Home (Education) Department.

Q.85. Regarding the ^{new} secondary schools proposed to be opened in ~~Naiga~~ Ganjam, will the Government be pleased to order that:-

(1) The Board middle school at Ashta be raised to a High School in view of the fact that this centre has no railway facility and it is far from the Berhampur college. *known*

(ii) The Board elementary schools at Buguda and Shergada be raised to middle schools.

Home (Education) Dept.

~~Admission~~ It is separately under consideration to raise 20 board middle schools and 50 board elementary schools to the status of high and middle schools respectively and the necessary provision has been made therefor in the budget. The proposals are being formulated by the D.P.D. in consultation with local education officers and the presidents of local boards - please see para. 1 (II) of the D.P.D.'s letter no. 43 of 15.1.18. It is not known ~~whether~~ what suggestions have been received from the local authorities in Rayam and what the Director's final recommendations would be. Perhaps the Additional Member may be merely told that his suggestion will receive due consideration. The D.P.D. may be consulted too.

The President D.P. Board favour area for a high school and the Inspector somewhat reluctantly supports him, referring to the letter of the President D.P. Board in the Budget and the other points for middle schools. I think the proposed number will meet the case.

It is impossible to recommend two high schools for Rayam. The District School will be the best.

The following draft answer, which has been accepted by the D.P.S. may be sub. to H.E. for approval:—

(verbal)

In the proposals recently received from the Director for the opening of new secondary schools he has recommended the raising of the status of the Board middle school at Aska to that of a high school and the opening of a middle school at Buguda. As no further action is necessary the papers may be over.

howsly but the Hon member
oppose the claim of the gada.
There are two high & three middle
schools whose population is 1
do not think that a fourth middle
school is necessary. As regards
49 instead of 50 middle schools
The results of my enquiries show that
of 49 are now being run with advantage.
