I have much pleasure in recommending Miss Marie Gunther as a teacher of the Piano-forte.

Her pupils here much regret her return to India. Their progress since she has taught them has been most marked and each lesson has been for them full of interest.

I feel sure that Miss Gunther has a most successful future before her.

Subject.- State scholarship for members of the ~~Asiatic~~ domiciled community(female candidates).

C.Nos.915 and 1054, From the D.P.I.No.2810, dated 27-3-18 and 17-4-1918.

(abstract at

The D.P.I.recommends Miss M.Walke for the State scholarship for domiciled European and Anglo-Indian women available this year. The Surgeon-General has separately reported that he has no recommendations to make.

2. Miss Walke has just appeared for the B.A. ~~exam~~ ^{till} examination and ~~if~~ she passes that examination she is not strictly eligible for the scholarship. Please see paragraph 4 of the Government of India's resolution printed in G.O.No.666, Educational, dated the 17th July 1913 and also pages 5 of G.O.No.593, Educational, dated the 23rd May 1916. Miss Walke proposes to study for the Natural Science tripos of the Cambridge University. It is doubtful whether she can be considered as deserving to undergo 'educational training' within the meaning of G.O.No.666, Educational dated the 17th July 1913.

3. It is submitted that the D.P.I.may be asked U.O. to ascertain and report, as early as possible, the result of the examination for which Miss Walke has appeared. The required particulars can probabl be obtained from the Registrar of the University ^{some} in advance of the official publication of the results.

The nomination is due in the Govt of India by the 15th May. ~~Reserve~~

ordinarily published before the middle of July ¹⁴ and advance information from the University Registrar will not be possible much earlier than that date.

As we have no other qualified candidate we ^{may} have to recommend Miss Walke on the assumption she will come out successful. As soon as the results are published we may wire to India.

The difficulty seems to be about the purpose of her training. The Govt. of India Resolution definitely specifies certain purposes. For aught we know Miss Walke may eventually ~~intend~~ take to teaching. If so she may after undergoing the National Service Tripos course train herself as a teacher in one of the training schools in England. The D.P.D. may be asked to state whether she intends any such course. Will adopt 'training' ^{Ca}

I have now learnt that Miss Walke has passed in London in Zoology & Botany.

She has been working for the Natural Science Department at Cambridge University. This seems to be an educational course within the meaning of the Act of India and if she undergoes it with reasonable success she will be well qualified for work in a Women's College. It has not been usual to require from holders of European training special training in addition for College work, and I do not think that there is any need to make this a condition of Miss Walke receiving a Scholarship.

It is very possible that there is every prospect of her finding employment in higher educational work on her return as by that time Science teaching here will have been introduced in the Law University College.

If she gets the Scholarship I must, ^{however} ~~not~~ ^{if} my proposals for sending women home for science training and for an agreement with her for employment on her return.
