From (Name) The Hon'ble Mr. J.H. Stone, M.A., F.R.H.S., C.I.E.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Home (Education) Department.

Sir,

THROUGH THE ACCOUNTANT-GENERAL, MADRAS.

The gymnastic apparatus required for use in the gymnasium hall of the Madras Students' Club indented for from Messrs. Narragansett Machine Co., Providence, R.I., United States of America was estimated to cost about Rs.5000, and accordingly a provision to that extent has been made in the current year's budget under "22 E. Education Government School-General, Other Secondary schools for Boys - Supplies and Services", Vide G.O.No.37, Home (Education), dated 11-1-18. In the enclosed extract from a letter dated 8-3-18 from the firm, they state that the total cost including freight and insurance will amount about ₹ 2100.00. This is equivalent

to about Rs.6300 ($\$ 1 =$ Rs.3 nearly). They further state that freights may rise still further and that they cannot guarantee the rates given in the letter. In these circumstances, the sum of Rs.5,000 provided in the budget may be raised to Rs.6,500. The necessary re-appropriation statement will be submitted on receipt of orders of Government on this communication.

I have the honour to be,

S i r,

Your most obedient servant,

R. Arivu.

Extract from the letter of Naragansett and co., Providence
R.I. dated 8-3-18.

We acknowledge with thanks receipt of your order for gymnasium apparatus for the Madras Students' club.

The prices given on your list are not the standard prices of to-day. The net prices of to-day are shown on the enclosed list. Note the amount is \$ 1336.48 as against your list of \$ 1163.00. We take it that it would be satisfactory to ship the ^{order at this} ~~order~~ difference but we do feel that we ought to inform you regarding freight. We have spent ^{some} ~~one~~ time in trying to find out what the cost of freight on this shipment would be and as near as we can get it, it would be approximately \$ 700.00 with a war and Marine insurance of at least 1 1/2%. This would make the total list plus insurance amount to almost \$ 2100.00. This rate is for goods moving via Pacific Coast ports to Kobe or Hongkong and thence to Madras. The shipping companies are unable to give us rates or any insurance that they could move through the Atlantic and the Suez Canal. The freight rates are so heavy that we feel we ought to give you these facts before we fill the order.

It will be necessary for us to get permission to export these goods. That may take time. Ports are congested and we don't know when the goods will reach you after they leave here. We know it has taken six months for goods to reach China. Freights may raise and we can't guarantee the rates given above.

With these facts before you will you cable whether or not we shall go ahead with the order? There are some things on it for which we ought to have information. They are as follows:-
