Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department (through the Accountant-General).

Dated—the 15th February 1918.

No.—R.C. 6781/1917.

I have the honour to address Government on the subject of classification of charges of the Teachers' Colleges at Saidapet and Rajahmundry.

2. At present, the charges relating to the Teachers' College, Saidapet, and the Secondary Training class attached to it are being debited to the two minor heads under 22. EDUCATION, viz., "Government Colleges—Professional" and "Government Schools—Special—Training Schools for Masters" in the proportion of 4:1. This proportion, it may be observed, would appear to have been fixed several years ago by Dr. Duncan, when the College Department including model school and the Secondary Training class had no separate staff earmarked for them; nor is the authority of Government ratifying the above proportion forthcoming at present. In connexion with the classification of charges relating to the Government Training College, Rajahmundry, which was opened in July last, the Accountant-General enquired whether the expenditure relating to that institution might be proportionately distributed between the heads "Training Colleges" and "Training Schools" and, if so, in what proportion. Thereupon, I investigated the question fully and as I was convinced that there was no justification for adopting, in the case of the Training College, Rajahmundry, the proportional method of distribution of charges obtaining in the Teachers' College, Saidapet, especially in view of the fact that the College Department and the Secondary Training class have separate staff, establishment and allotments for contingencies and supplies and services and that the supervision, if any, to be exercised by the Principal of the College over the Secondary Training class would be but nominal and might cease to exist, should the latter be removed from the College premises, I suggested to him that all charges relating to the Training College might be debited in full to "22. EDUCATION—Government Colleges—Professional—Teachers' Colleges", the expenditure appertaining to the Secondary Training class being shown under "Schools—Special—Training Schools". For the above reason and seeing that with the introduction of the model school scheme the Secondary Training class located in the premises of the Teachers' College, Saidapet, will have to be transferred to Chittoor, I took that opportunity of proposing to the Accountant-General the introduction, with effect from April next, of similar changes in the system of maintaining accounts in this College as well. The correspondence on the subject took place in the month of August last, and as the Accountant-General raised no

objection to the modification proposed, I made corresponding changes in the Civil Budget Estimate for 1918-19 which was then under preparation. However, in his letter No. G.A. 63/18290, dated the 6th instant (copy enclosed), he raises the question of debiting the charges common to both the College and Training Departments and desires me to obtain the orders of Government with reference to article 773 (c) of the Civil Account Code "for the apportionment of the charges relating to the Rajahmundry, Saidapet and Mangalore Training Colleges".

3. There is no Training College at Mangalore, as observed by the Accountant-General. Presumably, he refers to the Government Secondary Training class and, if it is so, this institution will come to be attached to the Government College, Mangalore, if and when the scheme of establishment of model secondary schools materializes. As matters stand at present, the Secondary Training class is held in a separate building and worked independently of the College.

4. With regard to the Teachers' College, Saidapet, it appears to me that the principles enunciated in article 773 (c) of the Civil Account Code do not apply in this case, seeing that under the first sentence of the article cited, the salaries of the Principal or any member of the staff employed therein will still have to be debited to the College Department even granting that he exercises "any control" over the Secondary Training class. There is, however, the question of departure from the existing practice mentioned in the second sentence of article 773 (c). But in the light of the circumstances explained in paragraph 2 above, I do not see the necessity for perpetuating it, since the present method of apportionment of charges does not appear to have been based on any definite data, and I accordingly beg to request that Government will be pleased to approve of my proposal to debit, with effect from the commencement of the next official year, the entire expenditure relating to the Teachers' College, Saidapet, including the model school to "22. EDUCATION—Colleges—Professional—Teachers' Colleges" and of the Secondary Training class in that locality to "22-F. EDUCATION—Schools—Special—Training Schools for Masters".

5. The arguments adduced in respect of the Teachers' College, Saidapet, and the Secondary Training class hold good in regard to Government Training College, Rajahmundry, and the Secondary Training class at that station; but I would propose that in this instance the system might be introduced for the sake of convenience with effect from July last, when the College Department came into existence.

ENCLOSURE.

Letter—from the Accountant-General, Madras.
To—the Director of Public Instruction, Madras.
Dated—the 6th February 1918.
No.—G.A. 63/18290.

With reference to your letters No. 6781, dated the 15th August 1917 and 23rd August 1917, I have the honour to state that, if there is an exclusively separate staff and establishment for the College Department and a separate staff and establishment for the school training department sanctioned by Government and if the Principal or any other member of the staff of the College Department does not exercise any control over the latter, then there would be no objection to the charges in connexion with the College Department being debited to "22. EDUCATION—Government Colleges—Professional—Teachers' College" and those of the latter to "Government Schools—Special", all common charges being taken to one or other of the heads referred to, as the arbitrary classification to two or more heads of account is no longer permissible under the rules. The question as to which head of account such common charges should be debited should be decided in accordance with the principle enunciated in article 773 (c) of the Civil Account Code, Volume II. I would request you therefore that the orders of Government may be obtained for the apportionment of the charges relating to the Rajahmundry, Saidapet and Mangalore Training Colleges and also in respect of other institutions for which such apportionments are made.

II

Endorsement of the Accountant-General No. G.A. 63/21155,
dated 12th March 1918

Forwarded.

2. Under the principles enunciated in paragraph 2 of letter No. A.C. 1960/382-15, dated the 13th November 1917, from the Comptroller-General regarding the division of a charge between two or more heads of account, a copy of which was communicated

to Government with this office letter No. T.M. 30-2/14202, dated the 20th November 1917, the entire charges of the Teachers' colleges including those of the Training Schools Sections would require to be debited to "Colleges—Professional," unless Government lay down separate scales of establishment for each and the bills are separately drawn for each section of the establishments, viz., Teachers' colleges and Training schools, in which case there is no audit objection to the proposals of the Director of Public Instruction in paragraphs 4 and 5 of his reference being approved.

H. BHIMASENA RAO,
Deputy Accountant-General.

To the Secretary to Government, Home (Education) Department.

Order—No. 639, Home (Education), dated 17th May 1918.

The Government approve the proposal of the Director of Public Instruction to debit, with effect from the 1st April 1918, the charges relating to the Teachers' College, Saidapet, including the model school to "22-D. EDUCATION—Government Colleges—Professional" and those relating to the Secondary Training class in that locality to "22-F. EDUCATION—Government Schools—Special—Training Schools for Masters". A similar arrangement is also approved in respect of the Government Training College for Teachers at Rajahmundry with effect from July 1917.

2. The scales of establishment sanctioned for the Teachers' College at Saidapet, for the Government Training College at Rajahmundry and for the secondary training classes at those places are shown in the annexure to these proceedings.

From the Director of Public Instruction, dated 15th February 1918,
R.C. No. 6781/17.

There appears to be no objection to the adoption of the classification suggested by the Director of Public Instruction, viz., to debit the charges relating to the College section including the model school to "22. EDUCATION—Colleges—Professional" and those relating to the secondary training section to "22. EDUCATION—Schools—Special—Training Schools for Masters." From the proposition statement printed with G.O. No. 128, Home (Education), dated the 4th February 1918, it is observed that the College Department and the Secondary Training Department of the institutions in question have practically separate establishments and there would be no difficulty in preparing different establishment bills for them as required by the Accountant-General in his endorsement in the current file.

FINANCIAL DEPARTMENT.

At present, the charges relating to the Teachers' College, Saidapet (including the model school and the secondary training class) are being debited to two minor heads 'Colleges—Professional' and 'Schools—Special' in the proportion of 4 to 1. It is now proposed to debit, with effect from 1918-19, to (1) 'Colleges—Professional' the entire expenditure on account of the Teachers' College and the model school, and to (2) 'Schools—Special' the entire expenditure on account of the secondary training class attached to the Teachers' College, Saidapet. It is also proposed to adopt a similar procedure in the case of the Training College, Rajahmundry, from 1st July 1917 (when the College Department came into existence).

2. The budget for 1918-19 gives effect to the above change—page 130, Civil Budget Estimate for 1918-19, footnote (b). Attention is solicited to paragraph 2 of Accountant-General's endorsement, dated 6th February 1913, in the current file in which he remarks that there is no objection to the proposal if Government lay down separate scales of establishment for each (i.e. for the college and for the school) and the bills are drawn separately for each section of the establishments.

3. Submitted that Home (Education) may be requested to be so good as to amplify paragraph 2 of the draft order by indicating the separate scales of establishment sanctioned for the college section and for the school section. The draft may otherwise be accepted in Financial.

The Gazetted portion.—(1) The scales for the Teachers' College at Saidapet and for the Government Training College at Rajahmundry have been checked. There is no appointment of Vice-Principal in the Indian Educational Service in the Government Training College, Rajahmundry, though there is an appointment of a Junior Professor in the Indian Educational Service on Rs. 500—50—1,000.

(2) With regard to the non-gazetted portion of the scale, the following discrepancies are pointed out:—

(i) *Godavari.*—The increment in respect of the two appointments on Rs. 30—2—40 is biennial.

(ii) The two assistants (temporary) on Rs. 30 are presumed to be those sanctioned in G.O. No. 1110, Home (Education), dated the 30th August 1917, if so they should have been shown in the scale of permanent establishment.

(3) As headmasters and the first assistants of the secondary and higher training schools belong to the subordinate educational service and as the audit is conducted with reference to the Provincial scale, the scale for each institution, so far as that cadre is concerned, cannot be checked.
