G.O. No. 679.

DATED 28.5.1918.

INDEXED

[Despatch Abstract.]

Basel Mission Industrials.

Recording notes relating to the proposal to buy the
Basel Mission mechanical engineering workshop at Mangalore
for the purposes of an industrial school at the place.

Office of the
Director of Industries.
Madras. 22nd April 1918.

Dear Mr. Ramachandra Row,

I see from a recent note in the 'Madras Mail' that the property of the Basel Mission Industries on the West Coast is likely to be sold by Government. I understand that the Basel Mission runs a Mechanical Engineering workshop at Mangalore, and it has been suggested to me that if Government are proposing to sell up the industrials it might be worth our while to buy in the Mechanical workshop and run it as an Industrial School for the West Coast. Vibert, the Collector whom I have consulted, is in favour of the proposal, but he says that no orders have yet been issued regarding the future of the Industrials. If the question comes before the Home Department might I ask that the idea of buying in the workshop at Mangalore and using it to start an industrial school on the West Coast may be considered.

To

The Hon'ble Dewan Bahadur

R. Ramachandra Row, A.I.,

Secretary to Government,

Home (Education) Department,

Stonehouse Hill,

Ootacamund.

25-APR-1918

Yours sincerely,

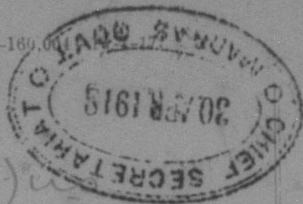

Home (Est.) Depart.

Submitted that the Public Dept^t (war section) may be requested to state in what stage ~~in~~ the question of the disposal of the Basel Mission Industrials now is.

2. The question of establishing a mechanical engineering school on the west coast was under the consideration of the Gov^t in 1914. It was proposed to co-operate with the Basel Mission in the opening of such a school. When the war broke out the Mission expressed their inability to proceed with the scheme and the proposal was therefore dropped. The Hon^{ble} Mr. Sadasua Bhat brought forward a resolution at the meeting of the Legislative Council he on the 13th March last urging that provision be made for the opening of an industrial and technical school on the west coast. Attention is solicited to the notes on that Resolution at Slip (5).

NOTES.

Public (war) n.o. for favour
information as to the disposal
of the Basel Mission Industrials
property
Gould.

Put Sept.

The Home Govt. have recently decided
that the Basel Mission Trading Society should
be liquidated; they have at the same
time directed that since an effort is
now being made by British Societies to
take over the work of the Basel Mission,
ample time should be allowed them
before either the Basel Mission Trading
Society or the Basel Mission itself is
interfered with. It is therefore submitted
that no steps in the matter of the disposal
of the Basel Mission Industrials can be
taken until intimation is received
either from the India office or the Govt. of
India, as to what the British Societies
have decided to do in the matter.

2. The suggestion in Mr. Innes' D.O.
may perhaps be noted for the present
and put up for ~~for~~ orders when
definite steps are taken for the liquidation
or disposal of the Basel Mission Industrials.

As orders relating to liquidation under the Enemy Trading Act of 1916 will issue in Revenue, that department also may perhaps see this case before it is returned to Home (Education).
