Most Honourable Sir,

In obedience to your Memo No. 210-C dated 11-1-1918 communicated with Superintending Engineer's No. 891-G1 dated 27-1-1918 I beg to state that I was under the impression that the examination was only intended for temporary tracer's post and I, being a permanent tracer, did not make any attempt for the required examinations.

Secondly I beg to bring to your kind notice that I have undergone and qualified the required course for a - Surveyor and a Draftsman in a Military Institution, under Royal Engineers, named, Second Queen's Own Sappers and Minors Bangalore, as my father was a Commissioned Officer in the Military Department. I herewith enclose the true copy of my certificate which shows that my qualifications are more high than what is required for a tracer.

Moreover I worked as a Surveyor, Draftsman and a Sub Overseer on several occasions. I herewith enclose the true copies of testimonials as to my work in the Department for your kind perusal.

As regards my educational qualifications I appeared for the Matriculation Examination but unfortunately got plucked in it.

Before I joined this Department I was drawing double of my present salary as a Surveyor in Coimbatore District but with hopes of getting Sub Overseer's post, I have accepted the permanent post of a tracer for the time being and I have put in 4 years permanent service and I am now working as a temporary Sub Overseer. Also I am going on Military service in Mesopotamia as a Sub Overseer for the Hindiah Irrigation works.

I most humbly beg to request your honour to consider my qualifications above stated and favour me with an Order to the effect exempting me from the examination rules prescribed for a Tracer's post.

Mahomed Sulaiman

Sir,

With reference to your Memorandum No.1008-Ad-1., dated
6th. April 1918, I have the honour to report that Muhammad
Sulaiman was appointed as a Permanent Tracer by Mr. C.Mildre
in February 1914.

2. Muhammad Sulaiman has undergone a course of instruc-
tion and has passed in the following technical subjects in
the Second Queens' Own Sappers and Miners, Institution,
Bangalore.

1. Drawing, Printing scales.
2. Chain survey.
3. Plane table.
4. Prismatic compass.
5. Dumphy level.
6. Estimating and plan drawing.

7. Reducing, enlarging and copying plans etc.,

3. As regards his general educational qualifications he went up for the Matriculation Examination from the Wesleyan High School, Bangalore, in the year 1912. He obtained the following marks in the various subjects in the ~~terminal~~ ^{terminal} examination at school in 1912.

Vernacular.	27
Knowledge.	35

In the year 1913 he studied in the C.M.S. High School, Ellore but was not allowed to go up for the S.S.L.C. Examination owing to some technical objections. Please vide copies of certificates enclosed. He is a Muhammadan and his father had served for over 30 years in the Military Department and is said to have taken action in the Second Afghan War, the Punjab Frontier War and the Chin Hills expedition. Besides, most of his relatives have been serving in the Military Department.

4. Though he did not pass either the Matriculation or the S.S.L.C. Examination, Mr. Mildred seems to have taken, his general and technical educational attainments as a sufficient qualification to give him the post of a Tracer.

He is being a Muhammadan and the son of a Military man seems to have had also some consideration.

5. Under these circumstances I request that necessary exemption from Examination rules may be obtained, if necessary, to his appointment as a Permanent Tracer.

I have the honour to be,

Mohamed Sulaimon has worked as draftsman in our office for three and a half months, at map work. He is fairly good at outlining, pretty good at colouring, and has improved considerably during his time here. We dispense with his service only because there is little work in the office at present.

It is noted that in the letter read above the S.E. recommends that Mr. Hulacian be exempted from the say rules to hold the post of permanent tracer to which he was appointed in ^{February} 1914. In his letter no 30 W 2717.4.10, the SE recommended that the tracer might be permitted to appear & pass the tests after his return from military duty. It is not clear if it is the SE's intention to displace with the main's series if he fails to pass the tests as proposed above or if permanent exemption is recommended on his behalf. The SE is requested to report on this point. If permanent

To The Chief Engineer, P.W.D.

Sir,

With reference to your Memo No. 1006-Ad-2, dated 10-5-1918, I have the honour to state that my No. 30-W., dated 24-4-1918 was only in reply to your Memo No. 1006-Ad-1, dated 6-4-1918, requesting to report the circumstances under which Manamad Sulaiman was appointed as a permanent tracer when he had not the required qualifications and without obtaining the sanction of Government to his exemption from examination rules.

2. In my No. 30-W., dated 17-4-1918, it was recommended that he may be allowed time to pass the prescribed technical ~~examinations~~ ^{tests} on his return from Military duty under orders contained in G.O., Nos. 1422-Home (Educational)

Mr S.E. pointed out that these men

traces & enquired if with reference
to the orders in memo no 210 C of 11.1.18
the services of the men should be dispensed
with or if they may be given time till
the ensuing November exam to pass the
tests. He also pointed out that two
of the men had gone to the military dept
recommended that in these cases
they may be permitted to pass the exam
after their return from military
only. The S.E. was told that special
consideration will be shown in the
case of these two men & that as
regards the rest such as have

he recommended for exemption ^{until} ~~pending~~
the results of the November Examination
are known. The SE has now applied
for such exemption on behalf of these
(temporary leave)
of the five men who satisfy the above
conditions - vide applicat. at pp 8-10 of.
The applicat. may be recommended to
Home SEC (red) for sanction.

2. As regards the two men who have
gone to military duty, the SE makes
the following recommendations:-

K. Rama Rao Naidu This man
is a temporary trace. The SE recommends
that he may be exempted until the
date of his passing the prescribed tests.
This is rather indefinite. Exemption
may be recommended to Home (SEC)
on this man's behalf for a period
of one year the period he is employed
in the military dept. for a period
of one year after his release. If he
fails to pass the tests within that
time the SE can come up for
the exemption.

 is a permanent tracer & was appointed
 in February 1914 (i.e.) before the tests
 in question were prescribed for tracers.
~~thus~~ - The man was not qualified
 for a tracer's post even under the rules
 then in force & before appointing him
 as permanent tracer the S.E. should
 have obtained his exemption from
 the S.E. rules. Mr. Gildred, the
 then S.E. appears to have appointed
 this man permanently ~~tracer~~ without
 obtaining the necessary exemption,
 under a misapprehension. The
 man has passed ⁱⁿ a number of technical
 subjects in the second Queen's Own
 Sappers & Miners Institution at
 Bangalore & has worked for about
 4 years as a permanent tracer in
 this Dept. The S.E. recommends that
 the man ^{maybe} permanently exempted from
 passing the tests
 prescribed for tracers. It will be
 seen from the certificate at p. 4
 of the CF (linked file) that the man
 has done good work in the P.W.D.
 In the circumstances, his permanent
 exemption may, if appd, be recommended
 to Home (etc) etc.

3. The S.E. has applied for exemption in ~~all~~ the case of all the temporary trawlers from 30.10.17. It will however be seen from the marginally noted orders that the general exemption for three years granted in Gono 541 SOL of 19.5.15 has been extended until the results of the census to be held in April 1918 are known. Another exemption is therefore refused only after this period.

4. The S.E. proposes to replace by unpassed men two unpassed trawlers in his circle who have not put in five years service - vide (3) in S.E.'s letter no 167W of 10.6.18 at p. 7 c7. It is presumed the S.E. will separately come up for the necessary exemption on behalf of these men until they are replaced by passed men. The L's attention will be drawn to this when ~~communicating~~ communicating the orders on this case. Home (SOL) may be requested to communicate a copy of the notes along with the orders to be passed on these cases.
