Dear Sir,

With reference to your enquiries regarding candidates from this Presidency who apply for admission to the Andra Institute of Science, Bangalore, I am to suggest that it would probably be more profitable to consult the University of Madras if any outside consultation about the candidates is needed at all. If the rule of the district require that a reference to the local foot is necessary in these cases it may be desirable to ^{take steps to} amend the rule in this regard.

Yours

I hope that with regard to admission to the course for students from this Presidency, you shall enquire of the Govt if the applicants are not unseasonably numerous.

Written a local enquiry which is not made the number is more likely to know more of the applicants than the Dept. of Dist.

Yours

Sir Alfred Bourne
