 Sir, Divisional Officer, Tiruvannamalai.

20 *the collector* I have the honour to forward herewith a
in post copy of the chairman's note for the Council dated 17.4.18
h-3 mfr and of the Council's resolution *23-4-18* and to request
 that the grant therein mentioned may be sanctioned.

It is a pity that the schools should suffer from
 defective housing and the only way to avoid this is by
 constructing new buildings.

Plans and estimates will be prepared
 and necessary sanction obtained on receipt of the
 grant or on receipt of an intimation that there is a
 likelihood of the grant being sanctioned.

I have the honour to be,
 Sir,
 yours most obedient servant,
T. N. Krishna Rao
 for Chairman.

Chairman's Note for the Council.

The rented building in which the Municipal Madamadan Girls School is now held is not convenient and suitable.

The Sub Dist. Inspector of Schools North Arcot Salem Circle Range has also remarked in her inspection notes dated 13.3.18 that there is no garden attached to it and that the compound walls are low.

Two new schools have been opened on March 18 viz. The Municipal Hindu Elementary Girls School and The Municipal Elementary Boys School.

It is difficult to get rented buildings for the above schools as the town is congested. The Municipality has no funds to spare on the construction of new buildings for the schools.

The Government may, therefore, be requested to sanction special grants for construction of 3 buildings for the 3 schools - plans and estimates being prepared on receipt of a reply from the Government that there is a likelihood of the amount being granted.

The cost of sites for the three schools may be roughly estimated at Rs. 3000/.
The cost of the three buildings may be estimated at Rs. 13500/.

Therefore application may be made for a grant of Rs. 16500/- in all.

p. 6. cf.

The Director states that it will be impossible to guarantee the subsidy asked for (Rs 16,500) as the proposals called for ^{for local work} in respect of the utilization of the budget provision given for elementary school buildings are likely to exceed the provision made. It is however, for consideration whether this ~~pro~~ file may ^{not} be over kill the proposals for the distribution of the provision are received. It may then be considered whether it would be possible to ~~concede~~ ^{grant} at least a portion of the amount asked for. In the meanwhile D.P. may be asked

to note on the financial condition of the municipality and to state the savings, if any, under the Council of subsidies for educational buildings.

13.7.18

It seems to be better today that we have no funds. The Council will then do its best with its savings.

Meanwhile the D.P. I may register the application which will be considered if it be renewed at the close of the year

In 1915-16 and 1916-17 the Council had a surplus of Rs 2,241 and Rs. 4,157, respectively in its normal revenues but in 1917-18 it had a deficit of Rs 65. There are no savings under the grants made to the Council for school-buildings. There was, however, an unexpended balance of Rs 3,316 under these grants on 1st April 1918, of which Rs 1,956 relates to the grant of Rs 4,200 sanctioned for a building for the secondary school and Rs 1,360 represents the grant sanctioned in G.O. No. 709 Home (Education) dated 29th May 1917. This balance will, doubtless, be utilized by the Council for these purposes and the Council is not in a position to meet the cost of the buildings now proposed from its own funds. In view, however, of the D.P.'s remarks in his endorsement, the proposal of the Home (Edu.) department to inform the Council that the Govt. are unable to make a grant now but that if it renews its application towards the end of the year, it will be considered, may be accepted in this defft and the file returned to Home (Edu.) for the issue of orders.
