Government of India.
DEPARTMENT OF EDUCATION.
(Education.)

Madras, the 27th June 1918.

From

The Hon'ble Mr. H. Sharp, C.S.I., C.I.E.,
Offg. Secretary to the Government of India.

The Secretary to the Government of Madras,
Home (Education) Department.

Sir,

I am directed to forward for information a copy of the distribution list of the 7th Quinquennial Review of the progress of education in India which is now in the Press. The Superintendent, Government Printing, India, will distribute copies in accordance with the list when the review is ready.

2. I am also to invite attention to this Department's letter no. 257-268, dated the 12th February 1914, on the same subject and to say that the Government of India would be glad to see a similar distribution made of the forthcoming review to all colleges, high schools, normal schools and other deserving public institutions and libraries and to inspecting officers of and above the rank of deputy inspector. The number of copies entered against each province and against Directors of Public Instruction is intended to provide for this supply. I am to request that, with the permission of the Governor in Council, arrangements may be made for distribution within the Presidency of Madras.

3. The distribution list shows that certain newspapers will receive copies direct from the Superintendent, Government Printing, India, Calcutta.

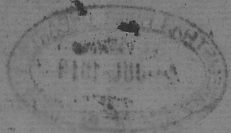

4. In view of the desirability of curtailing reports every effort has been made to cut down the number of pages

with 4 spare
copies.

of the review. But by reason of the necessity of dealing with developments in individual provinces the amount of curtailment possible in Volume I is limited. As regards Volume II, it is proposed to cut out some of the appendices which figured in the issue of 1912. Should there be a demand for the appendices among Directors of Public Instruction, etc., it may be found possible to print out a few copies. At the same time demands for fresh information have necessitated the inclusion of several appendices which have not figured in previous reviews. On the whole however it is thought that there will be substantial curtailment in Volume II.

5. I am to suggest that the information contained in Volume II is perhaps not necessary for the information of some of the officers and institutions to whom the distribution is extended. Volume II consists of the general tables, appendices and supplemental tables. Of these three portions the general tables form the most important. But a considerable number of the figures contained in them are included in the letter press of Volume I; and, though references will occur in Volume I to information in Volume II, that information is generally of a detailed character and not essential save for a close student of education. I am to suggest that a considerable saving may be effected if a certain percentage, say one half, of the recipients under the heads of local Governments, and Directors of Public Instruction receive only Volume I. The Government of India would be glad to know whether it is thought that distribution on these lines would be suitable and to receive intimation of the number of officers or institutions to whom it is not necessary to send Volume II.

6. It is proposed to effect a further saving by binding some of the volumes in paper. It is thought that this might extend to 50 per cent or more of the total distribution.

I have the honour to be,
Sir,
Your most obedient servant,

W. S. P.

Offg. Secretary to the Government of India.

Distribution of the 7th Quinquennial revision of the progress of Education in India.

Part 2 of Sec. 244 Ed. 1914

Part 5, Part 2, C. 8.

NOTES.

Name (Ed. 1914)

Lo. 1380/2, from the G. O. D. 530, dt. 27.6.18.
Lo. 1645-B, from the D. P. D. R. C. 6068, 2.8.18.

The G. O. D. 530
Distribution list of the Seventh Quinquennial -
-rial report is the same as the one
issued by them in 1914 in respect of
the Sixth Quinquennial revision. In the
case of the latter, this book got in
the aggregate 500 copies, 100 copies
on behalf of the D. P. D. 400 copies for the
Local Govts. In the present distribu-
-tion also the same number has been
provided. What India suggests is
about 50 p.c. reduction in the no.
of copies of Vol. II of the revision; no
reduction in Vol. I appears to be
contemplated.

The D. P. D. to whom India's
letter was referred for remarks
sends a demand only for 382 copies
of Vol. I & 61 copies of Vol. II. Though
the latter represents a reduction,
much greater than that suggested
by India themselves, it may be
accepted, and tending to economy.
In regard to vol. I, it appears from
the Director's distribution list that

he proposed to restrict the distribution, among Sub-Asst. Inspectors, to such of them as drew a substantial pay of Rs 150 & above; whereas India desire that distribution should extend to all inspecting officers of and above the rank of Deputy Inspector. In this Presidency Sub-Assts. take the place of Dy. Inspectors and accordingly all of them get the sixth quinquennial review. In the present instance copies are too few to admit of all of them being supplied with a copy each. But the distribution can certainly go lower down to Sub-Assts. who draw even less ^(than Rs 150) and since 500 copies of Vol. I are available ^{the D. P. O.} 450 may be sent to them and 50 copies distributed to Sub-Assts. and officers of the Serth: &c. on the lines of G.O. No. 540 Sdls. dt/12/14 May 1914. 49 copies of Vol. II may also be asked for in addition to the D. P. O.'s demands of 61 to provide for the distribution at 'A' above.
