Station Madras, Dated the 5th AUGUST 1918.

From (Name) The Hon'ble Mr. J. H. Stone, M.A., F.R.E.S.,
C.I.E.,
(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,
HOME (EDUCATION) Department.

Sir,

In G.O. No. 161 Home (Education) dated 12th February 1917, a grant of Rs. 6,372 was sanctioned towards the cost of acquiring a portion of the site bearing R.S. No. 3543 of Mylapore for the construction of a building for the P.S. High school, Mylapore. The Correspondent subsequently reported that the acquisition of this portion would leave a strip of land on the western side unacquired which would be of no use to the owner and requested that the whole portion including the strip might be acquired, vide his letter No. 83 dated 30th April 1918 (copy enclosed) and the enclosed site plan. The Collector of Madras whom I consulted as regards valuation, states that the whole portion

now proposed for acquisition is valued at Rs20,826, vide his letter D.Dis. No.920 of 18 dated 26th June 1918 (copy enclosed) and the valuation statement. I have the honour therefore to recommend that a half grant of Rs10,413 may be sanctioned for the acquisition of the proposed extent of land instead of the original grant of Rs6,372.

2. I would further recommend with reference to para 3 of the G.O. quoted in paragraph one above that the acquisition of the portion of the site required for the purpose of a playground may also be proceeded with at once as there is a provision of 1 lakh of rupees in the current year's budget for playgrounds.

I have the honour to be,

Your most obedient servant,

R. A. Arive.

Copy of letter No.83 dated 30th April 1918 from the Correspondent, P.S. High School, Mylapore.

" In drawing your attention to my request contained in my letter No.1 dated 9th July 1917 for the acquisition of land in Survey No.3543 next to Brodits Road, Mylapore for the erection of the school building for the P.S. High school, I have the honour to state that the authorities of the Kapaleswarar Temple to whom the said land belongs object to the acquisition of the land as required (viz) land measuring East to West 260 Ft and North to South 280 Ft thus covering an area of 72800 S. Ft in the South of the said Survey No.3543 on the ground that by such an acquisition there will be a strip of land left to the West of the portion to be acquired which would be of no use to the temple authorities and that thereby they would be put to loss. I understand that, in the circumstances, the counter proposal is that land should be acquired of the required extent but in such a way that there would be no strip of land left untaken to the West of the land to be acquired which means that the North to South measurement of the land to be acquired would be something like 230 Ft and not 280 Ft as originally proposed. The frontage of 280 Ft is very necessary and, if necessary, we are prepared that the acquisition should be so made that there is no strip of land left untaken to the West of the land to be acquired making sure, however, that we have a frontage of 280 Ft even though such an acquisition might entail an extra cost. The Government, I take it, will bear half of that cost. As the matter has been pending disposal for a long time and as, in the meanwhile, the value of the land is steadily rising, I request the favour of very early orders being passed in this matter and of steps being taken to acquire the land as proposed by me in this letter at as early a date as possible. I am sending herewith a plan showing Survey No.3543 and the plot as originally intended to be acquired. The red lines indicate the extent that will have to be acquired so as to leave no strip of land untaken to the West of the land to be acquired but covering only the extent originally wanted. If no strip of land is to be left untaken the strip just West of the land proposed to be acquired will also to be acquired, the North to South measurement on the Eastern side of this strip being 280 Ft and it is for this that the extra
