To The Secretary to the Government of Madras,
Local & Municipal Department.
Through The Director of Public Instruction,
Madras.

Sir,

Sir,

In enclosing herewith the statement and the
letter received from the Sub-Assistant Inspector of Schools,
Chidambaram, with the endorsement of the Assistant Inspector e
of Schools, South Arcot, regarding the acquisition of sites -
and construction of school buildings for the Municipal Hindu
Elementary School in the East Car Street, I have the honour to
state that the council has in its resolution No. II (4) dated
9-5-18, after mature consideration resolved to apply to ----

Government

Government for sanctioning a sum of Rs. 10,500/- for acquiring 3 sites one for boys school in the East car street and 2 for girls in the Umayal lane and Chinna chetty street and Rs. 15,000/ for constructing 3 buildings in the above mentioned 3 sites.

2. In this connection I would point out that no -- building is available to suit the convenience of a school even -- for a higher rent . If proper school buildings are constructed in the places where they are required to be located as stated by Government in G.O.No.1585.Home, dated 15-12-17, I am sure that a number of pupils will attend the schools as it is at present in the Model Elementary School, North Car Street, of this municipality, ^{where there are} ~~which they~~ are now over 180 students while there were -- only 30 when the school was removed to this building during -- October 1916.

3. I therefore request that the Government may be pleased to sanction a provincial subsidy of Rs. 25,500/- for the acquisition of 3 sites and construction of buildings for 3 ----- elementary schools one for boys and 2 for girls.

4. A copy of the resolution of the council on the subject is also herewith enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

W. S. S. S.

R. C. No. 4450/1918 dated 13th July 1918.

Submitted.

2. The Municipality got last year a subsidy of Rs. 2910 in G. O. No. 332 Home (Education) dated 12th March 1918 for the construction of Elementary School buildings. In view of the claims of other Municipalities, it will not be possible to consider this application in connection with the distribution of the Rs. one lakh provided in the current year's budget for contribution to Local Bodies for the construction of Elementary School Buildings. The application may, however, be considered should funds become available towards the close of the current financial year and provided also that the Municipality adopt the type design for Elementary Schools now under preparation by the Chief Engineer. It may be remarked that the cost of construction of the three buildings in question is not cheap.

To

The Assistant Inspector of schools
South Arcot Dt.

Sir,

with reference to your Rec No. 705/8
24-3-18

I have the honor to state as follows.

A new Elementary school for the East bar Street has recently been sanctioned by the Government but no building is as yet available for rent in the locality. Consequently the school has been started in guise another street in a corner of the town and present strength of the school is 51 with 2 teachers. Another rented house at Kallikuthumadam street has recently been settled and the school would be removed there shortly. Even this rented house could not be said to be satisfactory and is situated in the eastern most corner of the town. It is highly

I have the honour to be,

Sir,

Your most obedient servant,

desirable

desirable to locate the school in the East bar Street. The strength is likely to go up to 100 soon after the location of the school in the rented house but if the school could be located on the East bar street the strength might double and the school would be much more popular. The only way of locating the school in the East bar street is to acquire a site and construct a pucca building, as no rented house is available. There are 2 big schools containing nearly 300 boys in the West bar street and one big school containing about 150 boys in the North bar street. There is no school whatsoever in the East and South bar streets. I therefore recommend that a site at a cost of Rs 3500 might be purchased or acquired in the Southern extremity of the East bar street and a building at a cost of Rs 5000 might be constructed thereon.

I am herewith submitting particulars in the required form.

I have the honor, Sir,

Your most obedient servant

P. H. Pattachisamma Sastri

The large sum of Rs. 25,500
required by the Council cannot
obviously be found from the
current year's allot. for sub-
sidies. It is better that the
Council is made aware of it at once.

Even at the end of the year it is unlikely that we can find the whole of the amount asked for from any savings. We may ask them to choose & apply again towards the close of the year for a grant for only the urgent portion of the proposed. The draft may go to L & M for acceptance.
