to the increased cost of building materials, the estimated cost of a building for an elementary school has come to not less - than Rs. 5000/-.

The following elementary schools in the Municipality have not been provided with buildings, but are located in some *in commodious* buildings. It is not possible to provide for these buildings from municipal funds. I request you to be so good as to move the Government and obtain a grant of the sum required for the construction of buildings for those schools.

Through the Head Quarters Deputy Collector, Nellore.
Sir,

I have the honour to state that there is only one Muhammedan school in this Municipality which is provided with a building purchased for that purpose in Muhammedan quarters in Nellore West. It stands in urgent need of repairs and improvements; but the municipality is unable to meet these requirements from its ordinary resources. On the representation made by a leading Muhammedan Gentleman who was for some time on the Council, the building was carefully inspected and necessary estimates were prepared for carrying out such repairs and improvements. One of them being for Rs. 1800 for improvements and the other for Rs. 900 for repairs. The two estimates were sanctioned by the Council in Resolution No.

Sir,

Resubmitted with reference to Government endorsement No. 1236 A-1 dated 16-5-18 and Memo No. 1433 A-1 dated 8-6-18.

2. The Nellore Municipality got last year a subsidy of Rs. 4,000 in G.O. No. 709 Home (Education) dated 29-5-17 for the acquisition of an extra site and construction of a building for the Municipal Panchama school, Nawabpet. In view of the claims of other Municipalities for subsidy for the construction of ~~of~~ elementary school buildings during the current year, it will be possible to consider only the grant of Rs. 2,700 applied for in the Chairman's letter

3. As regards the Council's other application for subsidy No. 864/Pun of 18 dated 22-4-18 it may be considered in case funds become available towards the close of the current financial year. It may be observed that the cost of construction of the new buildings in question is not cheap.

Please see the Director's remarks on pages 10 and 11 of C.F. It is submitted that it appears ~~desirable~~ ^{reasonable} to wait till the proposals for the actual distribution of the budget provision of one lakh for elementary school buildings are received ~~in order to judge~~ ^{in order to judge} how far the Council's request could be complied with consistently with other claims. water and drainage tax are levied at the maximum rates. The ordinary expenditure of the municipality has been in excess of its ordinary receipts by Rs 3463 on the average for the triennium ending 1917-18. The budget estimate of the municipality for 1918-19 after adjusting the deficit under the water and drainage tax fund class with a balance of only Rs 1390 under general funds. It will be seen from the above that the Council is financially a cripple.

2 The Council had at the end of 1917-18 an unspent balance of Rs 5078 of the grant given for the construction of school buildings. Of this Rs 4000 is intended for the construction of a school for Pancharamas at Nawabpet and the balance apparently will have to be paid to the contractors who built the Hindu and Pancharama schools at Mulapet. It may therefore be taken for all practical purposes that there has been no saving in the grants made. With this information the file may, it is submitted, be returned to Home (Education) -

The case relates to the following grants applied for by the Chairman, Municipal Council, Nellore:-

- (1) grants for the construction of buildings for 8 Elementary schools in the Nellore Municipality at the rate of Rs. 5,000 for each school.

(Letter dated 22-4-18 on pages 1-2-C.F.)

- (2) grant of Rs. 2700 for improvements (Rs. 1800) and for repairs (Rs. 900) to the Muhammadan school buildings, Nellore West.

2. Item (1) in para. 1 above :- The Director of Public Instruction has stated that it will not be possible to find the amount from the current year's budget provision of 1 lakh (page 145 C.B.E.) for subsidies to local bodies for the construction of elementary school buildings, but that the application may be considered, in case funds become available towards the close of the current financial year. Home (Education) propose to inform the Municipal Council accordingly (para. 2 of draft).

Submitted that there seems to be no objection to this proposal, which conveys no promise to allot funds.

3. Item (2) in para. 1 above :- In G.O. 1448 L dated 7-10-15, it was decided that the expenditure on account of repairs to school buildings belonging to local bodies constructed with the help of Provincial grants should be borne by the local bodies. The same principle should, it is submitted, be held applicable to repairs to buildings constructed by local bodies from their own funds.

It is therefore submitted that, strictly speaking, the repair charges (Rs.900) to the existing Muhammadan school building in Nellore (which was purchased by the Municipality evidently from its funds) should be borne by the Municipality.

As, however, L. & M. report that the financial position of the Nellore Municipality is unsatisfactory, it is submitted that there seems to be no objection in this department to accepting the proposal of Home (Edn.) (para. 1 & 2 of the draft) to sanction a total subsidy of Rs.2,700 (made up of Rs.1800 for improvements and Rs.900 for repairs to the Muhammadan school) to the Nellore Municipality.
