In their letter No 705 Edn 8.14-8-17 the Govt of India Commended for the Consideration of this Govt the desirability of encouraging the education of the Children of indigenous Midwives by means of Scholarships. The question was thoroughly gone into by the Govt and they finally came to the Conclusion that no such special provision was likely to have any appreciable effect in encouraging the practice of midwifery. The matter was accordingly dropped. As no action was taken it was not thought necessary to communicate the decision of this Govt to India. Now that India call for a reply to their letter they may be informed of it.
