To The Secretary to the Government of Madras,
Home (Education) Department.

Sir,

In continuation of my letters R.C.No.1066/18 dated 20-2-18 and R.C.No.7908/17 dated 21-4-18 regarding the opening of a Municipal High School, at Prodattur, I have the honour to inform you that I have since heard from the correspondent, National High School, Prodattur, that the Theosophical Education Trust no longer desire to be without recognition for the National High school but are willing to continue to maintain it as a recognised institution. I called for a report as to the exact position of the management of the school from the correspondent and a copy of his reply thereto is herein enclosed

enclosed. I am emphatically of opinion that the recognition of the ^{ional}National High School, Prodattur, should be continued so long as it continues to be managed in the spirit indicated in the correspondent's letter, my reasons being (1) economy and (2) the desirability of encouraging resistance to absorption of schools in the scheme of 'National Education.'

I have the honour to be,

Sir,

Your most obedient servant,

R. A. G. R. V.

For Director of Public Instruction.

Copy of letter from the Correspondent, National High School, Prodattur, No.232 dated 14th June 1918.

"With reference to your Ref. on C.No.1066 of 1918 dated 8th June 1918, I have the honour to state that my school is under the Theosophical Educational Trust and is financed by it. This is the only Institution in this Presidency under the management of the said Trust and it is not transferred to the newly constituted National Board of Education. The Authorities of the Trust propose to continue to manage the Institution as a recognised one with or without teaching grant if the Government continue the recognition of the school.

2. Though the Authorities of the Trust finance the Institution the administration of the school is entrusted to me and to the Local Advisory Committee of which I am the Secretary. Whenever an appointment is made I consult the Local body and take care that no undesirable man is selected. I have no faith in the success of any educational movement independent of Government and it is only on account of my effort that the Trust continues to manage the Institution without transferring it to the National Board.

The school was reopened after the summer holidays on the 10th instant and is now in working order.

As ^{am} anxious that the school for which I have been working hard should grow into one of the best Institutions in the Presidency, I beg to place before you for consideration three suggestions. If you kindly let me know which of them you approve I shall carry it out at once.

My suggestions are:--

(1) to allow the Theosophical/^{Educational}Trust Authorities to continue to manage and finance the Institution as now which they are willing to do.

(2) To allow the Prodattur Municipality to open a Middle school for the present, in which I shall transfer the Primary and Lower Secondary Departments of my school to the Municipality, retaining under the Trust the High School Department alone, namely IV, V and VI forms. The Taluk Board building is in the form of a T, only just sufficient for a Middle school.

--2--

(5) To allow the Municipality to open a Complete^g High School now only. If so done, I shall transfer my school as it is to the Municipality, lending the articles of furniture, Library, Laboratory, etc., for a year so that there may be no inconvenience to begin with, provided that the members of the present staff are all taken into the Municipal service retaining permanently the professionally qualified men in their respective places and keeping on, the ^{un}trained men till they avail themselves of the earliest opportunity to undergo training. The present staff is willing to take up service under the Municipality on any salary fixed or approved of by you. In this connection I beg to point out that when the late Board Secondary school was amalgamated with our Institution, its whole staff was taken into the service of the Trust. So I request a similar thing may be done in the present instance also. I have taken two buildings for the purpose of the school on lease for two years--the one belonging to the Taluk Board for a Rs.10/- per mensem from December 1917, the other belonging to a private gentleman for a monthly rent of Rs.20/-. If my third suggestion is approved of, the school as whole may pass into the hands of the Municipality, which in the course of a year or two may acquire the Taluk Board building and extend it and also furnish its School with furniture, Library, Laboratory."etc.

"With reference to your letter No. 1066/18, dated 25th July 1918, I have the honour to state that M.R.Py.B.S. Subramanya sastri, B.A., L.T., referred to therein is a native of the Coimbatore district and that he first came to this district in the year 1916 as Correspondent and Headmaster of the National High school, Proddatur. He draws a salary of Rs 200 per mensem, and has no property in this district. He is reported to be popular in ^{the town} of Proddatur and since his assumption of charge of the school the number of pupils on its roll has increased. He is said to be keeping aloof from political activities. A copy of the letter of the Tahsildar of Proddatur in this connection is enclosed."

of note to G.O. No. 757

(F)

In the scheme for the opening of additional secondary and middle schools under the management of local bodies, the S.P.S. proposed to open a Municipal high school at Proddatur in place of the National high school at that place under the management of the Theosophical Ed. Trust. Later on, the Director himself suggested the continuance of recognition of the National high school if it was placed under satisfactory management and recommended the omission of the proposal relating to the new municipal school for Proddatur from the scheme. This was accepted by the Govt. - Cf. G.O. No. 757 Edn of 11.6.18.

(F)

2. After further consideration of the question of recognising the National high school, Proddatur, the S.P.S. is emphatically of opinion that its recognition should be continued. He gives also cogent reasons in support of his opinion. In doing so the S.P.S. merely follows the policy enunciated by him and acquiesced in by the Govt. with regard to the J.E.T. schools generally - vide page 10 of G.O. No. 881 Edn of the 4-7-18. In the circumstances the S.P.S. proposal may be agreed to. ~~It is suggested that the proposal be approved.~~
