To
The Home (Educ.) Department with Q: 130

Home (Education) and Local and Municipal Departments.

The Hon'ble Mr. B. Venkatapati Raju.

130 Q.—Will the Government be pleased to state whether they would consider the advisability of extending the system of paying grants by monthly instalments to aided elementary schools instead by annual grants to all districts in the Presidency?

[Meeting of the 13th August 1918]

~~was tried as an experimental measure~~
The system to which the Additional Member refers to is that introduced under G.O.

- (G) No. 611 Sol on the 26. 5. 14, as an experimental measure, in the four districts of Guntur, Bellary, Chingleput and Madura. This system having proved a failure, the D.P.S. (K) was permitted in G.O. No. 703 Sol on 28. 5. 16 to discontinue it. The question of extending it to all districts as desired by the A.S.D. Member does not therefore arise.

2. It is, however, observed that the Govt. have under consideration a revised scheme of the same kind ^{with the arrangement for distributing the grant by instalments} for introduction as an experimental measure in the same four districts. The remarks of the Accountant-General and the Post-Master-General thereon were received and the file was forwarded to the D.P.S. on 26. 7. 18 for further remarks. It came now he said whether the scheme will even be approved by the Govt. and if it will when it will be ready for introduction.

3. As far as the Adol. Member's question is considered, no mention need be made of the new scheme. What he refers to is the old scheme and the following answer appears to suffice:-

"The System of paying grants to aided elementary schools in monthly instalments was tried as an experimental measure in four selected districts and ~~has not proved a success. Its extension to other districts cannot yet be sanctioned.~~"

4. The file may be forwarded to the D.P. for remarks.

I do not think A is right. What was tried was payment from the treasury; & this procedure has not proved a success. The method of payment is yet under consideration. And obviously, unless we hit at a successful method by actual experiment in a few districts it will be not wise to extend the system throughout the Presidency.

To D.P. for remarks & favour of suggesting an answer.
