M A D R A S.

Sir,

In reply to Memorandum No. 2786-3 L., dated 12th August

1918, I have the honour to say that the reason the District
Board made no provision for the work in question was apparent-
ly because it thought the Taluk Board ought to do so, the --
District Board having quite recently relieved the Taluk Board
of a good deal of recurrent expenditure. There seems no

reason

8

reason why the Taluk Board should not provide the money.
In fact half of the expenditure has been provided for in
this year's Taluk Board budget and the remainder can no
doubt be provided next year. No grant from Government is
necessary.

In G. O. No 2462 Rev, dated 3rd November 1916, the Govt sanctioned the use free of charge, of the building in question by the Coimbatore Taluk Board subject to the condition that the Board should keep it in good repair. This condition was accepted by the Taluk Board - vide its resolution on pages 2 and 3 of the above G. O. The Taluk Board however ^{now} applies for a grant of Rs 1150 from Provincial funds to meet the cost of certain improvements to the above building and states that this expenditure cannot be met from its own funds.

The Govt. will apparently have to pay for the improvements for this making of which it is now making a grant.

This seems rather anomalous but the prospect of resumption is very slight & I do not think Rev. would object.

2. Under Go. 1448 & 7.10.15, in the case of school buildings constructed by local bodies with the aid of Provincial grants, it is for the local bodies concerned to keep such buildings in a proper state of repair from their own funds. In the present case, the building was provided by the Govt. free of cost and the Coimbatore taluk board is under an obligation to keep it in proper repair. This liability has moreover been accepted by the Taluk Board - vide pages 2-3 of G.O. 2462 Revenue Dated 3.11.16.

3. It is also submitted that there is no indication in the papers that the Taluk Board is not in a position to meet the cost in the present case. Please see in this connection L+M. note on pp 1-2 and portion A of L+M. Secy's note on page 4 ante. It is therefore submitted for consideration whether it is not necessary to have a more definite assurance
