Sir

In continuation of our memorial dated 19th August 1917 requesting among other things regarding opening of Elementary - Schools for Muhammedan boys and girls in the Nellore District, under the Municipality and local boards, we further beg to submit as follows:-

We requested in the memorial above referred to, the opening of several such schools in each taluk but the Director of Public Instruction in his letter No. 7135 of 1917 sanctioned the establishment of two schools for boys in each taluk and division and one school for girls under each taluk board and two boys' schools and one girls' school in the Nellore Municipality. No steps have however been taken as yet in that direction.

We pray that out of the Imperial recurring grant of Rs. 5,20,000 for education in the Madras Presidency due allotments might be made for the above purpose and that proposals might be expeditiously called for with a view to the speedy opening of the elementary schools throughout the District and the town. The state of education among the muhammadians of this district is - extremely poor and it is hoped that you will pay early and close attention to the question of ameliorating the same. In the event, however, if the Government being unable to meet this requirement out of the above mentioned grant, We pray that sanction may be granted for the opening of these schools from the balance of Rs. 36,000 remaining unspent from the Special Imperial Grant of Rs. 30,000 for Muslim education. (Vide Administration Report of Director of Public Instruction, 3 Vol. I, p7)

We further submit that there are very small number of Muhammedan schools for boys and girls in the other districts of Madras Presidency. We therefore pray that the Government will be kind enough to consider the opening of such schools in the other districts also at the time of ~~revising~~ allotting the Special recurring Grant.

We beg to remain,

Sir

The Secretary to the Government,
Home (Educational) Department,

Sir,

In continuation of our memorial dated 19th August 1917² requesting the opening of Elementary & Secondary Schools for - Muhammedan boys of Nellore, We further beg to submit as follows:-

We requested for a separate Secondary school for the Muhammedan boys in Nellore Town in our original memorial for the reason that mohammedan boys are labouring under very great disability in having to learn two languages both telugu and Urdu whereas Hindu boys learn only Telugu especially in the higher - classes of those schools. Proposals were accordingly called for and submitted in 1914. No orders as yet have been issued. The Government instead, have been pleased to sanction as per G.O.No. 1410 Educational dated 13-12-15 the payment of a recurring grant of Rs.672 from the Imperial recurring grant of Rs. 30,00 sanctioned for muhammedan education for raising to the higher grade the Municipal Elementary Muhammedan school of Nellore.

Now we again approach the Government for the grant of at least an incomplete secondary school for our boys to be opened out of the recurring grant of Rs. 209000 given by the Government for education in the Madras Presidency this year, in payment of which 18 High schools and 48 Middle schools have been ordered to be newly opened, but out of which Rs. 1,17,792 were allotted ~~xxx~~ for the above schools, thus leaving a balance of Rs. 91,208, Vide G.O.No. 757 Home dated 11-6-18. Nellore is a very ~~xxx~~ big town with a large and growing population of muhammedan boys of the school going age. Even throughout the whole Presidency there are very few mohammedan Secondary schools. We therefore request the Government will be pleased to sanction an incomplete Secondary school from the above mentioned grant of Rs. 209.000 for which the memorialists have been praying the Government for the last three years. While there are in this town above 3 Secondary schools of the type where our boys encounter the language - difficulty

difficulty and not less than ~~one~~ (including the ~~one~~ ones newly opened out of the recent Imperial Grant) in the Nellore District, We, the muhammedans have not even one secondary school where we can avoid having to study a multiplicity of languages. The memorialists therefore urge that allotments might be made out of the Imperial General Grant above referred to in order at least to raise our present 1st Grade Elementary school to the status of a Secondary school either complete or incomplete as circumstances may permit.

If the school cannot be sanctioned from the above grant, the cost may be met from the ^{three years} balance of Rs. 36,000 of the Imperial recurring grant of Rs. 30,000 for muhammedan education (please see administration report of the Director of Public Instruction for 1916-17, Vol. 1, page 7.)

We further submit that there are very ~~small~~ ^{Secondary} small number of muhammedan schools for boys and girls in the other districts of Madras Presidency. We therefore pray that the Government will be kind enough to consider the opening of such schools in the other districts also at the time of allotting the special recurring grant.
