The file dealing with the recommendations of the educational conference held in 1916 is in circulation. The Hon'ble Mr. Sir R. recently wrote to the Hon'ble Sir Alexander Barden suggesting that orders should be issued on the recommendation of the conference in regard to free studentships as early as possible. Attention is directed to the notes in the linked file. As stated therein the Fin. Dept. has suggested that the question of financing the various schemes recommended by the conference ~~should~~ might be considered in connection with the preparation of the budget for 1919-20 though preference should ordinarily be given to outlay on elementary education. The following draft answer
