The Hon'ble Sri Sobha Chandra Singh Deo.

103 Q.—Considering the answer to my question No. 79 in the last meeting of the Council, regarding the Engineering school at Vizagapatam, will the Government be pleased to lighten the disadvantages of the Uriyas joining the school away from their homes, as compared with the Telugus, by the creation of a few special scholarships?

[Meeting of the 15th August 1918]

The question of instituting special scholarships for Uruja in the college of Engineering, Madras, was fully considered in G.O. No 50 Home (Est.), dated the 10th Jan^y 1917. The Govt decided that no new scholarships need be created for the purpose, but that some of the existing open scholarships might be reserved for Uruja students. ~~So the following table~~ The number of scholarships reserved in each of the classes is as shown below:-

	No. reserved.	Total No. of scholarships

The school is a new one & should have been started only just now if at all. In the scheme for its establishment no proposals have been made for instituting any scholarships in the school. This may have to be done later on after some experience is gained of its working. When the

general question of scholarships is considered, it will be true enough to consider the question of scholarships for Uruguay. The consideration of the question raised in the question may perhaps be promised in due course.

but Rules of the Com. of Enquiry, have been declared by Gov. applicable to the Uruguayan school but I do not remember how this affects the question of scholarships in the school.

I think that the Hon. member may be told that the matter will receive the consideration of Gov.

If there are to be any scholarships in the school Uruguayan should have preferential claim to some of them.
