From (Name) V. Srinivasachariar Avl., B.A.,

(Designation) Chairman, Municipal Council, Madura

To the Secretary to the Government of Madras,
 Local and Municipal Department.

Sir,

I have the honor to submit the report called for in Government Memorandum No. 2067-1 M., dated 20th April 1918 -- regarding the Mill school maintained by the Municipality.

2. The full establishment sanctioned for this school was not employed as the attendance at the school did not exceed 40.

3. A Head master on Rs 16 and an assistant Master on Rs 14 will be necessary for the school, with reference to the -- attendance during the past three years and in the current year. A watchman on Rs 8 and a sweeper on Rs 2 are also required.

4. The council has recently agreed to take over two -- night schools, one for boys and one for girls, kept in the Mill --

Mill school premises, by the Social Service league, mainly for the benefit of the mill coolies. The League gave up the schools as it was not able to run them owing to want of funds. The cost of maintaining these schools will amount to Rs 420 a year as -- shown below:--

For one school.

	For a month.	For a year.

For two schools.		420

5. The present cost of the day school amounts to Rs 480 for a year as shown in para 3 supra. It is expected that the strength of the school will soon rise, as the result of the new settlements which are now being formed in the locality. An -- additional teacher on Rs 12 will then be necessary. The total cost will then amount to Rs 624. Including contingencies the expenditure may be estimated at Rs 700.

6. The aggregate cost of the night schools and the -- day school will amount to Rs 1120.

7. The council has recently sanctioned the opening of a play ground in the compound of this school after the model of the public play ground in George Town, Madras. The necessary -- equipments are being arranged in consultation with Mr. Noehren, Adviser to Govt, on Physical Education. The maintenance of this play ground and the schools will in the aggregate cost the full --- amount sanctioned by Government.

The Home (Education) Department ^{proposed to} ~~have~~ cut down the annual subsidy payable to the Madras Municipal Council for the maintenance of the Mill School from Rs 1500 to Rs 600 ^{for 1918-1919} in accordance with actual requirements based on the average cost of maintenance during the past three years. But the annual establishment charges for the school as provided in the budget for 1918-1919 amount to Rs 1400. ^{in addition to this} There are the ~~Contingent~~ Contingent charges etc which may be taken at Rs 96, i.e. the full subsidy of Rs 1500 sanctioned in Co. 159 Edl dated 19.2.13 is likely to be required. Apparently the provision in the budget referred to by LTM is based on the establishment sanctioned for the school in the first instance, while the ^{annual} expenditure represents the cost of the establishment which was actually employed with reference to the strength of the school. It is therefore submitted that the LTM Dept may be requested to ascertain ^{from the B.C.B. Home (Education) Dept.

The average cost of maintenance of the ex-
 isting mill school is Rs. 600 per annum and esti-
 mated expenditure on the two schools proposed to
 be taken over is Rs. 420. Total Rs. 1,020 per
annum. The amount of subsidy now paid is Rs. 1,500
 per annum. The Council states that the balance
 Rs. 480 will be required for the employment ^{later on} of an
 additional teacher on Rs. 12 per mensem in the mill
 school and for the maintenance of the ^{model} play-ground
 to be opened within the school. In considering
 the question whether the ^{present} ~~present~~ subsidy of
 Rs. 1,500 should be retained or reduced it does not
 appear desirable to take into account prospective
 developments. It is submitted that the ~~subsidy~~
 subsidy of Rs. 1,500 may at once be reduced to
 Rs. 1,000. ^{or 1020.} If additional subsidy is required later
 on, the Council may be left to come to Govt.

Please see the chairman's letter on pp 7 and 8 of wherefrom it will be observed that the municipality proposes to spend the whole of the Provincial Subsidy ^{ca Rs 1500} mainly for the benefit of the children of the Hill-hands. In these circumstances the D.P.I. Considers that there is no need to reduce the subsidy as proposed. The Home (Edu) Dept, however, demur to this view and suggest that, barring prospective developments in regard to playground etc, the subsidy may be reduced to Rs 1000 or Rs 1200, the municipal Council being left to come up to exort later on if any additional subsidy is required. For orders whether the Home (Edu) Dept's view should be accepted. If so it would seem preferable to fix the amount at Rs 1120 which is the estimated expenditure during the current year on the

The estimate of Rs.1120/- includes also the cost of an additional teacher on Rs.12/- to be employed hereafter in the mill school when the strength of the school rises. It is not proposed to take into consideration, at present, increased expenditure that may be incurred in future. Submitted that, as already noted, the subsidy may be reduced to Rs.1,020/-. No. 1235, dated 14-9-1918.

The papers read above relate to the utilization of the annual subsidy of Rs.1,500 sanctioned to the Municipal Council of Madura in G.O. No.159 Edl., dated the 19th February 1913. From the Chairman's letters Nos.R.O.C.250 of 1917 dated the 1st March ~~1918~~ and 19th July 1918, it appears that the Council is now maintaining one day school and two night schools for employees in the mills and that the estimated annual expenditure of the three schools is Rs.1,020 as shown below:-

Average annual cost of the Day school based on past expenditure. -----	Rs 600
Cost of two night schools Rs.210 each. -----	420
Total Rs.	1020

2. The Government direct that the

subsidy of Rs.1,500 sanctioned in the G.O. quoted above be reduced to Rs.1020 with effect from the current official year. The Accountant-General is requested to make the necessary adjustment in the subsidy payable to the Municipal Council.

3. The Municipal Council is informed that prospective developments cannot be taken into account in fixing the subsidy now payable towards the maintenance of the schools.
