ABSTRACT.—Applying for a grant of Rs. 210 for the opening of a night school in Tinnevely municipality.

II

Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.

To—the Secretary to Government, Home (Education) Department.

Dated—Madras, the 19th August 1918.

No.—R.C. 1110.

With reference to G.O. No. 739, Home (Education), dated 8th June 1918, I have the honour to submit proposals for the utilization of the allotment of Rs. 11,000 provided in the current year's budget under 22. EDUCATION for opening night schools.

1. As the original allotment was only Rs. 5,000, proposals were called for from the larger municipalities only; and the chairmen were requested to keep the following considerations in view in framing their proposals :—

- (a) that there should be a full-time teacher on Rs. 11 per mensem;
- (b) that the capitation allowance should be estimated at approximately Rs. 25 and contingencies, etc., at Rs. 50; and
- (c) that the night school should be held in the premises of a day school, thus obviating the necessity for any expenditure on rent, furniture and equipment.

From the annexure to this letter it will be observed that 25 municipal councils in 17 districts have proposed to open 33 night schools on the whole. The Municipal Council, Cocanada, proposes to open 4 schools, Conjeeveram 3, Guntūr, Salem and Palgat 2 each. In these cases where more than one school is proposed, the places mentioned are in the order of preference or urgency. In no case is any expenditure proposed on account of rent or furniture, as the schools are to be held in day school buildings, except the one at Kothagudem, Ellore, which is to be located in the temple hall in the neighbourhood. Two teachers are proposed for the school in the Madura municipality and for the Sangatigunta school in Guntūr. Their pay may be fixed at Rs. 12 and Rs. 11 per mensem, respectively.

The amounts under contingencies vary, but I have not considered it necessary or desirable to fix a uniform standard in this respect. The Chairman, Municipal Council, Madura, asked for a watchman on Rs. 4 per mensem and the Chairmen of Negapatnam and Vellore Councils for a peon for each of their schools. I am not satisfied of the need for incurring these charges at any rate at the present stage, and have accordingly not included these in my proposals. The initial cost of Rs. 50 and Rs. 25 of books and slates proposed by the Chairmen, Madura and Bellary, respectively, may be

allowed. The total annual cost of these 33 schools amounts to Rs. 7,311, that for the remaining six months in the current year being Rs. 3,293. If Government approve of my proposals, I beg to request that the Accountant-General may be authorized to place the amounts mentioned in column (10) of the annexure against each of the 25 municipalities at their disposal for utilization during the current official year.

2. As the original budget allotment for opening night schools has since been raised to Rs. 11,000, I propose to address some of the remaining municipalities on the subject and shall submit my further proposals in due course.

Order—No. 1254, HOME (Education), dated 20th September 1913.

The Government sanction the distribution of a total subsidy of Rs. 2,906 among the municipal councils detailed in the annexure to these proceedings so as to enable them to open the thirty-three night schools specified therein.

2. The Accountant-General is requested to place the amounts mentioned in column (10) of the annexure at the disposal of the municipal councils concerned at an early date.

3. The expenditure will be met from the provision of Rs. 11,000 made for the opening of night schools under 22. EDUCATION in the Civil Budget Estimate for the current year.

4. The Director of Public Instruction is requested to submit at an early date proposals for the utilization of the balance of the provision made in the budget.

HOME (EDUCATION) DEPARTMENT.

From the Chairman, Municipal Council, Tinnevely, dated 13th February 1918, No. 23.

Lie over pending receipt of general proposals for opening night schools.

S.A.—30-3-18.

N.K.—3-4-18.

C. RAMANUJA ACHARIYAR—4-4-18.

L. D. SWAMIKANNU—5-4-18.

From the Director of Public Instruction, dated 19th August 1918, No. 1110.

An allotment of Rs. 11,000 has been provided in the current year's civil budget estimate for the opening of night schools. The Director now submits proposals* for opening such schools in certain municipalities at an annual cost of Rs. 7,311. The expenditure for the current year is estimated at Rs. 3,293. The Director promises to submit further proposals for the utilization of the balance, on receipt of replies from certain municipalities.

2. The Director does not say why the proposals have been confined to municipalities alone. Apparently there is wider scope and more necessity for the schools in municipalities where there is a large population of the working class, than in rural areas and the Director's object is apparently to see how these schools work before extending the scheme to rural tracts. The proposals may therefore, it is submitted, be accepted generally. The only point which requires consideration is the proposal to pay the teachers in night schools at the same rates (Rs. 11 for a single teacher and Rs. 12 and Rs. 11 for two teachers) as in day schools. In submitting similar proposals for opening night schools in rural tracts (which were, however, finally disallowed) in 1915, the Director suggested that the pay of the teachers should be fixed at Rs. 10 each—paragraph 3, page 1 of notes to G.O. No. 1353, Educational, dated 8th December 1915. The Director was then requested u.o. to note on the following points:—

"Is there any real prospect of getting whole-time teachers for night school work? If not, is it not better to recognize the fact and to pay existing teachers more on the understanding that they take the classes? In this case it would not be necessary to pay so much"—paragraph (b) of the Hon'ble Mr. Todhunter's note, dated 29th October 1915, on page 3 of Notes to G.O. No. 1353, Educational, dated 8th December 1915.

The Director then replied as follows :—

"I don't suppose the men we should get as 'whole-time' night school teachers would remain idle during the day; but there would be more chances of their coming with some freshness to their work than if they had been engaged in teaching all day. Again, however, we might try the experiment of using board school teachers in the case of the eighteen schools above" mentioned"—paragraph (b) of the Director of Public Instruction's

* In places where there were already Board day schools.

u.o. note on page 4 of notes to G.O. No. 1353, Educational, dated 8th December 1915. This point was not pursued further as the scheme for opening night schools was then dropped.

3. In the present case all the night schools (except one) are to be conducted in existing day schools and there is a chance of the services of day teachers being utilized for night schools also. But such an arrangement will not tend to the efficient working of the school or to the success of the experiment now being initiated. It is submitted that the proposal to employ full-time teachers in night schools may be approved. The file may be sent u.o. to Financial for acceptance of the proposals.

S.A.—26-8-18.

N.K.—28-8-18.

It seems desirable, before approving of the proposals, to ascertain definitely from the Director of Public Instruction whether the experiment of trying day school teachers for the night schools originally contemplated is now impossible of execution and trial, and whether he has changed his views finally on the point.

C. RAMANUJA ACHARIYAR—31-8-18.

The point raised by the Registrar may be taken as obvious. Theoretically we cannot expect good work from jaded men and the Director of Public Instruction recommends full-time men. The expenditure is moderate.

I am for sanctioning the Director of Public Instruction's proposals.

R. RAMACHANDRA RAO—3-9-18.

LOCAL AND MUNICIPAL DEPARTMENT.

Submitted that this Department may accept the proposals of the Director of Public Instruction and pass the file on to Financial u.o.

M.V.S.—5-9-18.

V. T. KRISHNAMA ACHARIYAR—5-9-18.

FINANCIAL DEPARTMENT.

At the instance of the Financial Committee of January 1918, a provision of Rs. 5,000 was made in the budget for 1918-19 for the opening of night schools. This provision was subsequently raised to Rs. 11,000 with reference to a resolution moved at the meeting of the Legislative Council on 13th March 1918.

2. The Director of Public Instruction has now submitted proposals for opening thirty-three night schools by twenty-five municipal councils in seventeen districts involving a total recurring expenditure of Rs. 7,311 per annum as shown below. The Director of Public Instruction promises to submit later on further proposals for the utilization of the budget allotment of Rs. 11,000.

	Cost per annum.
	Rs.
(a) Salary of teachers (387 x 12)	4,644
(b) Annual contingencies	1,792
(c) Annual capitation allowances	875
Total	7,311

3. Item (a) in paragraph 2 above—Salary of teachers.—The Director of Public Instruction proposes—

(1) that there should be full-time teachers on Rs. 11 per mensem;

(2) that, when two teachers are to be employed in a school (the Director of Public Instruction has proposed two teachers for the school in the Madura municipality and for the Sangadigunta school in the Guntūr municipality), the pay of the teachers should be Rs. 12 and Rs. 11 per mensem, respectively.

Item (1) above.—Please see Home Department notes ante. It is respectfully

I think the inquiry may be made.
J.M.H.—12-9-18.

See note below.
L.D.—13-9-18.

Item (2) above.—If the employment of full-time teachers is agreed to, the scale of pay (Rs. 12 and Rs. 11) may, it is submitted, be accepted.

4. Item (b) in paragraph 2 above—Annual contingencies.—The Director of Public Instruction has proposed varying rates (Rs. 48 for one school, Rs. 50 for nineteen schools, Rs. 53 for three schools, Rs. 60 for seven schools, Rs. 65 for one school, and Rs. 75 for two schools). The Director has remarked that "the amounts under contingencies vary, but I have not considered it necessary or desirable to fix a uniform standard in this respect."

J.M.H.—12-9-18.
L.D.—13-9-18.

Submitted that the varying rates proposed by the Director of Public Instruction may be accepted.

5. Item (c) in paragraph 2 ante—Capitation allowances.—This is fixed at (1) Rs. 25 per annum for each school and (2) Rs. 50 per annum for each of the schools at Kollampatnai school (Madura) and Sangadigunta (Guntūr) where it is proposed to employ two teachers.

(It is not however proposed to disburse the capitation allowances during the current year.)

6. Initial cost for books and slates.—The Director of Public Instruction proposes that non-recurring grants of Rs. 50 for the Kollampatnai school (Madura) and Rs. 25 for the Bellary municipal school should be given for the purchase of books and slates. It is not clear whether it is the intention to sanction similar non-recurring grants to other night schools later on.

7. Expenditure in 1918-19.—The Director of Public Instruction estimates the expenditure in the current year at Rs. 3,293 as shown under and requests that the grant may be placed at the disposal of the municipalities concerned :—

	Cost per annum.
	Rs.
(1) Salary for six months (387 x 6)	2,322
(2) Contingencies (for six months)	896
(3) Non-recurring grant for books and slates	75
Total	3,293

The Director's letter is dated 19th August 1918 and he apparently contemplated that the schools would be opened from 1st September 1918. As the schools will be started only in October next, it seems sufficient to disburse grants representing five months' charges so far as item (1) is concerned. With these remarks the file A may be returned to Home (Education) Department.

K.R.N.—10-9-18.

V.G.K.—10-9-18.

J. M. HOOPER—12-9-18.

I do not think we need demur to full-time pay, as this will make it possible to insist that the incumbents do not tire themselves out with other work.

L. DAVIDSON—13-9-18.

ABSTRACT—Applying for a grant of Rs. 210 for the opening of a night school in Tinnevely municipality.

II
Letter—from the Hon'ble Mr. J. H. STONE, M.A., F.R.H.S., C.I.E., Director of Public Instruction.
To—the Secretary to Government, Home (Education) Department.
Dated—Madras, the 19th August 1918.
No.—R.O. 1110.

With reference to G.O. No. 739, Home (Education), dated 8th June 1918, I have the honour to submit proposals for the utilization of the allotment of Rs. 11,000 provided in the current year's budget under 22. Education for opening night schools.

1. As the original allotment was only Rs. 5,000, proposals were called for from the larger municipalities only; and the chairmen were requested to keep the following considerations in view in framing their proposals :—

(a) that there should be a full-time teacher on Rs. 11 per mensem;
 (b) that the capitation allowance should be estimated at approximately Rs. 25 and contingencies, etc., at Rs. 50; and

(c) that the night school should be held in the premises of a day school, thus obviating the necessity for any expenditure on rent, furniture and equipment. From the annexure to this letter it will be observed that 25 municipal councils in 17 districts have proposed to open 33 night schools on the whole. The Municipal Council, Cocanada, proposes to open 4 schools, Conjeeveram 3, Guntūr, Salem and Palghat 2 each. In these cases where more than one school is proposed, the places mentioned are in the order of preference or urgency. In no case is any expenditure proposed on account of rent or furniture, as the schools are to be held in day school buildings, except the one at Kothagudem, Ellore, which is to be located in the temple hall in the neighbourhood. Two teachers are proposed for the school in the Madura municipality and for the Sangadigunta school in Guntūr. Their pay may be fixed at Rs. 12 and Rs. 11 per mensem, respectively.

The amounts under contingencies vary, but I have not considered it necessary or desirable to fix a uniform standard in this respect. The Chairman, Municipal Council, Madura, asked for a watchman on Rs. 4 per mensem and the Chairmen of Negapatnam and Vellore Councils for a peon for each of their schools. I am not satisfied of the need for incurring these charges at any rate at the present stage, and have accordingly not included these in my proposals. The initial cost of Rs. 50 and Rs. 25 of books and slates proposed by the Chairmen, Madura and Bellary, respectively, may be allowed. The total annual cost of these 32 schools amounts to Rs. 7,311 (that for the remaining six months in the current year being Rs. 3,293). If Government approve of my proposals, I beg to request that the Accountant-General may be authorized to place the amounts mentioned in column (10) of the annexure against each of the 25 municipalities at their disposal for utilization during the current official year.

2. As the original budget allotment for opening night schools has since been raised to Rs. 11,000, I propose to address some of the remaining municipalities on the subject and shall submit my further proposals in due course.

2 No. 1254, Home (Education), 20th September 1918
Order—No. 1254, Home (Education), dated 20th September 1918.

The Government sanction the distribution of a total subsidy of Rs. 2,906 among the municipal councils detailed in the annexure to these proceedings so as to enable them to open the thirty-three night schools specified therein.

2. The Accountant-General is requested to place the amounts mentioned in column (10) of the annexure at the disposal of the municipal councils concerned at an early date.

3. The expenditure will be met from the provision of Rs. 11,000 made for the opening of night schools under 22. Education in the Civil Budget Estimate for the current year.

4. The Director of Public Instruction is requested to submit at an early date proposals for the utilization of the balance of the provision made in the budget.

NOTES TO G.O. No. 1254, HOME (EDUCATION), 20TH SEPTEMBER 1918 3
3. Item (a) in paragraph 2 above—Salary of teachers.—The Director of Public Instruction proposes—

(1) that there should be full-time teachers on Rs. 11 per mensem;
(2) that, when two teachers are to be employed in a school (the Director of Public Instruction has proposed two teachers for the school in the Madura municipality and for the Sangadigunta school in the Guntur municipality), the pay of the teachers should be Rs. 12 and Rs. 11 per mensem, respectively.

Item (1) above.—Please see Home Department notes ante. It is respectfully submitted for orders whether the Director of Public Instruction may not be asked to state definitely whether, instead of employing full-time teachers, the services of day school teachers may not be utilized.

I think the inquiry may be made.
J.M.H.—12-9-18.

See page 7.
L.D.—13-9-18.

Item (2) above.—If the employment of full-time teachers is agreed to, the scale of pay (Rs. 12 and Rs. 11) may, it is submitted, be accepted.

L.D.—13-9-18.

4. Item (b) in paragraph 2 above—Annual contingencies.—The Director of Public Instruction has proposed varying rates (Rs. 48 for one school, Rs. 50 for nineteen schools, Rs. 53 for three schools, Rs. 60 for seven schools, Rs. 65 for one school, and Rs. 75 for two schools). The Director has remarked that "the amounts under contingencies vary, but I have not considered it necessary or desirable to fix a uniform standard in this respect."

J.M.H.—12-9-18.
L.D.—13-9-18.

Submitted that the varying rates proposed by the Director of Public Instruction may be accepted.

5. Item (c) in paragraph 2 ante—Capitation allowances.—This is fixed at (1) Rs. 25 per annum for each school and (2) Rs. 50 per annum for each of the schools at Kollampatral school (Madura) and Sangadigunta (Guntur) where it is proposed to employ two teachers.

(It is not however proposed to disburse the capitation allowances during the current year).

6. Initial cost for books and slates.—The Director of Public Instruction proposes that non-recurring grants of Rs. 50 for the Kollampatral school (Madura) and Rs. 25 for the Bellary municipal school should be given for the purchase of books and slates. It is not clear whether it is the intention to sanction similar non-recurring grants to other night schools later on.

7. Expenditure in 1918-19.—The Director of Public Instruction estimates the expenditure in the current year at Rs. 3,293 as shown under and requests that the grant may be placed at the disposal of the municipalities concerned:—

	Cost per annum.
(1) Salary for six months (387 x 6)	Rs. 2,322
(2) Contingencies (for six months)	896
(3) Non-recurring grant for books and slates	75
Total	3,293

The Director's letter is dated 19th August 1918 and he apparently contemplated that the schools would be opened from 1st September 1918. As the schools will be started only in October next, it seems sufficient to disburse grants representing five months' charges so far as item (1) is concerned. With these remarks the file may be returned to Home (Education) Department.

K.R.N.—10-9-18.
V.G.K.—10-9-18.

J. M. HOOPER—12-9-18.

I do not think we need demur to full-time pay, as this will make it possible to insist that the incumbents do not tire themselves out with other work.

L. DAVIDSON—13-9-18.

HOME (EDUCATION) DEPARTMENT.

The suggestion of Financial at A above may be adopted.

2. A draft order is submitted for approval.

HOME (EDUCATION) DEPARTMENT.

From the Chairman, Municipal Council, Tinnevely, dated 13th February 1918, No. 23.
Lie over pending receipt of general proposals for opening night schools.

S.A.—30-3-18.

N.K.—3-4-18.

C. RAMANUJA ACHARIYAR—4-4-18.

L. D. SWAMIKANNU—5-4-18.

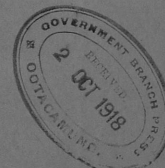

From the Director of Public Instruction, dated 19th August 1918, No. 1110.

An allotment of Rs. 11,000 has been provided in the current year's civil budget

* Includes also provision for Tinnevely ~~referred~~ estimate for the opening of night schools.
~~to in the current file.~~ The Director now submits proposals * for opening such schools in certain municipalities at an annual cost of Rs. 7,311. The expenditure for the current year is estimated at Rs. 3,293. The Director promises to submit further proposals for the utilization of the balance, on receipt of replies from certain municipalities.

2. The Director does not say why the proposals have been confined to municipalities alone. Apparently, there is wider scope and more necessity for the schools in municipalities where there is a large population of the working class, than in rural areas and the Director's object is apparently to see how these schools work before extending the scheme to rural tracts. The proposals may therefore, it is submitted, be accepted generally. The only point which requires consideration is the proposal to pay the teachers in night schools at the same rates (Rs. 11 for a single teacher and Rs. 12 and Rs. 11 for two teachers) as in day schools. In submitting similar proposals for opening night schools in rural tracts (which were, however, finally disallowed) in 1915, the Director suggested that the pay of the teachers should be fixed at Rs. 10 each—paragraph 3, page 1 of notes to G.O. No. 1353, Educational, dated 8th December 1915. The Director was then requested u.o. to note on the following points:—

"Is there any real prospect of getting whole-time teachers for night school work? If not, is it not better to recognize the fact and to pay existing teachers more on the understanding that they take the classes? In this case it would not be necessary to pay so much"—paragraph (b) of the Hon'ble Mr. Todhunter's note, dated 29th October 1915, on page 3 of Notes to G.O. No. 1353, Educational, dated 8th December 1915.

INSTRUCTIONS FOR THE SECRETARIAT.

(a) If a paper is marked to be printed urgently, the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(b) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item has been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(b) For rules regarding printing of notes, see rule 315 of the office Manual.

(c) The number of copies and the details of distribution should be filled in by the Superintendent or Reference concerned.

(d) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for one week, and larger papers for two weeks only. The type of notes and of all confidential papers is distributed immediately after striking.

(e) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(a) If, in the opinion of the Superintendent of the Press, a paper has been marked urgent unnecessarily, he should send the Press slip to the Registrar with a remark to that effect.

(b) Unless a note to the contrary is made against the matter, pencil entries should not be made. The Superintendent of the Press may bring to the notice of the Registrar any instance of incomplete or careless editing.

(c) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(d) This slip should be returned by the Press to the Secretariat when proofs are furnished; it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(e) The names of the Secretary and Members should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.
