MADRAS.

Sir,

With reference to para 2 of your Memo. No. 1348-C, dated 25-2-1918, I have the honour to submit herewith an application for permanent exemption from the Lower Subordinate Test, on behalf of A. Ramamurty, at present a Surveyor in the Godavari Northern Division, for favour of obtaining the sanction of Government. The history of his service will be found in this petition bearing my endorsement No. 141-W, dated 10-2-1918. In this connection, I would invite your attention to this office No. 118-W, dated 18-9-1917, in which I reported about the work and experience of this subordinate.

It would appear from the papers submitted that A. Remannurthi is capable of discharging the duties of an Executive such - as - nurse. The S. E. is requested to report whether he considers the man to be capable of doing also the duties of a draughtsman in a drawing office and if so, whether he has served in that capacity & for what periods.

To The CHIEF ENGINEER,

PUBLIC WORKS DEPARTMENT,

Sir,

M. A. R. A. S.

With reference to your Memo. No. 2293 M. 18-1, dated 1-8-1918, I have the honour to forward herewith a petition from A. Ramamurty bearing endorsement No. 880-S, dated 17-8-1918 by the Executive Engineer, Godavari Northern Division.

2. A. Ramamurty does not appear to have ever worked as a Draftsman, as he had no opportunity to do so. The Executive Engineer, Godavari Northern Division, however, states that he has shown himself to be a capable draftsman. Having known him and his work for a long time, I

Application from A. Ramamurthy acting Sub Overseer to the Chief Engineer P.W.D. Madras dated 4-2-18.

Forwarded through Superintending Engineer, I Circle for favour of favourable consideration. The applicant is, I consider far more efficient than a great many passed Sub Overseers and is a most hard working subordinate. Very many Temporary Upper subordinates are not nearly so useful a man as the applicant.

2. This is to certify that A. Ramamurthy was employed on this Project (Nagavalli) for several months in preparing land acquisition statements aligning channels, marking sidewidths, surveying and levelling. He has always been well reported on by his Sub Divisional officers and his work was found to be neat and accurate. I always found him hardworking and painstaking. He is quite fit for a Sub Overseer's post and I hope he will succeed in being made permanent as a Sub Overseer in the P.W.D.

3. The applicant is very hardworking, intelligent and trust worthy. He is good better than passed men and I confidentially recommend him for his confirmation.

L.H.GREG.

EXECUTIVE ENGINEER
GANJAM DIVISION.

Submitted to the Executive Engineer Ganjam Division for very favourable consideration. The Sub Overseer knows his work very well and has considerable experience. The testimonials speak for themselves. During the last 1 1/2 years there were so many as five Sub Overseers for Surada as passed men do not like to stop there it would be in the interest of this Department to confirm unpassed men of real worth such as the applicant, so that they may be kept

almost permanently in places like Surada.

No. 463-S. dated 17-8-10

Forwarded to the Superintending Engineer for very favourable
consideration. The applicant has been a Surveyor again this year on
the K.M.J. canal investigation work and has done his work accurately
in spite of innumerable difficulties. All the plans of the Tulya-
bhaga and Coringa rivers and their outfalls shown to the Chief
Engineer for Irrigation were taken by this Surveyor. He works hard
and understands what is required with a few instructions and can
be relied on to work without being constantly watched.

Sd/ M.R. Kharegat,
EXECUTIVE ENGINEER
GODAVARI EASTERN DIVISION.

Forwarded to the Executive Engineer Godavari Conservancy
Division. The applicant has been Conservancy Inspector in this
Division for the past 9 months. On account of his not having
passed the Sub Overseer's test and the Government having refused
to grant any exemptions for the posts his services have got to be
dispensed with, but I can thoroughly recommend him for the post
he is applying for, and I may add I am sorry to have to part with
him as it is by no means certain that a passed Sub Overseer even
though he may have greater theoretical knowledge will necessarily
be a more useful man.

Sd/ C.L. Bushell,

EXECUTIVE ENGINEER
GODAVARI NORTHERN DIVISION.

Forwarded to the Superintending Engineer for favourable
consideration. The applicant is a useful energetic and reliable
subordinate. I had a good opinion of him when in the T.R.S. Division
Anantapur and he has been lately engaged as a Surveyor in connection
with the preparation of block plans in this Division but his
services have to be dispensed with owing to lands being under
cultivation.

employed in the drawing section of the Godavari Northern D.C. office for the preparation of plans & estimates of some road work. His ~~former~~ Executive Engineer (Mr F. M. Wainwright) states that "the surveyor besides being a very 'useful' surveyor has shown himself 'to be a capable draftsman'. Mr Khargat thereupon remarks that "having known him and his work for 'a long time, I have no hesitation in 'agreeing with the Executive Engineer that "Ramanamti is capable of a draftsman's 'work also"

- 3/ The principle that has been followed since February 1917 is to refuse permanent exemptions from the Lower Subordinate's test to men who have passed ~~set~~ technical examinations because
- (1) ~~that~~ Such exemptions would be prejudicial to the prospects of poorer Subts of the college of Engg. & as securing appointments.
 - (2) ~~that~~ men recruited to the Lower Subts. establt. of the P.W.D. should be capable of discharging ~~to do~~ both out door duties as an Executive Sub-overser and indoor duties as a draftsman in a drawing office.

4. As special cases, permanent exemption from the L.S. Test have been granted to two men, one ~~as~~ an acting Suboverseer in the III cycle and the other a permanent tracer in the II cycle - please see ~~Q. 995~~ the marginally noted papers. The main points of difference between these two cases & the present one is that in the former two cases the men had passed a larger number of technical tests than the man now in question & were qualified for the 'posts of mined Engineers Suboverseers. They had also served ^{actually} as Draftsmen & as Accentine Suboverseers and had shown their fitness for the dual duties. ~~At the~~ ~~Q. 995~~. It is for consideration whether in the circumstances of the present cases the man's permanent exemption may be recommended. If so, the case may be forwarded to Home (P.D.) ~~with~~ ^{with} ~~the~~ recommendation. In the apply at p. 3 of the ~~Q. 995~~ The S.E. recommends the man's permanent exemption for appointment as a ~~Low~~ ^{Low} Subordinate on Rs 30/- ~~only~~. Presumably Apparently the S.E. means Rs 30 to start with & does not ~~mean~~ to

I have no hesitation in asking for a
permanent exemption for this man,
not for his sake, but on behalf of
Government. He is the only kind of
