Department.

Sir,

I have the honour to submit the enclosed plans (bearing Nos. 24E/1, 24E/2, and 24E/3) with estimates amounting to Rs. 4275 for certain extensions to the building occupied by St. Joseph's European Boys' school, Vepery, Madras and to recommend that under article 57 of the Code of Regulations for European schools, a grant not exceeding two-thirds of the total cost may be sanctioned payable when funds are available. The school is a poor school and the Inspector

D.P.I.No.24-E/1,
24-E/2, 24-E/3.

The Director of Public Instruction submits 3 Drawings and detailed estimates amounting to Rs.4,275 for a grant-in-aid towards the cost of extending the buildings occupied by the St. Joseph European Boys' School, Vepery, Madras. II. The drawings and estimates have been examined in the Chief Engineer's office, and are returned for revision with the following remarks:-

(1) According to D.P.I.Nos.24-E/1 and 24-E/2 the extension is on one side of the existing building, whereas provision is made in the estimate for extensions on both sides. It is not understood which of these is correct. The drawing should clearly show the proposed work in some distinguishing colour.

(2) It is considered that the proposed extensions should be separated from the class rooms of the existing school by brick walls in which case the existing walls may be allowed to remain, suitable door ways or openings being provided.

(3) Provision is made in the estimate for constructing the walls in mud except sides of doors and windows and tops of walls which are proposed to be constructed in lime mortar. It is recommended that as the roof is a terraced one, lime mortar may be used throughout for walls, the difference in cost between mud and lime mortar being very little.

(4) The two girders placed side by side over the dining room are not provided for in the estimate. These girders will be unnecessary if the end walls remain (see para.2).

(5) As steel girders are now very costly and difficult

be had, it is recommended that wooden beams of suitable size may be provided to support the roof.

(6) With these remarks the plans and estimate are returned for revision.

Sir,

With reference to Government Memorandum No. 1052-B-2
Home (Education) dated 15th June 1918 regarding extensions
to the building occupied by St. Joseph's European Boys'
School, Vepery, Madras, I have the honour to submit the
plans and estimates received from the Correspondent with a
copy of his letter No. 184 dated 2nd August 1918.

Letter No.184 dated 2nd August 1918 of
the Correspondent, St. Joseph's Boys' School, Vepery, Madras,
to the Inspector of European and Training Schools, Madras.

I have the honour to return the plans and
estimates for the extension of St. Joseph's Boys' School.

1. The Drawing clearly shows the proposed extension
east and west.
2. The existing walls remain to form two separate
class rooms.
3. The walls are built with lime mortar.
4. The girders are replaced by wooden beams and
some alterations have been made in the rates.

I trust you will kindly recommend an early
sanction to enable me to complete the buildings before the
Monsoon.

PUBLIC WORKS DEPARTMENT.

E. W. NOTE.

In accordance with the Chief Engi-
neer's Note No. 232-D dated 13-6-1918 the
