16/7/18

D.P.I.

In the first place have nothing to do with the Medical College and School.

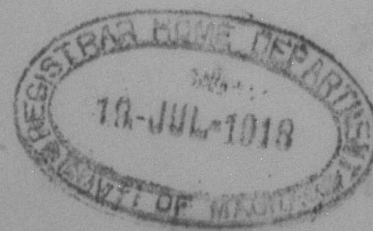

It is extremely doubtful whether the Anti-Corruption Commission will be able to furnish the information.

The question will have to be how many qualified applicants there were in the case of anti-corruption. The information would be highly valuable because many students apply to more than one college. They also commonly apply to an anti-corruption as well as to the College of Engineering.

If the hon. member wants anything definite it is to know how many qualified persons have been admitted to anti-corruption and professional colleges. I do not see how this information is to be obtained.

I would prefer to believe that the hon. member is in a position to furnish reliable statistics.

17. 18.

Home (Edn) Report

clause (a) of the question.

(1) As regards the Medical College and Schools the ^(Res.) At 10. Sep 11 has called for information from the S.G.

(2) + (3). In regard to the Engineering College + School and Arts Colleges, the D.P.S. has suggested that the reply may be that the "Govt regret they are not in a position to furnish reliable statistics". It is for consideration whether this answer will be sufficient.

As there are several Arts Colleges and as candidates apply to more than one institution at the same time for admission figures relating to these colleges may not be of much use. But ~~also~~ in regard to the Engineering College and School it may be desirable to obtain the information desired by the Adm. Member as ~~has~~ is being done in regard to medical institutions.

clause (b) of the question.

(17ed!) ^{no} Dep't ^{any}
in the draft answer to ^{ann}
question. 10

8th clause (2)
20/7/18.

Submitted that we may adopt the
D.P.I.'s suggestion in regard to the
Engineering College also, for the D.P.I.
says that students apply both to the
Engineering & Arts College at the same
time and the figures as in other
cases cannot be accurate.

For orders whether we adopt a
somewhat similar answer in regard
to the medical institutions, about which
no figures are available with foot.

~~Disapproved~~ $\frac{20.7.18}{Le}$

The A.H.M. asks for information as
to the number of applications and the
number of admissions in each of
the institutions named by him. Definite
information is possible on these two
figures. But, as pointed out by the
D.P.I., the bare numerical information
would be misleading

1° because the same candidate

2^o because several of the app-
are not qualified for admission.
Hence the DP I suggests the answer
to clause (a) A on page 4. ✓

For orders as to whether this answer
may be accepted.

2. The answer to clause (b) is
on page 5 Supra.

for a medical school. It cannot at present be said when it will be started. In lieu of this medical school, classes for 3rd and 4th year students have been opened at Madura and special stipends tenable at the Vizagapatam Medical School have been sanctioned for Telugu and Canarese students belonging to the Ceded districts."

2. The draft answer above may be submitted to H.M (medical).

26.7.08

26/7/08

H.M (Medical)

There will - I think - be no difficulty about furnishing the information ^{asked for} in Clause (a)(i) of the question & the S.G. has in the linked file been asked to supply it. I do not see any reason for refusing to supply the figures, & therefore I prefer not to accept the draft answer to clause (a), so far as subclause (i) is concerned at present.

Nor I quite see why the D.P.I. can't supply fig relating to the College of Engineering. His d applies, it seems to me, with force only to the Colleges. However I am not concerned with Sub-clauses (ii) & (iii) of Clause (a).
